ANNUAL GRANGE SESSION OPENS, DALLAS IS HOST

Dallas, Or., June 2.—Baker is the first city to make an active bid for the 1925 state grange convention and that county and city has sent a strong delegation to the Dallas session of the state grange to work for it.

They are backing their plea with the recent growth and activity of the grange east of the Blue mountains in Baker, Union, Wasco and Grant counties.

Delegates in ever increasing numbers were entering Dallas Monday. A large number are traveling by auto and the majority are expected by noon. The opening session was held at 10 a. m. today and the greater part of the day will be taken up in organizing and getting ready for the convention's business.

George A. Palmier of Hood River arrived on the scene Sunday and has all preparations ready to speed up the convention. Mr. Palmier points with pride to the fact that during the last two years Oregon has ranked at the head of the union in growth in membership and is hoping to turn in a similar record for 1925. The organization of the state grange session is expected to help much in further organization and development work.

STUDENTS SCORE IN OPERETTA AT INDIAN SCHOOL

Chemawa, Ore., June 2.—The operetta "Paul Revere" was presented to the public in the school auditorium last evening before a packed house. The operetta was well received and was adjudged to be one of the best ever presented by the school.

The operetta has to do with the revolutionary war with a very interesting love story woven in. Paul Revere falls in love with the daughter of a king's man and is ordered out of the house after several calls. Captain Marbo, played by George Flash is also in love with the young lady and many interesting events take place before Paul Revere wins the lady's hand.

A very pretty Indian Suite presented before the operetta. All customs or ceremonials of the Indian in his primitive state have a religious fervor. There was in the Indian a seriousness, a consciousness of a Great Spirit, for whom he had both awe and reverence. The suite is a mental picture of the Indian life and rituals.

The program will be repeated for the public for the last time this evening at 8:00 o'clock. Tomorrow afternoon the campus day program will be given. Each of the societies and classes of the school present a short stunt.

BAUNACH TRIAL DRAWS BIG CROWD

Dallas, Or., June 2.—The trial of August Baunach, charged with adultery, opened in circuit court Monday with Judge Campbell of the bench.

He stated that during the past four years reductions amounting to \$6,000,000 had been made from the 1920 tax schedule, while it is anticipated that \$390,000,000 more can be lopped off when the special budget committee meets in October. This will be taken from excise and income tax schedules.

In speaking of congressional expense Mr. Hawley stated that its salaries and other expenses amounted to \$6,000,000 yearly out of \$3,300,000 required to run the government each year. At the same time, he estimated, congress had cut the expenditure requests in half. Of the present government revenue approximately \$1,400,000,000 yearly goes toward interest and retirement of the war debt.

The government's policy of an annual retirement fund to take care of the war debt has brought its bonds from about \$4 in 1922 to \$100, par and has given it a credit premium on its currency throughout the world.

WOODBURN HIGH HAS GOOD YEAR

Woodburn, Or., June 2.—With the final baseball game on the high school diamond Friday afternoon, May 29, the Woodburn high school athletes completed a highly successful series of seasons which may be thus summarized:

Out of six games of football, Woodburn won 4, tied 1 and lost one; out of 14 games of basketball she won 8 and lost 6, by very small margins, 5 of them being lost by 3 points or less and 3 of these by only 1 basket; out of 11 games of baseball the school won 9, tied 1, and lost 1.

During the past two years Woodburn high school has lost only 2 football games and 3 basketball games and 2 county track meets. The school has held strictly to athletic association standards, playing only men who were eligible from a scholastic viewpoint as well as being good athletes. D. Russell Rarcy has coached all departments and has proved himself efficient in all. The boys give him undivided loyalty and are jubilant over the fact that he will spend a third year at Woodburn.

A permit to operate in Oregon was issued to W. L. Conyn & Company, a California corporation with a capital of \$1,250,000. Omar C. Spencer of Portland is attorney in fact for Oregon.

GRANGER TOBACCO PIPE ROUGH CUT

GRANGER

Packed in tea-foil, instead of tins—hence 10¢

Made for pipes—and pipes only!

If ever a tobacco were "made for pipes"—it's Granger Rough Cut. Granulated, fine-cut tobaccos tend to smoke fast and hot in your pipe. But Granger naturally smokes slow and cool because it's specially cut for pipes—"rough cut," we call it. And when it comes to taste, Granger Rough Cut is neither over-mild nor too stout, but has that full, rich "rounded-out" mellowness that seems to just "go" with a pipe.
