## BICYCLE EXPERT SHOWS BEST WAY TO RIDE SAFELY

"America's foremost exponent of bicycling," John Rodda, is busily engaged in clearing up the details for his "sociability run" on Saturday. Aided by local bicycle dealers, who invited him here to show the correct way to ride a bicycle and to get the most healthful results, he is bending every effort to stage in this city the best run of the year.

There were no end to the "aha's" and "oh's" which greeted Rodda in Salem as he whirled about the city on his bicycle. That the success of the "sociability" is an assured fact is evidenced by the interest and enthusiasm already being displayed.

Motorcycle officers will be on hand to assist Rodda, it is said, and will flank him on the ride to Willamette athletic field. The cyclists of '25 are going to show the boys and girls of today that they can straddle a wheel as well as they did in years gone by according to the reports received thus far. The kids everywhere have a fascination for Rodda.

The local bicycle dealers are the people responsible for the revival of cycling for health and pleasure in Salem and it is through their efforts that the parade for Saturday has been brought about.

Field Agent of Cycle Trades. Mr. Rodda, who will act as the pacemaker, is a field agent for the Cycle Trades of America and has come here at the request of the local merchants for the sole purpose of demonstrating the correct and incorrect way of riding bicycles. Safety first demonstrations while riding a bicycle are given by Mr. Rodda and this alone meets with the approval of press and public.

The parade scheduled for Saturday will, no doubt, bring out some finely decorated bicycle as well as a great number of girl riders.

Rodda will give a brief but instructive talk on "The Bicycle and How to Ride It" at the termination of the ride. An outstanding feature of his talk will be directed to the Boy Scouts. Scouts are required to ride 50 miles in 10 hours in order to be awarded with a cycling merit badge, but Rodda will point out to them how to ride 100 miles in six hours. When bicycles were thick on the road years ago, it was not unusual for a rider to finish a century run in six hours.

The parade will start from Waverley, between Court and State streets. All bicycle riders are invited to participate. There is no charge for anything. Souvenirs will be given to all riders.

Tennis Match Scaled. The Salem high school tennis team will meet the Oregon Agricultural college rooks at Corvallis tomorrow afternoon. Competition

is keen this year and tryouts for the team resulted in Francis Lutz and Ivan White being selected to represent the red and black. The locals have a hard schedule this year and they are planning on meeting some of the best high school teams in the valley.
