## HEALTH SERVICE IS AUTHORIZED AT WILLAMETTE

An organized health service was authorized at Willamette university by official action of the board of trustees at its meeting here yesterday. The action comes as a result of considerable agitation and long consideration on the part of the board. One outstanding reason why the service was desired, especially by many women alumni, was to make Willamette women graduates eligible to the American association of University women, a national organization of women. The only requirement remaining after the health service is established will be to place women professors on the same financial basis as men instructors. The academic standing of the school has long been sufficiently high to satisfy the requirements of the association.

For the most part men graduates have been indifferent as to whether or not the health service was established.

Guy Rathbun, athletic coach at the university for the past two years, was re-elected for another year yesterday. The resignation of Mrs. Rathbun as physical instructor for women was accepted, and President Doney this morning stated a full-time woman instructor will be secured to take her place. Action was taken by the board to add one instructor to the biology department of the university. The department is headed by Morton E. Peck.

Several members of the faculty were given increases in salary, al-

though the names of professors and amounts of the increases were not disclosed.

The matter of an alumni secretary, repeatedly requested by the alumni association, was lightly passed over and referred to committee. It is not known whether definite action will be taken by the committee or not.

## STATE BANKERS MEET THURSDAY

Corvallis, June 10.—Advance reservations for the convention of the Oregon Bankers' association, which convenes here Thursday, indicate that virtually every part of the state will be represented and that outstanding financiers of the north west will be here.

Andrew Miller, Portland, secretary of the association, will arrive in Corvallis tomorrow in preparation for the meeting. Other officers are expected in the city before the session opens.

Senator Charles Hall of Marshfield is among the earliest arrivals for the gathering. Hotel Benton officials predict that the hotel will be nearly filled during the convalescence, according to the reservations already received.

A debate Thursday night in the high school on the question of levying a tax on small check accounts will open the convention in a lively manner, it is believed.

All bankers, chamber of commerce and service clubs have signified an intention to assist in showing the visitors a real convention spirit. Committees have completed their plans and everything is in readiness for the meeting.

## CONGRESSMAN SENT TO JAIL ON CONTEMPT COUNT

Pikeville, Ky., June 10.—Released early this morning after serving a sentence of 10 hours and payment of a fine of \$10, both for contempt of court, Congressman John W. Langley, republican, Kentucky, will face a charge of drunkenness today before Police Judge P. M. Marx, who heard the charge in part yesterday and who sentenced him for contempt of court.

Judge Marx fined the representative \$10 when Mr. Langley, with an oath, declared that whoever swore out the warrant against him swore to a lie. The judge considered oaths in denial of the charge as further contempt of court and ordered him imprisoned for 10 hours. Mr. Langley's jail sentence officially was at an end at 2 o'clock this morning. The warrant against the Kentucky representative was sworn to by Mrs. W. P. Hendricks. A deputy sheriff in making the arrest said he found Mr. Langley only partly clothed in a downtown building.

Mr. Langley has been in the public eye on numerous occasions in the last year, most of which dealt with federal indictments against him for alleged withdrawal of liquor from government warehouses. He was convicted on one of the charges and faces an Atlanta federal prison sentence. Recently his detention was taken over on a similar charge to be heard in Washington in a few months. He also was arrested on a charge of drunkenness before in Washington, where a woman police lieutenant swore a warrant against him.

## FOX PLEADS GUILTY TO NON-SUPPORT CHARGE

Dallas, Or., June 10.—John Fox, who was arrested at Independence on a bench warrant Saturday night, was taken before Judge Ramsey at McMinnville, Tuesday, and entered a plea of guilty to a charge of non-support. Judge Ramsey sentenced him to six months in the county jail but suspended sentence on condition that Fox contribute \$20 a month toward support of his wife.

Fox was indicted last spring by the grand jury but could not be located. Sheriff Hooper instituted a still hunt for him and picked him up as soon as he appeared back in his old haunts.

## ALFALFA FIVE FEET TALL

Jefferson, Or., June 10.—John Hampton, farmer near Jefferson, has eleven acres of very fine alfalfa. He planted the seed a year ago this spring as an experiment. It has made a wonderful growth, some of it being five feet in height. The crop was quite a curiosity to the people of the community. Mr. Hampton will cut the first crop as soon as the weather is favorable.

## ROCKET TRIP TO MOON FORECAST

Boulder, Colo., June 10.—Human transportation to the moon by means of huge rockets may be a possibility in a few years—so rapid are the present day strides in science—in the opinion of Dr. Watson Davis, managing editor of "Science Service."

"I am confident that in a few years a rocket will be perfected for making a trip, a la Jules Verne from the earth to the moon," declared Dr. Davis in an address before the 18th annual convention of the American Society for the Advancement of Science here. "A model of such a rocket is now under construction," he said.

Dr. Davis also foresees the day when science will make possible the transformation of idiots into citizens through scientific treatment of the glands and an area in which millions will be fed from synthetic food of Colorado's oil shale.

## BACCALAUREATE SERVICE IS HELD AT MILL CITY

Mill City, Or., June 10.—Baccalaureate services for the students of the Mill City schools were held at the Presbyterian church Sunday evening with Dr. D. V. Poling of Albany delivering the baccalaureate address. The procession was played by Mrs. Nina Wadsworth Kahler, invocation by Rev. C. Stanley Knott, selection by quartet composed of Louie Daves, Robert Olin, Earl Catherwood and Arthur Mason, solo, "Fear Not O Israel," by Louie Daves, solo, "Ariele Ye People," by Miss Mildred Strevey. Dr. Poling did not give a regular sermon, but rather a "Big Brother" talk to the boys and girls.

## BOYS GIVEN 60 DAYS FOR STEALING TIRE

Dallas, June 10.—Bob Stevens and Pete Snaezel, transient youths from Washington, pleaded guilty to the theft of a tire from Gordon Trent of Falls City on Tuesday and were sentenced to 60 days in jail by Justice of the Peace Coad.

## Gerard Cleared

New York, June 10.—(A. P.)—James W. Gerard, former ambassador to Germany, was cleared today of the charge of contempt of the supreme court of New York, based on his failure to appear for examination.

One dose will comfort or money refunded. J. C. Perry, D. J. Fry and druggists everywhere.—Adv.

## The Cost of a Roof Is In the Upkeep!

Leaks, patching and replacement will eat up what you think you save when you lay cheap roofing. For this reason, we strongly recommend our Extra Clear cedar shingles. They are much heavier than Star A Star and are 100 percent clear. They can be laid faster, will wear longer and look better. Properly laid, a roof of Extra Clears should be good for a century.
