There are 8 inserts of gray mottled paper. The cover is Malloy imitation leather, gray with gold in the design. The design itself is of local origin, contrary to the usual custom even with college annuals. It was drawn by Nathan Buell, winner of the Albert prize for the present year. The book has been dedicated to Miss Hazel Paden, art teacher at the high school. The art work used in the book was turned out by Miss Paden's department.

Miss Ada Ross, English instructor, is advisor for the publication. Cecil Edwards is editor and Jack Alinto manager.

A feature of the book is the athletic section, which carries two cuts to a page, the cuts being individual outline pictures of players. There are full page group pictures of the tennis, track and baseball teams. Senior panels run up and down on the outside edge of the page, being grouped 5 to a panel. The junior section consists of full page cuts, pictures of 29 students placed in each cut. There are sections for societies and other organizations of the school.

The medical idea has been worked out in all art work, numerous pictures of trumpets, chargers, pages, knights, and other things characteristic of the middle ages being worked into the designs.
