BUY BETTER USED CARS FROM POWELL

The GOLDEN RULE is the foundation of our business and it applies to our method of merchandising used cars, as well as it does to the sales of a new Packard, Hudson or Essex cars.

We are just as deeply concerned in the welfare of our used car patrons as we are in our new car customers.

Before a car is offered for sale by us it is thoroughly overhauled. Every operation performed rebuilding our used cars is done with the thought in mind, viz: that when the car is sold it must be a credit to the house of POWELL.

We stand squarely behind each and every one of our used cars for ninety (90) days from date of delivery with the same warranty that you get on any new automobile.

You owe it to yourself to see our cars before you decide a purchase. You will find our prices are no higher than you will find elsewhere for the usual AS IS CAR, and our terms are liberal.

Late model Velie sport touring fully equipped with extra tire compler, side wings, front and rear bumpers, two spot lights, fog light, automatic wind-shield swipe, motometer on barcap and rear view mirror. Top, upholstering and finish are just like new, tire 90% of original value.

68 PER TOO FAST JUDGE ADVISES YOUTH IN COURT

The story leaked out this morning of an escapade of Hal Wittenberg, member of Alpha Psi Delta, local fraternity at Willamette university, which occurred last Friday afternoon.

Wittenberg, it is said, was on his way to Hood River on his motorcycle, with side car, and intended to bring a friend back for the Alpha Psi Delta picnic, which took place Saturday. Going north on the Pacific highway he flashed through Aurora so rapidly that authorities there did not try to over take him, but telephoned ahead and notified a state traffic officer that he was coming.

Just outside Aurora Wittenberg overtook a heavy truck. As he attempted to pass it the truck turned out.

The side car caught under the truck, was wrenched loose from the motorcycle, and was completely demolished. Wittenberg himself was thrown from the machine, struck the pavement, slid for several yards, but was miraculously unhurt except for a few scratches and a slight injury to one knee. His machine is said to have jumped completely over him and struck, upside down in the ditch. An injury to the speedometer caused it to become fixed where it had been before the accident took place.

At this juncture the state traffic officer appeared on the scene. Examining the motorcycle, he found that the speedometer registered 68 miles an hour. He took the speedometer from the machine and stored it away in a box as evidence.

Appearing in court at Aurora Wittenberg was told that 68 miles an hour is a little more than twice as much as the law allows on the Pacific highway. The judge fined him $25 and took his driver's license away from him for 6 months. The fine, with the damages to the machine amount to some $150 it is dated.

"The welfare and interests of the state of Oregon and of the nation in the maintenance of an adequate system of transportation, and the welfare and interests of the transportation companies themselves," says the answer, "demand and require that the furnishing of necessary additional service and facilities be done at the lowest practicable cost consistent with good service, and that wherever possible the installation of duplicate facilities be avoided.

"In the opinion of the public service commission of Oregon it is practicable through joint and common user arrangements between the petitioner and the Central Pacific Railway company and Southern Pacific company for the use of the trackage of the latter companies between Skookum and Klamath Falls to avoid the construction of approximately 80 miles of track between said points at a saving of approximately $3,840,000.

"While the interests of the community affected require and demand the added and competitive service of the petitioning carrier, authorization for the construction of a duplicate parallel track between Skookum and Klamath Falls should not be given unless and until it shall be shown that arrangements cannot be made for the joint and common use of the existing track of the Central Pacific Railway company and Southern Pacific company between said points."

STRANGER BITES EAR FROM NEGRO WOMAN

Los Angeles, Cal., May 25.—An extraordinary example of rudeness on the part of an utter stranger was being investigated by police today. Mrs. Dora Kidd, 31, negress, revealed the incident late last night when she walked into the receiving hospital carrying a piece of her right ear. The fragment had been bitten off, she explained, by a man who rushed up to her on the street and without a word of elucidation set to with his teeth. A surgeon sewed the severed portion back into place, but left the solution of the mystery to police detectives.
