BOY KILLED CLIMBING FATHER'S TOMBSTONE
Chicago, June 7.—The tombstone over his father's grave in Walkway cemetery and which fell when he attempted to climb it, resulted in the death today of Lester Lacleche, five-year old. His mother was joining flowers to the grave and sobbing as the boy tried to climb the slender shaft three feet high. He toppled over, fracturing his skull.

GIBBONS LOSES TO GENE TUNNEY IN 12TH ROUND

New York, June 6.—(A. P.)—The shadow of a heavyweight who climbed to pugilistic fame out of the trenches of the world war today stretched across the path of Jack Dempsey.

Gene Tunney has done what no other heavyweight, not even Dempsey himself, has been able to do—conquer Tom Gibbons by a knockout.

After 11 rounds of fighting without thrills at the Polo Grounds last night the former A. P. light heavyweight champion sent out the game veteran from St. Paul down for the count under a smashing right to the chin in the twelfth.

The crowd was stunned. In the round before it had booed the two men for failure to put up the hot fight which had been expected, but apparently Tunney alone was aware that his foe, a veteran of 27 years, was waiting for the gruelling fight to close near. After one minute and 26 seconds of the twelfth round Tunney put out one of the most formidable heavy weight contenders in the country.

A right which felled Gibbons in a neutral corner so dazed him that he was unable to get his bearings as he arose. Tunney landed another wallop to the chin and this time Gibbons was finished. The winner whom Dempsey has promised to meet, fought well throughout, but Gibbons appeared only a shell of the greater boxer who stood off the champion at Shelby. Only in the eighth did the St. Paul man treat his audience to fireworks.

While Gibbons fought, his wife lay ill in a St. Paul hospital. The fighter's friends said that worry over her condition undoubtedly had something to do with his defeat.

Post-fight statements follow: "Tunney—"If the fans think I should fight Harry Wills first, I am ready to take him on at any time this summer, but I really think the knockout over Gibbons is enough to earn a match with the champion."

Gibbons—"I don't remember what round the bout ended in. I fought the best I could, but the best I had was not good enough; that's all."

Every Salem bank will be represented at the meeting of the Oregon State Bankers' association to be held at Corvallis June 11 and 12. An excellent program has been arranged including a talk by Secretary Jardine.

From indications the talk will not be particularly along prohibition lines, although the words "law enforcement" have become synonymous with that thought, but will deal with the present absorbing topic as to whether or not Salem is becoming too energetic in the line of traffic violations and arrests therefor.

It is understood that the mayor will outline the viewpoint of officers regarding enforcement of laws, particularly as to the driving of a car.

The mayor names the chief of police now with the confirmation of the council and consequently the mayor is considered directly responsible for law enforcement conditions in the city and for that reason he was asked to give the city's side of the story that Salem is a little too energetic in the enforcement of traffic laws and consequently is driving tourists to take the west side highway who otherwise would come in Salem's direction.

Loeb may die PHYSICIANS AT JOLIET FEAR
(Continued from page 10)

At his guards, he has raved and sobbed. "Buddy! I want Buddy!" he cried repeatedly, also calling for his mother.

"Buddy" was taken to mean "Patches" Reinhart, Leopold and Loeb's girl companion, in the days before they killed young Frank and were sentenced to prison for life.

If Loeb does recover from the mauling attack, he may face a life of insanity. It was indicated by Dr. Herman Alder, state criminologist, who reported that the

green, recorded 15 deaths due to heat yesterday.

Hospitals were crowded. Ambulance staffs worked unceasingly throughout the night. Eight cases of prostration required medical attention. More than 15,000 persons slept in parks last night, many using sheets and pillows.

Thirteen more persons died in Philadelphia when the mercury broke all high records for June with a temperature of 109.3. Numerous cities exceeded the 100 mark. The government observation station at Keedysville, Md., recorded 104 degrees. Four more died at Baltimore in a temperature of 101. Other high records in Jersey City, 101, Middletown, N. Y., 102; Poughkeepsie 100, Toronto, Canada, registered 94, the hottest June 5th in 85 years.

Cool breezes brought relief to a few sections.

POLITICAL ISSUES TAKE FORM EARLY
(Continued from page one)

friends of both are positive in their declarations that the opening of the fight will see the hats of their respective candidates in the field, and both are firing conspicuously with public favor at every opportunity.

Patterson, it is understood, will go into the field with the pledged support of the old republican machine in the state, which he served in the capacity of chairman of the state central committee in the last campaign, while Hall's backers are proclaiming him as a business man candidate, pledged to a business administration.

There will, of course, be determined opposition to both of these candidates and efforts to inject others into the battle are sure to develop, but there are no other bright stars in the political heavens just at this time who have any of the earmarks of gubernatorial metcres.
