GIRLS' SCANTY CLOTHES MAKE GOOD HEALTH

London, June 12.—In view of the low cut neck, short skirts and spidery stockings, which are now the mode, girls have a better chance for health than boys, who usually wear too much clothing in the opinion of Dr. Leonard Hill of the national institute of medical research.

Because of these fads, women and girls permit more of the ultra violet rays to enter their bodies, and if the fashion continues, he avers, it is probable that statistics will eventually show that they are the healthier of the two sexes.

"I have no doubt," says Dr. Hill, "that in the near future, both men's and women's clothing will be designed with a view to allowing the body to receive a plentiful supply as possible of the sun's rays."

Suffered for 15 years with constipation—Kellogg's ALL-BRAN brings relief in 3 weeks

Butte, Mont., June 12.—G. A. Lausler, head of the Lausler-Wolcott brokerage company, was found dead in his home here this morning. The Lausler-Wolcott company became insolvent last week.

Constipation paves the way to many harrowing diseases. But Mr. Williams' letter carries a message of cheer:

"I have been using your ALL-BRAN for the past three weeks and it has done more for me than anything I have tried in the past fifteen years. . . I was troubled with hemorrhoids for years. About 18 months ago I was operated on with very little relief. I tried everything under the sun. Then my wife suggested Kellogg's ALL-BRAN, and I say truthfully that it is the only thing that ever gave me relief. Yours truly, G. A. WILLIAMS, 1508 Broadway, Indianapolis, Ind.
