SAVE OUR PAVED HIGHWAYS

Every effort is being put forth by the Fer Hire Truck and Bus Companies to get enough names on their referendum petitions to defeat the law requiring them to help pay for the tremendous destruction that these big Trucks and Busses are doing every day to our roads.

Don't sign these petitions no matter what kind of a plea or argument is made to you by the circulators. By signing them you only help the Truck and Bus Companies to escape paying a just and reasonable license for the use of the roads which is exactly what these Companies don't want to pay.

The circulators of these petitions are telling the people to sign the petitions but that they don't have to vote for the referendum. Don't be misled by this sophistry, the damage is done when you sign the petition for the reason that if the circulators can get enough names on the petitions they can hold up the operation of the bill for nearly two years and in the meantime the trucks and busses can go on tearing the roads to pieces and continue to contribute only a very small portion of the money that is necessary to repair the damage they do.

Don't sign these petitions and tell your neighbors not to do so.
