

# WHEAT ADVANCES 7 CENTS OVER NIGHT

## BIG REDUCTION IN ESTIMATED CARRY OVER SEEN

Chicago, May 14—An unusually sharp advance in the price of wheat today accompanied indications of export business of liberal amount. Wheat for May delivery rose to \$1.48 in the final hours of trading, an over-night gain of seven cents a bushel.

Traders gave much attention to an estimate from the United States department of agriculture that the world carry-over of wheat on July 1 would be 125,000,000 bushels compared with 283,000,000 bushels a year before. The carry over mentioned is said to be the smallest on record.

Before the day was ended May delivery of wheat brought \$1.48 1/2 a bushel, an extreme rise of 10 1/2 cents compared with yesterday's latest dealings.

## COUNTRY MEATS DRAG ON MARKET EGGS TAKE DROP

Portland, May 14—Country dressed meats and poultry are dragging in the local market today. Meat arrivals were only moderate but commission houses report the butcher trade loaded up. More than 2000 city market hogs are on the street during the last two days.

Choice light calves are dragging at 14 to 14 1/2 cents. There is no sale for ordinary grades.

Choice light hogs are in better shape due to the firmer tone at the yards. Today best hogs are bringing a 16 cent top. Ordinary grades going around 15 1/2 cents.

In the poultry market, broilers are showing weakness. Light leghorn broilers will not bring over 22 cents. Heavy broilers such as "rocks" and "reds" would bring around 24 or 27 cents but there are few coming in.

Hens are barely steady. Light hens sell at 22 to 24 cents with heavy hens at 24 cents. An occasional sale of heavy is made as high as 25 cents. Shipments are light and any great increase in arrivals would break the market.

The local butter market is steady and unchanged.

A half cent decline in current receipts to 28 cents is the only change in the egg market.

The strawberry market is lower today with more locals coming in. Prices down to 14 a crate for the best. California berries are slow to sell with the trade favoring the local berries.

## BUYS HONEY CROP MILLS CITY REGION

Mills City, May 14—W. H. Mead of Salem was a recent visitor in the city, and while here, contracted for the entire honey crop of Dan Carey, who expects to harvest in the neighborhood of twenty tons of honey this year. The conditions prevailing in the mountains are better now than for a number of years past for the gathering of honey by the bees, and Mr. Carey will have a larger number of colonies of bees this year than ever before.

## BOARD OF TRADE TO CLEAN HOUSE AS JARDINE ASKS

Chicago, May 14—(By Associated Press)—The Chicago board of trade will start at once to meet the "constructive suggestions" of Secretary of Agriculture Jardine made yesterday in Washington, Frank L. Carey, president of the board of trade said today.

Immediate steps will be taken, Mr. Carey said in a statement to bring the secretary's recommendations to the attention of the exchange members.

The wide fluctuations in grain prices which caused Secretary Jardine some time ago to obtain an investigation of operations of grain operators had confronted the board with a situation, entirely new in peace times, Mr. Carey said. He also disclosed that representatives of the board had conferred with the secretary last Monday.

"Long ago," he said, "the exchange made impossible the old abuses that developed into what are known as corners. For many years there have been no situations of that character for the exchange itself promulgated rules that prevented them.

In the past six months there developed a situation that was wholly new to the exchange. Never before had the exchange been called upon to meet such wide price fluctuations in peace times.

"America had a bountiful wheat crop," he said, "and other countries, with the possible exception of Australia, suffered shortages. A buying power that was world wide was thus upon the exchange and this buying continued unabated for many weeks and to a limited extent is still present. Under the stress of such unprecedented circumstances the exchange functioned remarkably well. If abuses crept in they were strikingly few when viewed from the great volume of business transacted. Nevertheless it is the genuine desire of the exchange to correct any abuse that may be found just as it has done in the past.

"The views of Secretary Jardine will be brought to the attention of our members, who have for several weeks been studying the general problem of price fluctuations."

## UNIFORM WOOL GRADES SOUGHT

Washington, May 14—An effort is being made by the department of agriculture to place the wool industry on a standardized basis through extension of standard grades for raw wool and development of methods of determining the grade of wool in yarns. A large volume of wool sold in the United States, the department's wool specialists declare, is now graded according to the department's standards and preliminary investigation has demonstrated the possibility of determining the grade of wool in tops and yarns.

"The office standards so far established," they said, "are based on diameter of fiber. Other factors such as length of staple and shrinkage must be studied and if possible standards for them worked out. The support and approval of all branches of the industry will be sought in taking these phases of the standardization work."

## ANNUAL JERSEY JUBILEE PLANS ARE COMPLETED

Plans for the annual Oregon Jersey jubilee, which will cover a period of more than a week were completed here yesterday.

The jubilee will open at Seapooon Monday, followed by a sale at the L. G. Smith ranch Tuesday. The Smith ranch is located within a few miles of Seapooon.

Wednesday the members of the caravan will continue the jubilee on the Clackamas county fair grounds near Canby. Approximately 2500 persons are expected to be in attendance and dinner will be served by Tacoma grange.

Thursday's program will be at the state fair grounds near Salem, while on Friday a program will be held at Independence. Saturday the caravan will stop at Bryn Mawr, near Albany.

On the following Tuesday members of the caravan will conduct a program at the J. C. Brown & Son ranch, near Sheed, Linn county. Wednesday's program includes sales at the S. A. Kitchens and Warren Gray farms.

Thursday has been set aside as "Lane county day," with a program arranged at the L. D. Griggs farm, near Eugene.

The various programs will be featured by judging of Jerseys both by boys' and girls' clubs and adults.

## FARM AGENCIES UNITE TO SECURE CONSIDERATION

Des Moines, Iowa, May 14—(By Associated Press)—An agricultural commission authorized to develop methods of bringing about joint action of all farm organizations with respect to economic and legislative measures, was created today by more than 300 delegates to the farm conference representing the recognized agricultural organization of the country.

In authorizing the commission the conference provided a unified agricultural program to which the various farm bureaus, farmers unions, granges, cooperatives and agricultural societies represented agreed to subscribe.

The conference recognized the necessity of organization to regulate the marketing of farm products.

The principle of cooperative marketing with the farmers in control of their own marketing was initiated today by more than 300 delegates to the farm conference representing the recognized agricultural organization of the country.

The third section of the program requests congress to create an export corporation with adequate capitalization to place the surplus of agricultural production on foreign markets. The financing and functioning of this corporation should be protected and safeguarded, it was declared "by proper provision in the organization law."

The organization of the corporation would be a board of farmers nominated by the various producing farm organizations.

**NOTICE OF INTENTION TO IMPROVE Church Street from Lefelle Street to Howard Street.**

Notice is hereby given that the Common Council of the City of Salem, Oregon, deems it necessary and expedient and hereby declares its purpose and intention to improve Church Street from Lefelle Street to Howard Street, by widening, grading, paving, and otherwise improving the same, and by the City of Salem, by bringing said portion of the street to the established grade, constructing Portland cement concrete curbs and paving said portion of said street with a six inch Portland cement concrete pavement twenty feet wide in accordance with the plans, specifications and estimates therefor, which were adopted by the Common Council May 4, 1925, now on file in the office of the city recorder and which said plans, specifications and estimates are hereby referred to and made a part of this notice.

The Common Council hereby declares its purpose and intention to make the above described improvement by and through the Street Improvement department of the City of Salem.

Written remonstrances may be filed with the city recorder of said city against the above proposed improvement within ten days from the date of final publication hereof.

By order of the Common Council May 14, 1925.

M. POULSEN, City Recorder.

Date of first publication hereof is May 6th, 1925. 113\*

## GOLFERS PLAY AT EUGENE SUNDAY

The next match in the tri-city golf tournament between Salem, Eugene and Corvallis will take place next Sunday, May 17th, at the Eugene country club beginning at 9:30 a. m.

The Eugene country club has the finest 9 hole course in Oregon and it is said has expended upwards of \$25,000 on its course alone, and it should be a rare treat to play over it. Several members of the Illabeie in addition to the team will make the trip and especially those who have played formerly but who haven't been practicing regularly, among these, are the Elliotts, Geo. G. Brown, Claude Stegloff and Dr. Penberton.

Eugene came up 30 strong for the match here last Sunday and Illabeie should return the compliment. For the reason that many want to go up Saturday to try the course, it has been decided that the individuals will provide their own conveyance as will best suit their convenience.

The following members having the ranking scores will constitute the team:

E. Kay, McIntyre, Sanford, Olin, McCammon, Hutcheon, Fry, Farmer, Cox, Keene, Young, Wood, Williams, Smith, Mangis, Mc-

**IN OUR EAST WINDOW**  
You will see the very latest in a dining room suite. This suite while priced very moderate is not a suite that was made to sell at a price. Like the bedroom suite—it is built to stand up, every little detail—every improvement is built into this furniture. Half of the features of manufacture could be omitted and it would still be as good as the ordinary.

**My Dear Why don't you Reduce ?**  
It's SO Simple

"You remember only a short while ago I was just as you. Nothing I ever looked smart on me. I was the laughing stock of the beach. I tired easily. I tried everything to reduce. Dieting made me weak and haggard. Exercise tired me. I tried rubber girdles and lotions and creams to no avail. Then a friend suggested Veronica Water. I asked my physician about it and he recommended it. He said it is a perfectly harmless mineral water—as it comes from the springs, I drank a few glasses daily and almost immediately started to lose weight. Firm, well-rounded flesh took the place of the flabby fat without wrinkles or lines appearing. Once more I felt my old time youthful self, for Veronica acts as a tonic as well as a reducer. Look at me now and you can see what this remarkable water has done for me."
