

LOCALS

Rev. J. J. Evans, pastor of the First Christian church of Salem, will deliver an address on "Bees," before the Salem Rotary club at its weekly luncheon tomorrow. Rev. Evans is a member of the club.

A real buy in shirts, imported English broadcloth shirts, tan, gray, blue and white, reg. \$3.50, now \$1.85, 2 for \$3.50. The Man's Shop.

Intelligence tests given the freshman class at Willamette university have shown that the men average 143.37 and the women 153.6. The regular army tests, which were used for the examination, have a maximum of 212. The average for college students is approximately 135. The average made by the United States soldiers who took the tests during the world war was slightly over 79. The highest score among the freshmen here was made by a man, who made 194.

Dance with McElroy's orchestra. Hear Johnnie Sylvester, the premier accordionist of the coast Wednesday night June 3rd, Crystal Gardens. 131*

Word has reached Salem that Fred Fontaine, who lived in Salem as a boy, died on May 15 at Portland. He had been practicing law in Yakima, Wash., for some time.

Irrigation bills now due. Flat rate irrigation bills are subject to a discount of 10 per cent if paid on or before June 10th. Residences with even numbers will irrigate Monday, Wednesday, Friday and Sunday. Residences with odd numbers will irrigate Tuesday, Thursday, Saturday and Sunday. Hours 8 to 8 a. m. and 5 to 9 p. m. 135*

Hom Sun of Salem has been elected to succeed Miss Kathryn Kirk of Oregon City as editor of the Willamette university Bulletin. Miss Kirk resigned recently, giving as her reason the fact that she had decided not to return to school next year. Mr. Sun was editor of the Salem high school annual in 1923, and was a staff writer with his publication. He is a member of the Websterian literary and the Sigma Tau fraternities.

Wanted small modern home furnished without bedding, by responsible couple, at reasonable price. P. O. box 325. 131*

Dr. Carl Gregg Doney will occupy the home on south 12th street formerly occupied by Governor Pierce, having made arrangements recently with George Graves, owner of the house. Mrs. Doney will come to Salem within two weeks. At present she is in the east with Paul and Hugh, her two sons.

Dance with McElroy's orchestra. Hear Johnnie Sylvester, the premier accordionist of the coast Wednesday night June 3rd, Crystal Gardens. 131*

The Willamette university student body will ask the faculty to be given charge of one chapel meeting a week during the coming year, in accordance with action taken at a student body meeting yesterday.

Reduction in price on the new Overland six model 93 Standard sedan former price \$1175, new price \$1095. See Vick Brothers. 131*

Marriage licenses have been issued as follows: David C. Techinn and Bertha Ellen Winn, Jefferson; Pete Lousignout and Violet Charlton, Silverton; Earl Mathison and Evelyn Jeanette Palmes, Woodburn; John W. Hanna and Ruth Kaser, Silverton; Charles T. Wirt of Ricknell and Carol Jackson of Salem; Hamilton A. Hest of Portland and Stella Amos of Salem; James E. Mills and Olive Hammond, Salem; Oscar J. Johnson and Pauline Leslie, Silverton; John E. Welch and Mary Brown, route 9, Salem; William R. Patty of Amity and Grace Marie Jasper 2615 Portland road, Salem.

A real buy in shirts, imported English broadcloth shirts, tan, gray, blue and white, reg. \$3.50, now \$1.85, 2 for \$3.50. The Man's Shop. 131*

H. K. Crockett, secretary of state of Utah, and E. Chubbuck, deputy secretary in charge of the automobile registration department, were visitors to the state capital yesterday. They are on their way to San Francisco by automobile.

Willy Overland reduces price on Overland six 93 Standard sedan from \$1175 to \$1095 at Salem. See Vick Brothers. 131*

NEWBERG SCOFFS AT INVASION OF EVOLUTIONISTS

Newberg, Or., June 2.—Adherents of fundamentalism were supreme in this Quaker city today, where yesterday there were reports of unorthodoxy in the opinions of teachers in the public schools.

Commercial club, at its Monday luncheon, scoffed at a contention that believers in evolution had invaded their town and deplored the fact that such news had leaked to the outside world. Speakers blamed a small group of dissenting citizens for spreading reports, which they said would cut the town in an unfavorable light before the fundamentalists of the state.

Evolutionists, taking cover at the preponderance of opinion, were making no statements in Newberg today.

The unanimity of the citizens of this town in their belief in the divine origin of man, even the school children are said to possess the thought of teaching of evolution in the schools, as illustrated by the statement of the chairman of the school board today.

K. H. Siskafoose denied that three of the teachers of the public schools had resigned because others had championed evolutionary theories now much in dispute.

"Reports are much exaggerated," said Mr. Siskafoose. "We have never allowed ourselves to believe that any of our teachers favored evolution."

One of the teachers started to teach evolution in his classes this year, but the students made it so hot for him that he decided not to come back.

The teacher to whom Mr. Siskafoose referred was E. H. Hecken, instructor in science.

Friends of James H. Hamilton, recently elected principal and superintendent, have rallied to his banner and Mr. Hamilton is now said to have practically unanimous support for his position for next year. He is taking neither side in the evolution argument, officially, and says that he has never considered teaching evolution in the public school. Hamilton is a member of the Methodist church.

One result of the drinking affair at the high school picnic and of the following discussion of evolution in the teaching staff of the schools is the declaration by Mr. Siskafoose that, if he can prevent it, there will never be another picnic.

SCORE KILLED BY STORM IN MIDDLE WEST

Several others narrowly escaped injury.

Wind Upsets Auto

Two persons were killed during an electrical storm in Des Moines and two were reported killed near Oakland, Mo., when the car in which they were riding was swept from the road by a high wind. Another wind storm swept over the mining district of southeast Kansas and southwest Missouri, causing injury to several persons and considerable property damage.

"Chicago had four deaths attributable to the heat and Cleveland one. Eight persons in Wisconsin who sought relief by swimming and boating were drowned Sunday and Monday."

Heat records for June 1 were broken in Chicago and Cleveland, which had temperatures of 92 and 91 respectively, while Detroit with 90 came within two degrees of the all-time 100 mark.

Early today a cooler breeze came to relieve Chicago's millions.

Four Killed in East

New York, June 2.—(A.P.)—Four persons have been killed and a score injured in wind and rain storms accompanying a heat wave in the east.

Seven heat prostrations were reported here and three in Albany. Two deaths directly attributed to the heat were recorded in Pittsburgh. One died in Newark, while the storm took a fourth life in Greenfield, Mass.

The temperatures broke all records in the first day of June but fell several degrees below the records in Chicago in May. It was 88 in York and Albany.

Central New York and England here the heat of the storm. Six towns were thrown in darkness in Massachusetts. Trolley and telephone services were disrupted. Heavy rains and falling trees blocked highways.

Norfolk, N. Y., and surrounding towns in the Adirondacks were isolated. Reports told of heavy damage but no loss of life.

ROAD TO LINK TWO ARTERIES IS TENDERED

(Continued from Page One)

Important feature of the conference that the Yamhill court is hoping to persuade the Polk county court to develop the Wallace road from Lincoln to Yamhill county and construct a "Y" which will connect the Willacott and Hogg roads into a single road. The members of the Yamhill county court felt it was of more importance to expand the money in this way and develop a road which would take care of the main share of the traffic than to sink it into a new ferry and its operation at Wheeland.

Dr. Walter Brown, head of the Marion county child health department, will visit Marshfield today on business pertaining to the demonstration. He is expected to return to Salem tomorrow.

A sum amounting to approximately \$100, the deficit amount not decided, was voted by the Board of Education at its meeting for the purpose of sending a number of local boys to YMCA camp at Seaside this summer. It is expected that between 10 and 15 boys will be able to go who would not otherwise have been able to do so. A motion was also made and carried to buy some appropriate presents for three of the winners, two of whom are Filipinos and the third Chinese, who have been waiting on tables at the Marion hotel for the past three years, and all of whom will graduate from Willamette university this year.

Definite announcement was made today that the contract for installation of all plumbing fixtures in the new YMCA building has been awarded to Sturgis and Sturgis, a Portland firm. Their bid was \$21,925, several thousand dollars lower than any other bidder. The contract has not actually been signed, but will be within a few days, it is said. Actual work of construction on the building is expected to begin immediately upon completion of excavation work, which has been promised by the excavators for tomorrow. Considerable time has been consumed in excavating, principally on two deep holes, one being for the boiler room and the other for the swimming pool.

ADMINISTRATION OF STATE SCHOOLS IS MUCH OVERLOADED

(Continued from page one)

Superintendents, secretaries and other associates to department heads that would be entirely unnecessary if the institutions confined themselves to instructing students who come to them for instruction.

The constant expansion of these departments, as well as the schools' own work, to attract new students and accounts for a large amount of wasted money. It is controllable that while both institutions declare themselves unable to properly administer to the needs of students already enrolled they are constantly soliciting others to attend.

Why state institutions should be required to advertise for students is not entirely clear.

The last chapter of the year was held at Willamette university this morning. The customary ceremony was held, the senior class appearing in caps and gowns, and at the close of the ceremonial marching out, the other three classes moving up into the places that have been occupied in the chapel room by the classes ahead of them. Examinations start tomorrow, and will continue this week, including Saturday, and Monday and Tuesday of next week.

BE CAREFUL ACCIDENTS IN SALEM THIS WEEK

Melvin Johnson, 1040 Hood street, reports a collision with an unidentified motorist at Court and Liberty.

H. Hart of Salem and a car of the Salem Auto Wrecking company collided on Ferry street.

Two automobiles, one driven by George J. Lambrecht of Shaw and the other by an unidentified person, collided at Church and Ferry.

Hugh Worley was in a collision at the corner of Church and Ferry street.

Omar Cuffill, 1790 North Commercial, and an unidentified car clashed in the alley of block 32.

M. D. Mayfield, route 6, reports that he collided with a bicycle ridden by a boy. No one was hurt.

Jack Miller ran over a boy on a bicycle on Jefferson way smashing the boys wheel.

SALE OF OBSCENE LITERATURE UNDER CITY BAN

The city council last night passed the ordinance, introduced by Alderman Johnson two weeks ago, prohibiting the sale of obscene literature in the city of Salem. The ordinance fixes a penalty of five to \$50 to \$500 or not more than six months in jail.

The measure does not attempt to define literature or pictures, nor does it name any periodicals held to be obscene. This, it is held by City Attorney Kowitz, is not necessary, and it is his opinion that the ordinance in its present shape is more workable than would be a specific measure. Violators of the new ordinance would be tried by jury.

Meeting Is Brief

The council meeting last night was brief and not much business was done. Other ordinances passed were:

Establishing a sidewalk line on North Front street; accepting a deed from John Williamson, W. W. Emmons and others to a four-foot strip along Myrtle avenue; segregating the assessments for the improvement of North Capitol street in this way addition.

Ordinances introduced and read first and second times last night were:

Sidewalk Lines Fixed

Establishing sidewalk lines on both sides of North Winter street; establishing sidewalk line on the west side of North Fourth street; assessing the cost of paving the alley in block 8; assessing the cost of paving the alley in block 29.

The street committee reported favorably and its reports were adopted on petitions for the paving of North Fourth street from Columbia to Norway, improvement of Oak street from Commercial to a point 230 feet west of Commercial, and the paving of Richmond avenue.

Bids of the Oregon Gravel company on sewer pipe to be furnished the city this year were accepted.

Will Install Light

A report was made that a light in the alley back of the old Y. M. C. A. building will cost the city \$41.90, and since there is no money to pay for its installation at the present time the Portland Electric Power company has agreed that this need not be paid until the first of next year. The city is meantime paying only for the energy used.

Sidewalk resolutions were adopted covering proposed concrete sidewalks on the west side of 21st street.

Petitions were received for the paving of a portion of Broadway and of North 14th street between Marion and D streets.

Dirt Pile Remains

No action was taken on the question whether Dr. B. H. White will have to remove the dirt piles on premises owned by him. He informed the council that he desired to leave the dirt there until August 1, when he expected to begin building, but because of the protest from city officials he agreed last night to remove the dirt forthwith if the council insisted that he do so.

Considerable importance was attached to notice which the council voted to send to the street railway company that it immediately begin paving between its car tracks on Hood street between Broadway and Fairgrounds road.

Pulmotor Aired

Because of the drawing of a child in the city Sunday, when no pulmotor was available for use, Mayor Gleay reminded the council that the city should own one, which is required if there is one in the city. Fire Chief Hutton said that the pulmotor that had been used by the fire department was owned by the power and light company, which had called it in, as it had all other pulmotors in other cities. Alderman Dancy said that the Pacific Telephone and Telegraph company had done the same for the reason that pulmotors are dangerous when used by inexperienced persons. It was the opinion of the mayor and councilmembers that the city should have some device for reconstituting drowning persons.

New building permits have been issued as follows: C. J. Bantle, one story dwelling at 1123 Market street, \$2600; E. L. Smith, one story dwelling at 1495 north 16th street, \$2400; Sturms, two story one story dwelling, 920 Oak 1300; D. R. Morrison, one story dwelling, 1735 south 12th street, \$1800; W. E. Park, repair dwelling and garage at 375 south 21st, \$1800.

FOREIGNERS IN SHANGHAI ENDANGERED

(Continued from Page One)

mills near Shanghai.

The Chinese trained their shots against the Americans when the patrol units turned a corner from Nanking into Thonet road in the vicinity of the famous Chinese amusement resort, "New World."

Police Station Attacked

While the students were attacking the patrol units, shots were also fired into the Lousie police station from adjoining houses. The first outbreak in the riots occurred at the entrance to the station last Saturday when police fired on rioters killing six and injuring eight.

Traffic on the Nanking road, west from the Honan road, was suspended tonight.

American bluejackets are guarding the water works.

Several lesser affrays were developing tonight in other sections of Shanghai.

Chinese Protest

Peking, June 2.—(A.P.)—The Chinese government, through its foreign office, here, today protested in a note to the other powers against the violence used in suppression of student demonstrations at Shanghai. The protest, sent through Italian Minister Corradi, chief of the foreign ministers at Peking, declares the students are young men of good families, unarmed and full of patriotism and should not be treated as common lawbreakers.

The Chinese foreign office reserves the right to make claims on behalf the student victims of violence at Shanghai, demands immediate release of students under arrest and asks that measures be taken by foreign powers to prevent a recurrence of similar acts.

PIERCE NAMES TWO SENATORS ON FISH BOARD

Fred A. Beas of Tillamook, state senator from Tillamook county, and S. M. Garland of Lebanon, senator from Linn county, yesterday received appointments as members of the state fish commission. Beas to succeed F. P. Kendall of Portland, whose term has expired, and Garland to succeed John C. Veatch of Portland, who has resigned.

Governor Pierce appointed Beas and Garland following a compromise agreement after a conference during most of the afternoon with Garland, Beas, B. L. Eddy of Roseburg and George Joseph of Portland, the two latter members of the state senate from Douglas and Multnomah counties respectively.

Pave Political Debt

Through an agreement entered into during the legislative session last winter Senators Beas, Eddy and Garland were to have the appointment of a member of the commission upon the expiration of Kendall's term. Garland to name the man in case the three could not agree. It developed that they could not agree, for the reason that certain southern Oregon names proposed by Senator Eddy were neither satisfactory to the governor or the other two senators. This resulted in the appointment falling upon Beas, who was anxious to have the job, Senator Eddy is very friendly to Garland, and out of consideration for Eddy the governor appointed Garland to succeed Veatch. Senator Joseph's feelings in the matter also were considered in the Garland appointment.

Garland Pleads Innocence

Garland will assume the duties commencing as soon as he returns from California, where he will go on a pleasure trip of several weeks. He said yesterday that he had not requested the appointment and did not come to Salem with the expectation of getting it. John C. Veatch, whom Garland succeeded, was appointed by the governor to succeed Dr. Ross of Portland when Pierce ousted Ross on allegations of extravagance. Veatch has barely served on the board, however, because Ross refused to quit until he had been removed by a decision of the court.

Jefferson Myers, former state treasurer, was with the governor much of the time yesterday and is believed to advised him relative to the appointments. Myers was looked upon as a probable appointee at the time the governor removed Ross.

LEGALS

NOTICE TO HEARING AND BIDDING CONTRACTS

Sealed proposals for furnishing of labor and material for the complete installation of two boilers on the property of the Oregon State Tuberculosis hospital, about 5 1/2 miles southeast of Salem, Oregon will be opened by the Oregon State Board of Control, at 2 p. m. June 17, 1925, at the Capital building Salem, Oregon.

A certified check in the amount of \$200.00 is to be filed with the proposal, and be drawn to the order of Carl Abrams, secretary, Oregon State Board of Control, to guarantee that the bidder will enter into a contract and execute the required bond; same shall be forfeited to the Oregon State Board of Control if award of contract is made to bidder and he or they fail to enter into a contract and furnish the required bond within ten days from the award of contract. Contractor will be required to accept the terms of the workman's compensation act, unless other arrangements are made with the board.

Plans and specifications may be obtained from W. T. Davis, engineer, Oregon State Hospital, Salem, Oregon, and Carl Abrams, secretary Oregon State Board of Control, Salem, Oregon. Contractors will be required to deposit \$100.00 for the plans and specifications to insure the return of same.

Proposals shall be made on forms furnished by the engineer. The envelope to be marked "Proposals for Installation of Boilers at Oregon State Tuberculosis Hospital."

The right is reserved to accept or reject any or all bids or to waive any informality in bids.

CARLE ABRAMS, Secretary, Oregon State Board of Control.

NOTICE OF INTENTION TO IMPROVE NORTH SUMNER STREET FROM MARKET STREET TO MILL CREEK

Notice is hereby given that the Common Council of the city of Salem, Oregon, deems it necessary and expedient and hereby declares its purpose and intention to reconstruct and improve north Sumner street from the south line of Market street to the north bank of Mill creek, at the expense of the abutting and adjacent property owners, except the street and alley intersections, the expense of which will be assumed by the city of Salem, by removing the old broken pavement from said street, bringing and grading the street and alley, and paving said portion of said street with a six inch cement concrete pavement forty five feet wide in accordance with the plans, specifications and estimates hereof, for which was adopted by the Common Council May 15, 1925, now on file in the office of the city recorder and which are hereby made a part of this notice.

The Common Council hereby declares its purpose and intention to make the above described improvement by and through the Street Improvement Department of the city of Salem.

Written remonstrance may be filed with the city recorder of said city against the above proposed improvement within ten days from date of final publication hereof.

By order of the Common Council, May 18, 1925.

M. POLSEN, City Recorder.

Date of first publication hereof is May 21, 1925. 131*

WATER SUPPLY HELD ASSURED

The Salem Water company and the Oregon Pulp & Paper company have entered into an agreement whereby the water system of the paper company can in emergency be connected with the city water system, and thereby relieve a possible water shortage during the summer months. This was reapproved to the city council last night by Alderman Dancy.

The city's experience last summer when several fires were barely averted because of inadequate water pressure caused the public service commission recently to make a demand upon the water company that it take steps to relieve the situation. The nearest relief was to form a working agreement with the paper company.

Some expense to the city will be attached to the arrangement for the reason that water turned into the city mains from the paper company's system must be filtered as is the city water for sanitary purposes. The device for this will have to be installed.

SALEM GIRL IS HONORED

Oregon Agricultural College, Corvallis, June 2.—Hazel M. Hop Line of Salem, junior in home economics, has been selected to serve on the O. A. C. honor committee for next year. The selections are made by the presidents of the two upper classes and the inter-honorary council upon the recommendation of the chairman of the honor committee.

FIGHTERS MAKE READY FOR BOUT

Hard work has been the program for the last few days for both Frankie Lewis of Salem and Spee Woods of Spokane who meet in the ten-round main event at the armory Friday evening.

Lewis has been doing plenty of road work and his last sparring included sixteen to seventeen rounds of good hard work with the bag, shadow boxing and rope climbing. There is going to be no feeling around when these fighters step into the ring. Woods is not quite so clever with the mitts as Lewis which he knows and he must get the decision by knocking the Indian and to the tactics of a knockout.

"Speed" Murphy, Portland fighter, is also getting into the heat of shape for his fight with Bill Hunt, Salem fireman. The local lad got the best of the argument in the last meeting of the two, but Murphy was not in the condition that he is now.

Two last preliminaries have been arranged by Harry Plant, matchmaker. Plant has signed Guay Green for one of the events. Plant plans on signing Dawson and George Leonard for the next card and the winner of that fight with the winner of the Lewis-Woods battle.

ON THE AIR

WEDNESDAY NIGHT (Pacific Time)

KGW, Portland, Ore., 9:15—8:10 to 9 P. M.—Concert by courtesy Western Auto supply company; Western City string quartet; Lucille Ralston, vocal soloist; and Bertha Albeck, contralto, 10 to 11 P. M.—Concert from Broadway studio of Sherman, Clay & Co.
