

LEGION TOSSERS DEFEAT GROTTO FIELD MICE WIN

The American Legion continued their winning streak in the twilight league when they defeated the Grotto nine on the Oxford park diamond this evening. The Grotto players are as yet a little green while the Legion nine, winner of the championship for the last two years are putting up a good brand of ball. The losers seemed weak in the infield and were not exceptionally strong with the stick.

Jenkins, a new starter for the winners, pitched a good game and kept the hits pretty well scattered. Jackson for the Grotto nine was unsteady and allowed Parker and Gibson to connect with the ball for homers. White for the Grotto nine hit the ball into center for a three-bagger.

The Field Mice won the right to meet the first Oregon Journal nine Friday for the championship of the junior twilight league by defeating the River Rats. A game played in the early part of the week resulted in a win for the River Rats. The Field Mice protested the game which the league won.

The field has been too large and many sore arms have resulted, according to Bob Boardman, physical director of the local Y. M. C. A. and head of the junior twilight league. The diamond has been 10 feet too long and the pitchers were throwing the ball eight feet too far. This difficulty has been remedied and everything is in shape for the championship games the winner to take two out of three games.

Batteries—Field Mice, Heath and Brenner; River Rats, Lennon, Jones and Baker; umpire, R. Bishop and East.

CHILDLESS HOMES

Read Mrs. Benedict's Letter Praising Lydia E. Pinkham's Vegetable Compound

Kewanee, Illinois.—"When I was married about a year and a half I failed to have any children. I now have two healthy little girls and I am sure I would not have had them had it not been for your medicine. Last spring and summer I got all run-down, irregular, and I had awful headaches, and my back and side hurt me so that I could stay up only a short time. My limbs would get so tired and ache till I could cry. I started to take the Vegetable Compound again and used the Sarsaparilla Wash, and it was not long till I was relieved. Now I do all my own work and help others. I sure praise Lydia E. Pinkham's medicine to any one I meet that is suffering from similar troubles. I think if mothers with girls would give it to them when they come to womanhood it would make them stronger. People who have known me all my life are astonished to see me now as I was always sickly when in my teens and until I started taking the Vegetable Compound."—Mrs. MARY R. BENEDICT, 313 Payson St., Kewanee, Ill.

May Play Tonight

The Papermakers and the Eagles are to clash for honors on the Oxford park diamond this evening, weather permitting, in the Sunday league series. This will be the initial appearance for the Eagles, who have been practicing hard for the coming game. The Papermakers have been going well so far and hope to continue their present stride. The Papermakers team is considered to be one of the strongest in the league and will give the Eagles a tough game.

Issue Challenge

The Hagerman Sluggers of the monkey league have issued a challenge to any team in their class for a game. The players of the monkey league have been hitting the ball hard and often and are after more honors. They are willing to meet any time this week. Any team which tips the scales

"If it works, it's true!"

But it doesn't prove out in practice—this legend about salt as an aid to bird-catching.

Neither does the superstition that there is something mysteriously "better" about eastern lubricants—merely because they cost more. Every quart of Zerolene you buy proves the groundlessness of this superstition.

Pacific Coast Crude Is Best
Zerolene is a western oil—and a better oil even if it does cost less.

As a matter of fact, the best crude petroleum so far discovered for the manufacture of a motor lubricant is obtained from Pacific Coast wells, and the most advanced refining process is this Company's patented high-vacuum process during the use of which Zerolene is submitted to 15 positive checks for quality.

Experienced Drivers Prefer Zerolene
Experienced drivers know this—that Zerolene lubricates more cars in

the Pacific Coast states than any other oil made—heavy-duty trucks and high-priced cars alike. Superstitions don't work out in practice—Zerolene will increase the gasoline mileage of your car, reduce carbon accumulation in the cylinders and lengthen your car's working life.

Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

Insist on ZEROLENE even if it does COST LESS

Get The Facts!
A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.
