

### OAHU DEFENSES DEFECTIVE SAY NAVAL EXPERTS

Honolulu, May 5.—(By Associated Press)—The importance of Pearl Harbor as the core of the island of Oahu defenses and the base of the United States defenses in the Pacific was emphasized yesterday by naval officers who toured the base with a party of newspapermen.

The immediate improvement needed at Pearl Harbor, the naval officers point out, is the dredging of the channel to a depth of 43 feet to permit the entrance of the mightiest United States dreadnaughts under any weather conditions. Deepening of the channel to 45 feet would also provide a port of refuge for crippled battleships with increased draft. The anchorage at the harbor would be increased by the dredging of some shoals and would accommodate the entire American armada in case of war.

Another need to which the naval officers referred was that of aircraft having a large cruising range than machines now here possess. In this connection it was pointed out that aircraft defending the island of Oahu in the recent sham battle against attacking sea forces, was unable to sight the attacking fleet soon enough to prevent the successful landing of a force of marines at Haleiwa, due to the restricted cruising radius of the air forces.

Possibility of danger to Pearl Harbor in event of war was seen when the naval officers began discussing the real fishing privileges now held in many cases by companies of aliens ineligible to citizenship.

The fishing rights were granted to large estates by the monarchy years ago and the estate in turn leased the rights to companies. It was pointed out that sampans owned by such companies have free range of waters even inside Pearl Harbor proper, permitting them to gain invaluable knowledge of the harbor defenses.

The sole solution of this problem, it was said, by the officers, would be the condemnation of all private fishing rights by the government.

### MADISON SQUARE GARDEN TO CLOSE DOORS LAST TIME

New York, May 5.—Madison Square Garden, scene of notable sporting events for more than three decades will house its last through tonight.

Immediately after a 12 round fight between Johnny Dundee, veteran of more than 3000 rounds of fighting and Sid Terry, youthful lightweight aspirant for New York's East Side, the giant claws of a wrecking crew will begin to rip down the old amphitheatre. Among the relics that will pass with the raising of the garden on Wednesday, will be John Sullivan, a night caretaker, who for 23 years has seen the champions come and

go. Sullivan, who said he had not missed a single night's work since he entered upon his long assignment, asserted that of all the thrilling struggles he had ever seen that between Peter Maher and Gus Ruhlin topped the list.

### Cracked Toes Sore, Tender Feet

Irritating acid perspiration from the foot pores produces and aggravates cracked toes, itching between toes, rawness and tender, aching, swollen feet. The moment you apply "Phillips Milk of Magnesia," all this soreness, itching and tiredness disappears. Just put it on, it dries instantly. Nothing else stops foot odors, relieves foot soreness and foot weariness so promptly as this harmless antacid. Insist upon genuine "Phillips Milk of Magnesia." All druggists sell 25-cent bottles.—Adv.

mother, Mrs. Minnie Harding, who was ill. Mrs. Harding is slowly recovering.

The Kensington club will meet on Thursday at the home of Mrs. Herbert H. Hauser.

Mr. and Mrs. F. F. Townsend entertained a group of young people at a house party at their summer home at Newport over the week end.

Club members in the group were Mrs. Harry Hawkins, Mrs. Fritz Slade, Mrs. T. A. Roberts, Mrs. Curtis Cross, Mrs. Princes Byrd, Mrs. Evelyn Kay, Mrs. R. M. Hofer, Mrs. Keith Powell, Mrs. Dan J. Fry, Jr., and the hostesses, Mrs. Rahn and Mrs. Spears.

Next Monday Mrs. Curtis Cross and Mrs. Fritz Slade will entertain the club in the Cross home.

Miss Sarah Lansing and Miss Stella Storgard entertained at a delightful dancing party in Alkire's hall on Saturday evening.

Butterflies and spring blossoms made a charming background for the dancers. In the group were Miss Anne Storgard, Miss Betty Hummel, Miss Marie Briggs, Miss Valerie Briggs, Miss Lucille Pettigrove, Miss Gertrude Barclay, Miss Nell Thelen, Miss Louise Pearson, Miss Esther Hanson, Miss Frances Plov, Miss Mollie Schwabauer, Miss Hattie Brown, Miss Nancy Savage, Miss Ruth Moore, Miss Stella Storgard, Miss Sarah Lansing, Jack Lucker, Frank Lynch, Roy Gard, Russell Bonesteels, Miller Chapman, Kent Walker, Fred Mangle, W. Brydevick, Tom Wood, Norman Purbrick, Bert Ford, Harold Larson, Jack Currie, J. Clark, Charles Coffee and Rollie Hendricks.

A joint, all day meeting of the central ladies aid and the women's foreign missionary society of the Jason Lee church will be held in the church parlors tomorrow.

row. A pot luck lunch will be served at noon. The day will be devoted to sewing on hospital supplies. At three o'clock Mrs. Poindexter, a former missionary to South America, will give a short talk on her experiences in the missionary field.

The Kensington club will meet on Thursday at the home of Mrs. Herbert H. Hauser.

Mr. and Mrs. F. F. Townsend entertained a group of young people at a house party at their summer home at Newport over the week end. In the group were Miss Gladys Powell, Miss Susie Kuntler, Miss Bessie Harvey and Miss Elizabeth, Miss Ellen June and Miss Elva May Shank, Wilbur Miller, Roca Powell, Charles Peterson and Floyd and Roy Wilson.

Mrs. W. I. Staley entertained informally at four tables of bridge in her home this afternoon.

Miss Edna Garfield recently received a letter from Miss Mina L. Harding, formerly a teacher of public speaking at Willamette university who is now studying in Boston, in which she tells of interesting contacts with the leading literary luminaries of New England. Miss Harding has been attending a number of interesting literary affairs and has formed personal acquaintance

### GIESE POWERS

When the Giese-Powers store opened in Salem we started a system whereby we were able to give credit to our patrons without the usual charge of interest. This was not being featured, at that time, by any other furniture store in Salem. This we were able to do because of our extensive business in Portland and other cities. We handle our own contracts, our own finances and everything concerning our own business. You do not pay a cent more when using our credit service than you do at a cash store—we have but one price and you can pay cash or not which ever suits you best.

### GIESE POWERS

### SUMMER TIME

The Most Enjoyable of All Seasons

But one cannot enjoy the many pleasures this season offers unless one's family is protected against contaminated foods which oftentimes means ptomaine poisoning.

### THE HERRICK

The Choice of the Discriminating

Will keep your foods fresh and firm. The constant circulation of dry cool air prevents spoiling or contracting of foreign odors. Stop into the store and see the Herrick protecting steaks, cheese, onions, crackers, candy, matches, garlic, sliced oranges, etc., each article is free from any odor except its own proving complete circulation and the matches are dry—the crackers crisp, showing without a doubt that the air circulated in the Herrick is absolutely dry (this prevents rot).

### Ride on GENUINE LOW AIR PRESSURE

IF YOU can cut down the air pressure in your balloon tires it will add just that much more to their cushioning effect. Maybe you can't do this safely with your present make of balloon tires. But you can with the new U.S. "Royal low-pressure Balloons— Because— These tires have the new U.S. "Low-Pressure Tread." This tread gives a much greater area of road contact than a round tread. It distributes the load evenly over the tread surface and reduces the weight on the individual tread blocks. This does away with early, uneven and disfiguring tread wear. U.S. Royal Balloon gives long service even at lower air pressures than have been recommended in the past. For in addition to this new Low-Pressure tread they are built of Latex-Treated Web Cord. The only cord construction in which the cords are webbed together with pure rubber latex. This gives maximum strength and maximum flexibility. Don't compromise on balloon tire pressures any longer. Ride on genuine low pressure. It will surprise you to know what a difference it makes.
