

SPECIAL GRAND JURY CALLED IN OIL LEASE CASES

Washington, May 5.—With the summoning of a panel for the selection of a special grand jury here, Atlee Pomeroy and Owen J. Roberts, special government counsel in the oil cases, were expected to arrive to prepare for later appearance before the jury in reopening alleged criminal phases of the leasing of the naval oil reserves.

The government counsel already have appealed from the decision of the district court a month ago dismissing the criminal indictments returned last June against Albert B. Fall, former interior secretary, and Harry F. Sinclair, Edward L. Doheny and his son, Edward L. Doheny Jr., oil operators. Apparently new grand jury proceedings have been decided on as another recourse in the matter.

The indictments were dismissed because of the presence in the grand jury room of an assistant to the attorney general. It was said the same list of witnesses would be called in the new proceedings as appeared in that which resulted in the indictments. Additional evidence was presented by the government counsel before a special grand jury here last month, but it adjourned without taking action.

BURNED BODY OF GIRL IDENTIFIED

Gary, Ind., May 5.—The mystery surrounding the death of a young woman, whose partly burned body was found a week ago in the Indiana dunes near Chesterton appeared to be disintegrating today with the positive identification of the torso by a girl friend. Florence Kish Boto said the body was that of Mrs. Josephine Desidero, 21, of Gary. This corroborated the recognition made by Mrs. Desidero's mother, Mrs. Boto said she had been with Mrs. Desidero the day before the murder. Mrs. Boto was arrested yesterday at South Bend and was said by police to have been preparing to flee to Detroit.

One of the strongest points in her identification, according to police, was her pointing out a bit of cloth found near the mutilated body as part of a petticoat she lent Mrs. Desidero.

Mrs. Artie L. Hoessler of Michigan City, however, was as equally positive as others have been in identifying the body last night as that of her daughter, Mrs. Mary Berg, 22.

Sciatic Neuritis

The sciatic nerve, situated at the back of the hip joint is frequently the subject of Neuritis, giving rise to the painful disease Sciatica. The symptoms are intense pain which shoots down the thigh to the foot, often aggravated by walking, and with painful points along the course of the nerve, very tender to the touch.

The disease is a very obstinate one and does not readily respond to ordinary treatment. It takes more than the usual pain sedative even to alleviate the pain.

The quickest, safest and surest way to get rid of the persistent nerve racking pains of Neuritis is to get a bottle of Allenbur Special Formula No. 2, which comes in capsule form. Take them as directed and notice how about 24 hours they have completely banished, if not entirely banished, all pain and soreness. Continue until the Neuritis has entirely disappeared and you are able to work and rest without effort once again. J. C. Perry Drug Store, keeps this Special Formula No. 2 in stock all the time and sells lots of it. Mail orders received.—Adv.

AUTO DEATHS IN 1924 AVERAGE 52 PER DAY, REPORT

New York, May 5.—Automobiles caused 19,000 deaths and injuries to 450,000 persons in the United States in 1924, statistics made public by the national bureau of casualty and surety underwriters reveal. This represents a daily average of 52 dead and 5650 injured.

Notwithstanding the death total, the largest ever reported, the bureau found signs of encouragement in a pronounced fall in the rate of increase of accidents. The increase in the number of deaths in 1923 over figures for 1922 was 20 per cent, while the increase in 1924 over the preceding year was only 4 per cent. This reduction in the rate of increase was attributed to organized campaigns to reduce accidents.

Grade crossing accidents took a toll of 1888 deaths, a decrease of 71 from the 1923 total. Since 1908 the death rate due to motor car accidents has increased steadily until today automobiles cause more deaths than all other vehicles, including trains and street cars combined.

Frocks that take the printed path

With Low Prices as Their Guide

\$16.75 to \$39.75

It seems that fashion has favored Oregon women in that it has faithfully interpreted the spirit of our wonderful climate in the printed modes. Balmy days of sunshine!

Gloriously printed frocks! It's a hilarious season and we are in readiness to meet the demand for the wanted styles. Whether it is sport stripes or floral scroll, or coin spot patterns you'll find them here in this collection in such fabrics as broadcloth tubs, crepe de chine and radiums—some are made of 54-inch silks in toned down shades while others are conspicuously vivid. Simply made with perhaps a flare or tunic to break the straight line effect

THE RED DIVING GIRL!

From the Atlantic to the Pacific the "Red Diving Girl" heralds the message of the world's finest swimming suit. Where ever one finds swimming popular—Jantzen's will be in predominating evidence. Jantzen's are perfect fitting, non-rip crotch, the reinforced shoulder strap, the elasticity of the rib stitch are permanent features that make the Jantzen the nation's favorite swimming suit. Watch our windows for more news.

Millerettes by Millie

I have been wanting to share with you some of the interesting things about the conduct of this business.
—Through the courtesy of the management, little interesting details will be told from time to time in this column devoted to "MILLERETTES."
—I was surprised to learn that twenty eight departments here functioned with clock-like precision, each having its buyer manager, salespersons, stock requirements, quota of sales and etc., to perfect a section of the entire machine.
—It is interesting to note, too, that all department managers have access to sales and stock records which are so necessary to the successful conduct of a thriving business.
—Such details as these eliminate the guess work and give the required knowledge of man zing economically.
—In my next column of Millerettes I'll endeavor to tell you more about "The Store of Good Store Keepers."

Tennis!

A good game depends much upon how one is accoutered. Our middies, skirts, tennis shoes and stockings will improve ones game wonderfully!

Golf! at Illihee

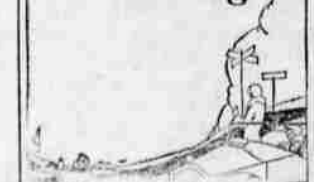

Golf coats and sweaters strike a dominant note here. We've especially prepared for a big season by enlarging our stocks. The elastic waist band sweaters and golf shirts are here—very reasonably priced.

The Beach!

Oregon beaches are opening now for the early summer season—and now is the time to select clothes for beach wear, fishing trips, etc. Jantzen and Bradley bathing suits here in the latest style versions.

Motoring!

What fun is there in motoring in Oregon's wonderful sunshine without being properly togged? A bright sweater, a smart motor outfit—all these and more too, here to make your trip most joyous.

Hiking!

Below the snow line! The thrills of mountain climbing at this season is measured by the comfort one derives from their hiking costume. Our mountain boots, Sox, Khaki outfits will add greatly to the comfort of hiking.
