

SALEM DEFEATS NEWBERG 12 TO 8 IN RAGGED GAME

The Salem high school baseball team won a decision over the Newberg nine at Newberg yesterday afternoon when they defeated them by a score of 12 to 8. Ellis started the game for the locals but by the seventh inning had let in seven runs to tie the score.

Salem made five runs in the first inning on four walks and three hits. In the second frame they scored two more on an error and two hits. In the fifth inning the Newberg high scored and tied the score at 7-all. In their half of the fifth the locals scored five runs on five hits, three of them doubles. In the sixth they got another tally.

Fabry went into the box for the red and black nine in the seventh after Ellis went wild. There were only nine men to face the stellar hurler for the locals. The first seven of them were sent back to the bench via the strikeout route. This keeps the Salem slate clean so far. The locals are meeting the Indians on Oxford park in a return game this afternoon. A win for the Indians will not count against the locals.

Senators Play Panemakers.

Tomorrow afternoon the Salem Senators will play their first game away from home when they meet the Panemakers at Oregon City in the third game of the Interstate league season.

The Panemakers have a strong lineup and they will more than likely give the Senators a hard run for their money. Joe Bittles is pitching for the Oregon City team and is making a good showing so far this season. Bittles hurled around Salem for several years and is well known. He will more than likely start the game against the Senators. It is not known who Edwards will start although he probably will give the assignment to Wayne Barham, who has pitched the other two games the local team has played. The game will start at 2:30 p. m. on the West Linn grounds. The West Linn grounds are about two blocks from the west end of the bridge.

Parrish Tossers Win.

The Parrish Junior high school baseball nine defeated the St. Paul nine on the Oxford park diamond yesterday afternoon by a 9 to 0 score. The local team scored six runs in the first inning. The St. Paul hurler had lots of stuff on the ball but was a little wild and walked several of the Parrish men. The Parrish team is looking for more games. Anyone wanting a game may call Wayne Blaco at the Parrish school.

CLUB ORGANIZED AT SCOTT'S MILLS

Sixty-eight residents of Scotts Mills organized themselves into a community club at that city Thursday night. The organization is the first of its kind at Scotts Mills, and promises to take an active and progressive part in community affairs. Officers were elected as follows:

President, J. O. Dixon; vice-president, W. A. Sauerbrink; treasurer, H. S. Dixon; secretary, W. F. Green.

The meeting was held in the I. O. O. F. hall and was called to order by J. O. Dixon, who is cashier of the Scotts Mills State Bank. Organization followed a dinner served by women of the community. Nearly 150 persons were present at the dinner. A song, "Scotts Mills is Good Enough for Me," was a feature of the occasion. A number of other songs were sung.

The Scotts Mills Community club will be officially enrolled in the Marion county community federation when it holds its meeting at Aurora next Tuesday.

ROSEBURG IS EATING LOCAL STRAWBERRIES

Roseburg, Or., May 2.—Home grown strawberries are selling here today at 30 cents per box and indications are that there will be an abundance of berries on the market within the next few days. Sunshine and warmth, experienced during the past few days, have brought the berries on rapidly and local stores have carried a few boxes of Umpqua valley berries during the last week. Today, however, berries were being peddled from house to house and growers predict that by the middle or latter part of next week, there will be plenty of berries to supply the local trade as well as for shipment.

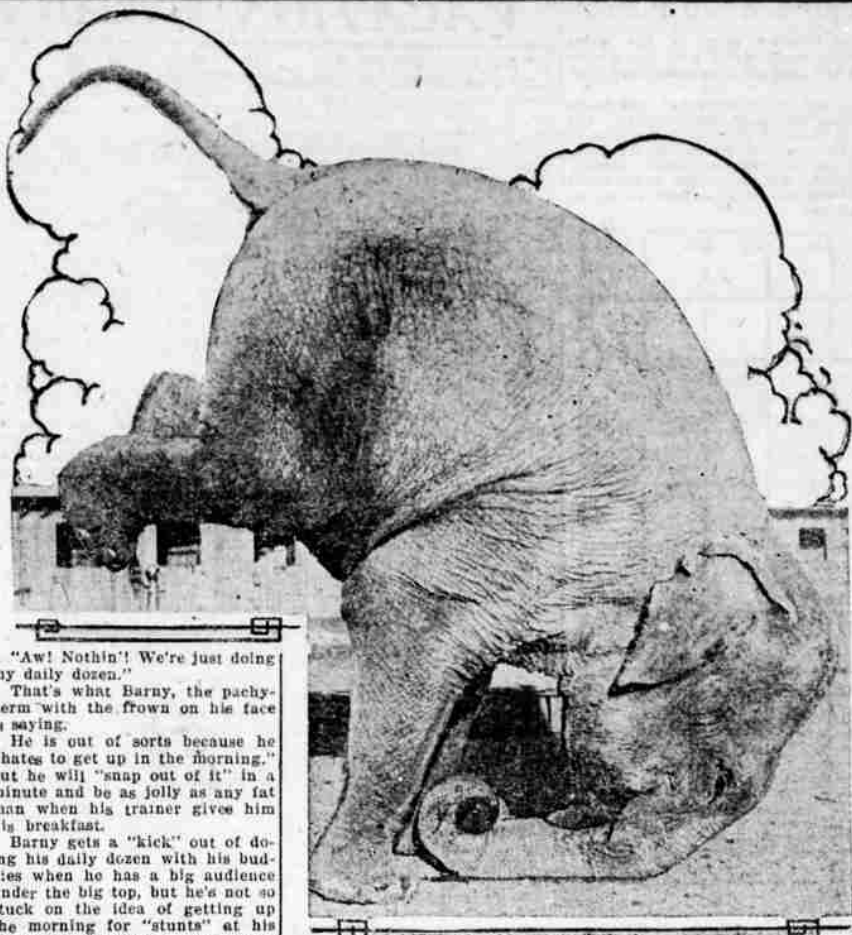

PIONEERS MEET TOMORROW

Portland, Or., May 2.—Pioneers and sons and daughters of pioneers and others interested in the early history of Oregon will celebrate Founders day, the 82nd anniversary of the first civil government organized west of the Rocky mountains, at an old fashioned picnic tomorrow at Champ.

Land Office Closed.

La Grande, Or., May 2.—The local federal land office, pioneer office of eastern Oregon, after being continuously in service since 1865, was closed at the close of business yesterday afternoon as a result of a recent order from Secretary of the Interior Work. The office at Burns, Or., was closed simultaneously.

Barney Does His "Daily Dozen"

"Aw! Nothin'! We're just doing my daily dozen."

That's what Barney, the pachyderm with the frown on his face is saying.

He is out of sorts because he "hates to get up in the morning," but he will "snap out of it" in a minute and be as jolly as any fat man when his trainer gives him his breakfast.

Barney gets a "kick" out of doing his daily dozen with his buddies when he has a big audience under the big top, but he's not so stuck on the idea of getting up the morning for "stunts" at the Al G. Barnes zoo in Culver City, California.

VETERAN SCOTT MAY LOSE BERTH

New York, May 2.—A new menace today threatens the short record of the veteran Yankee shortstop, Everett Scott.

Victory over sickness, injury and transportation ills of eleven years in the major leagues, Scott, who has established a mark of playing in more than 1200 consecutive games may be compelled soon to give the father time.

With the New York team steadily slipping—they dropped another one yesterday to the tall cinder Boston Red Sox, 7 to 5—word emanates from the Yankee camp that Manager Huggins is seriously considering the replacement of Scott by Young Wynn, when the Yankees return to New York tomorrow to open a series with the Athletics.

Yankee followers point to the fact that Scott's work this year has evidenced unmistakable signs of slowing up in the field; his hitting has never been strong. Now 25 years old, Scott is beginning to show the effects of his long career at a period when the New York team can ill afford it.

PHOTOS PROVE SOLAR THEORY

Middletown, Conn., May 2.—Plates exposed here January 24 during the period of shadow bands in connection with the total eclipse of the sun have been developed, it has been announced at the Wesleyan university, and prove beyond any doubt, it was said, that the shadow bands were caused by irregularities in the density of the atmosphere.

This is the theory that has been held for years, it was said, but this is the first time it has been proved by actual photographs.

The plates were forwarded to Dr. A. E. Douglass, director of the Stewart observatory, Tucson, Ariz., who designed the camera in which the pictures were exposed. The camera was used here by Dr. H. T. Cotton, head of the astronomical department at Harvard university.

Dr. Douglas, in a letter just received at Wesleyan says that the same effect witnessed during the period of shadow bands can be seen from distant electric lights or on stars viewed with a powerful telescope.

OREGON CITY INSTALLS NEW CITY MANAGER

Oregon City, Or., May 2.—J. L. Franzen, city manager, officially took over the reins of city government today.

C. W. Kelly, in addition to dispensing the duties of municipal judge and city recorder, has acted in the capacity of city manager for the past year.

PACIFIST WILL LECTURE HERE

Dr. Leyton Richards, international famous pacifist, who was dismissed from the pastorate of his English church in 1914 because of his stand against warfare, will speak at Waller hall, Willamette university, tonight.

He is making a general tour of the United States and has spoken before students of the universities of Chicago, Michigan, Wisconsin and a large number of other colleges. He has spoken in Portland this week. He recently spoke in Harry Emerson Fosdick's church, the First Presbyterian church of New York city.

Dr. Richards is president of the English branch of Fellowship of Reconciliation, a world wide peace organization. His tour of America is sponsored by the national council for the prevention of war. He is a member of the Rotary club.

At the present time he is minister of Carr Lane church of Birmingham, England. The church is one of the largest branches of the Church of England. It was another branch of the same church from which he was dismissed because of his bitter opposition to the World war.

STOCKHOLM, SWEDEN—Recent reports, emanating from well-informed circles, to the effect that the Bethlehem Steel corporation was negotiating with the Trafik Aktiebolaget Oxelösund-Grangeberg, largest of the Swedish iron producing companies, for the entire output of its mines, have caused comment here.

PEERLES HILBERT
Special

MEDAL WINNERS of 1925
Season's Latest Song and Dance Revue.

MEDAL WINNERS TOP BILL AT BLIGH

Topping the bill at the Bligh theater this Sunday are the Medal Winners, with the dashing dance demons, Roy and Warren Scott, who feature comedy, character and artistic dances, and Miss Laura Polette, a singer of blues, with George Vaughn, the piano wizard, coming in for his share of the honors. Alice Frederick and Lucille Wayne are also a big addition in the offering. The act is a novel in that it shows the girls to great advantage, while the wardrobe and scenery and the clever patter make it a snappy and picturesque number.

Cortell and O'Dowd, in "Comedy and Songs," are a clever team on the current bill. They take the English language and mix it up so thoroughly that there is nothing left of it but fun. One member of the team is a character comedian, impersonating an Italian, the other doing straight. The offering has song numbers thrown in for good measure.

A bewitching attractive girl, possessing four distinct voices, is Margie Carson. Miss Carson is considered one of the most beautiful women on the vaudeville stage. She comes to vaudeville from musical comedy and will offer several hits to the vaudeville fan.

Johnson and Crane offer a skit called "The Great Ali." They bring with them something new for the Bligh fans and promise to do nothing but entertain while they are on the stage.

Peerless Hilbert offers something different in aerial work. He opens the show by himself.

ROD AND GUN CLUB SEEKING GROUND

The Salem Rod and Gun club was chosen as the name for the new Salem organization of sportsmen at a meeting of the club in the Salem chamber of commerce rooms last night.

Efforts will be made to secure a shooting ground for the club, a committee being appointed for that purpose that night. Until new grounds can be secured, however, the club will continue to use the grounds of J. C. Herren. A practice shoot is to be staged there tomorrow morning, and all shooters interested have been invited to be present.

The next regular meeting of the club is slated for May 11 at the chamber of commerce rooms.

Early comprehensive training with the masters of England, Scotland, Belgium, France and Germany, the Shearers are able to bring into their work the traditions of great composers and spontaneously characteristic of their own personalities.

The program is built to present all periods and countries.

OREGON CONCERT SUNDAY EVENING

The concert to be given by James H. Shearer, celebrated Scottish organist, and his wife at the First Methodist church Sunday night will be the second organ and vocal concert to be presented by the couple in Salem. The first was presented two years ago.

The program is built as to be entertaining and educational. It is stated, The Shearers furnish something different in the way of explanatory talks before each organ and voice number. With an

VIRGINIA COLLEGE TO HAVE MEXICAN BRANCH

Williamsburg, Va.—When the College of William and Mary opens a summer school at the University of Mexico, in June of this year, the second oldest institution of learning in the United States will make an effort to promote better understanding and friendship between the two nations by studying the civilization of Mexico.

London, Eng.—William Ballantyne, who was a stowaway on the K-34 when she flew to America in July, 1919, has at last been successful in obtaining his "wings," or in other words his pilot's certificate. After his escape on the dirigible, Ballantyne was sent back to Howden in Yorkshire, where he remained until the airframe closed down and was then transferred to Egypt. Here he studied for the Royal air force pilot's certificate. He passed his tests and is now pilot-sergeant in one of the air mail planes between Cairo and Baghdad, a desert journey of 700 miles each way.
