PLANS LAID FOR GRANGE SESSION AT DALLAS SOON

Dallas, Or., May 22.—With the state grange convention, June 2 to 5, less than two weeks off preparations to entertain that organization's delegates during their stay in Dallas are proceeding rapidly. It is expected that approximately 1000 will be in attendance, although the accredited delegates who must be cared for in the city will be less than that number.

Aside from securing rooms the biggest program faced by the local committee is that of providing a banquet on Tuesday night, June 2. This will be cared for by an old-fashioned barbecue in the city park with a band concert and program for entertainment and plenty of barbecued meat, coffee, potato salad and prunes on the menu. C. L. Crider is head of the entertainment committee of the Dallas chamber of commerce and is in full charge of arrangements for the banquet. Owing to the large number of grange members and delegates expected for this feature it will not be possible to throw the banquet open to the general public.

The response of Dallas citizens in offering rooms in their homes to delegates has been generous. Almost half the number required have been secured without personal solicitation. It is necessary, however, to have over 100 more rooms at the disposal of the rooming committee before the end of next week.

The chairman of the various committees working on the convention are: C. L. Crider, general chairman; Harold Rich, rooming; Lonner Rabston, decorations and signs; Walter S. Muir, autos for the county tour on Friday.

The convention sessions will be held in the Dallas armory. The banquet Tuesday night is the only entertainment furnished by the city, aside from a sightseeing tour Friday morning.

The rains of the past few days insure that the Polk county crops will be looking their very best, and the orchards the same. There will be opportunity to visit a number of commercial flax fields which are showing rapid growth under ideal weather conditions.

The city park, which is one of the beauty spots of Dallas, has been given a great deal of preparation by the city park board. A new sanitary system has been installed and new stoves and coolers are being built. A number of the visitors will probably camp in the auto park in connection with the city park.

TO TEST SANITY OF GIRL KISSER

New York, May 21.—(By Associated Press)—Henry Clay Moffat, Brooklyn's man of mysterious impulse who gives levels away and admits he never sees a pretty girl without wanting to kiss her, is again in a hospital for mental observation.

Some weeks ago the daughter and niece of Judge Roeben L. Haskell of Brooklyn, received two mysterious \$1188 bracelets by messenger. Detectives trailed them to Moffat, who at first denied and then admitted giving them. He never satisfactorily explained his motives and later on another charge was sent to a hospital for observation. He was released as sane, however.

Yesterday he kissed a 15 year old bank clerk at Brooklyn bank street corner. When arrested he said "I'm attracted to young girls like a needle to a magnet, she was such a nice girl I didn't think she would mind."

One of the girl's companions said Moffat had kissed two other girls before he was arrested.

Skinny Men Can Put on Needed Weight

Ask J. C. Perry, Central Pharmacy, D. J. Perry, or any regular druggist for a box of McCoy's Cod Liver Oil Compound Tablets. They are sugar coated and as pleasant to take as candy.

Skinny men and women take them to speedily put on plenty of good healthy flesh and for this purpose they are so extremely good that thin men and women often take only five pounds or over in 30 days. As a matter of fact your druggist will return your money if you don't take on five pounds in 30 days.

Great for weak, run down children, too, and gives them a hearty appetite.

But be sure—very sure—to get

PEP NINE LOSES TO WOODMEN 4-0

Inability of the players on the Portland Electric Power company baseball nine to hit in the pinches cost them the game on the Oxford diamond when they lost to the Woodmen of the World by a score of 4 to 0. The game was good in spite of the one-sided score, both of them being well matched.

Batteries were: Smoother and Morriot; P. E. P.—Scott and Alaman, a new comer for the Woodmen.

The Oregon Journal baseball team of the junior twilight league won a hoosely played game on the high school grounds last night when they defeated the Scouts by a score of 12 to 4. This game assures the Journal players a place in the final play-off. The others in the final will be the field nine, who play their last game with the River Rats tomorrow.

Batteries were: L. Alley, Duffy and East; for the Scouts, French and Williams.

SCOUTS WILL PATROL DALLAS FIRE LINES

Dallas, Or., May 22.—The Boy Scouts of Dallas are to be organized in the near future into a unit to assist the Dallas firemen. This is expected to give the boys something new to work on and to provide a valuable organization in case of a serious fire.

The scouts will be expected to take charge of traffic on streets leading to the scene of a fire and to lead motorists from rushing in so close as to impede the firemen as has been the case recently. Cooperation of citizens is asked in helping the boys maintain their authority in this respect.

They will be organized into a salvage unit to take charge and guard property that is removed to the street from burning or threatened buildings. Occasionally in the past vandals have helped themselves to articles left unguarded.

METHODISTS OF VALLEY CLOSE DISTRICT MEET

Silverton, Or., May 22.—(Special.)—The last day of the 1925 annual conference of the Salem district of the Methodist Episcopal church began with devotions led by Rev. J. E. Stover, pastor of the First Methodist Episcopal church of Newberg.

Word was sent to Dr. Carl G. Doney, president of Willamette university, expressing pleasure in his return and in his improved health.

Various reports of pastors were given, among them the report of Rev. S. W. Hall of Silverton, showing a splendid growing church. The conference by rising vote ordered a letter of appreciation sent to the Silverton Commercial club for the trip to Silver Creek falls which had been provided by the club.

Mrs. Effie Dunlap of Salem represented the ladies aid societies in a ten-minute address. In her address she reported that no charge in the district is without a ladies aid society. Other speakers during the morning session included Dr. Edward Lair Mills, editor of the Pacific Christian Advocate, and Professor W. H. Hertzog of Kimball school of theology.

During the afternoon session, which was mostly devoted to inspirational work, Professor Valentine Deick, Bishop W. O. Shepard, Dr. George Dean and Dr. D. H. Leech were among the speakers. It was revealed that 52 per cent of the population of the United States are affiliated to churches by membership and that of this number but one-third are in regular attendance. One of the speakers suggested that "Souls be saved instead of souls. Don't stop to count those whom you have saved but count those who are yet left to be won over to the church. Don't be satisfied with just getting some new members, get all of the five-sixths. Go out after them as a life insurance agent does. Do as much for your work as he does for his. We are in tremendous danger of being just ecclesiastics."

Next year the conference will be held at Newberg.

OPERATING TABLE FORGOTTEN BY PROSTATIC PATIENT

"As a benefactor of Alivia, I hereby state that from an almost incurable prostate condition, I have been restored to robust health by the use of your product. Obligated to suffer with what one physician called stone in the bladder, and another enlarged prostate, both unable to cope with the trouble and suggesting surgery, I have taken only moderate doses of Alivia tablets, with the result that I have no more thought of the operating table than of climbing to the moon. I am an enthusiastic believer in the virtue of Alivia products because of what they have done for me—nothing short of a new lease on life."
(Signed) J. C. ROUZER

Alivia Tablets are scientifically prepared from the wonderful alfalfa plant, which through its long root absorbs the vital elements—lime, iron and phosphates—necessary to health and vigor. Alivia has proved especially beneficial in overcoming kidney, bladder and prostate trouble. No matter what you have tried, try this remedy of nature now. A dollar buys a box at Perry's drug store. Boils!
Ouch!
S.S.S. will rid you of boils, pimples, blackheads and skin eruptions!
DON'T CLOSE your eyes to the warning which Nature gives when angry, painful boils appear on your neck, face or other parts of your body. Boils, pimples and so-called skin disorders are the result of an impoverished condition of the blood and are not to be trifled with.
It is nothing more than folly to expect to get absolute relief from the use of local treatments, such as ointments, salves, etc. Such remedies may afford temporary relief but you want more than relief; you want a remedy which will rid you forever of the torturing disorders. And the one remedy which has no equal is S.S.S. S.S.S. stops boils and keeps them from coming. S.S.S. builds blood power! That is what makes fighting blood. Fighting blood destroys impurities. It fights boils. It fights skin eruptions—pimples, blackheads, eczema! It always wins!
S.S.S. has been known since 1892 as one of the greatest blood purifiers, blood cleansers and system strengtheners ever produced. There are no unproven theories about S.S.S. the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities.
