

STRAWBERRY AND POTATO PRICES ARE UNCHANGED

Portland, Ore., June 6.—Strawberries are firmer in the local market today, prices ranging from \$1.75 to \$2.40 a crate. Most of the offerings however, went at \$2 to \$2.25. Not much change in prices and supply is expected for Monday.

Potatoes are firmer, following the embargo on the tuber moth infested stock from the Shafter, Cal. district. Today's prices are from 1 1/2 to 1 3/4 cents a pound.

Butter and egg prices are unchanged today, but the firmness of the market, almost pennies a slight rise early next week.

Veal was down to 12 cents today on Front street. Hogs and poultry are unchanged.

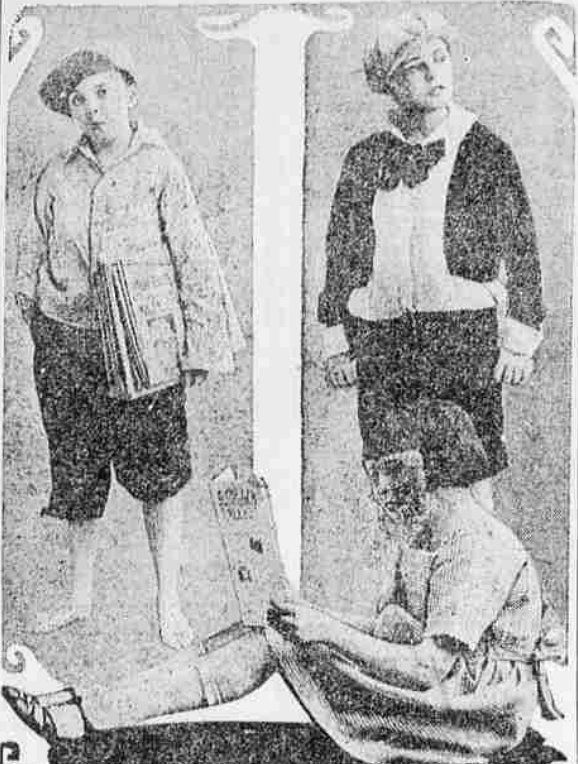

LIVESTOCK

(Above quotations except spring lambs on short basis.)

Margaret Byers to Give Real Treat for Junior Chautauquans Child Impersonator to Appear Here.

The children think Margaret Byers is one of them—and she is. The grownups have their doubts about her being so young in years as she is in appearance, but eventually capitulate to her childish grace. Sometimes an inquisitive official, after seeing Margaret in her delightful juvenile performance, drops around to have a close-up of the dainty bit of femininity who sings and talks her way into the heart of every kiddie on the Chautauqua lot.

No matter what the age of this talented little artist, she is the greatest kiddie of them all, and as popular as pink lemonade at the circus. The children adore her and some of the grownups want to play truant from the big tent to enjoy a "kiddie" by looking in on the entertainment provided especially for Junior Chautauquans. The fathers and mothers laugh as uproariously at little Margaret's jokes and comical tit-bits as the children do. They are, perhaps, a bit sheepish about it, but after all, are we not all just grownup children—Margaret Byers thinks so and proves it!

HILL LINES ANNEX SITE AT KLAMATH

(Continued from Page One)

Following his inability to reach an agreement with the Southern Pacific, Mr. Eberlein was called to Portland by Hill line officials, where he has been in conference all this week. It was reported here that the deal was signed Thursday. It was not here by special delivery and filed with the county clerk immediately upon its arrival in the city this morning.

By acquiring this land, the Hill line now have the Southern Pacific office hemmed in on both sides and makes it impossible for the latter railroad to expand in any direction in the industrial section of the city, according to agents for Mr. Eberlein. Mr. Eberlein has asserted additional land to permit the Oregon Trunk to expand to any of the projected industrial plant sites near the proposed terminal.

Strahorn Starts Survey, Klamath Falls, Or., June 6.

Announcement was made here last night by Robert E. Strahorn, president of the Oregon, California & Eastern railway, that surveys have started on the projected Modoc Northern line, looking toward its possible construction to Malheur, about 30 miles south and east of Klamath Falls. A party of engineers was put in the field yesterday to relocate this line.

At the same time Mr. Strahorn made public the fact that the Southern Pacific has likewise provided the needed funds for the

FUTURE BUYING OF CANNED GOODS IS DISCOURAGED

A transmission period in the eyes of the future in the east is having a material effect here, according to reports by local sellers, and will have more and more of an effect as the new system becomes more general. It is stated that system is a discontinuance on the part of the eastern jobbers in the buying of future in canned goods and holding off on their buying until the pack is put up.

In one or two of the biggest east era buying centers jobbers have reached an agreement to defer all orders until the pack is canned, according to information given out by one of the best known of the selling agencies and this movement it was stated, is gaining ground and no doubt will become a general proposition.

Many canners have wished that such a condition could be brought about, but, it is stated, it will work more or less of a hardship on the smaller fellow and the producer who have to carry the load until the pack is on the shelves and the jobbers are ready to buy. In some instances, it is said, this might cause a small amount of demoralization as the smaller canners may be compelled to make frantic efforts to sell for financial reasons. It is expected, however, if the practice becomes general that the canners can readjust the situation to meet the conditions.

TAX COLLECTION SUIT STARTED

The interests of county courts and taxpayers throughout the state are involved in a mandamus proceeding that has been instituted in the supreme court by the state land board against the Coos county court for the collection of interest, penalty and costs on 1921 taxes on Coos county land on which the land board holds a mortgage.

Collection of these funds is authorized by an act of the 1925 legislature, and the attorney general has written an opinion holding that the act, which carried the emergency clause, is mandatory. Some county courts, including the Coos court, hold that it is directory and are refusing to remit. While less than \$100 is involved in the Coos county case the principle attached to the case is state-wide.

K. C. BUILDS MILLION DOLLAR PLAYGROUNDS

Rome—Thousands of poor Roman children soon will be reaping the benefits of playgrounds and shower baths in true American up-to-dateness. These benefits have been made possible by the Knights of Columbus who, in response to a request from Pope Pius XI, are spending \$1,000,000 on a charity project that Rome might otherwise never have heard of.

You Can Find Them in The Capital Journal Classified Ads

Capital Journal classified ads will save you unlimited trouble should you be seeking a maid, a cook, a chauffeur, a bookkeeper, or any other experienced or unexperienced help, or if you have anything to sell or trade or something you want to buy at a bargain.

Progress

Two recent developments have focused public attention on Graham Brothers Trucks as never before.

One was the sweeping price reductions of May 15th, ranging from \$80 to \$160.

The other was Graham Brothers ascendancy to leadership by building more 1 1/2 ton trucks than any other manufacturer in the world, during the first quarter of 1925, and by achieving second position in the 1 ton and 1 1/2 ton fields combined.

Progress such as this deserves public attention—and eliminates all doubt as to the logical truck to buy!

One Ton Chassis \$1,360; 1 1/2 Ton Chassis \$1,595 delivered.
