Miss Louisa M. Hacker of Portland was elected president of the Oregon Federation of Business and Professional Women's clubs Saturday at the final session of the annual convention in Salem. Miss Hacker, who is associated with the O. W. R. & N. railroad office in this city, has long been a prominent and valued member of the Portland Business and Professional Women's clubs. She was chairman of transportation when the national convention met in Portland two years ago and distinguished herself for the efficient manner in which all transportation matters were cared for.

"An effort will be made to draw all of the clubs in the federation into closer contact during the coming year," said Miss Hacker this morning. "We already have several plans in mind which will, we hope, eliminate the somewhat isolated feeling that exists, and one of these is the publication of a monthly bulletin. A representative of each of the 12 clubs in the federation constituted a committee on this matter and they will meet soon to work out plans for financing and circulating the bulletin, which we hope will make its initial appearance about September 1. We also hope to hold direct meetings during the year, and the suggestion that board meetings be held at different points in the state is also favorably received. Then, too, our constitution was so amended that the president of each federated club is now a member of the council, with a vote and this we think will tend to create a more cordial feeling."—Oregon Journal

Mrs. B. C. Miles and Mrs. F. A. Elliott spent several days last week in Portland where they attended the yearly meeting of the Friend's Society. Mrs. Miles returned Saturday evening.

An interesting letter received this week from Mrs. Allen, Jr. (Ruth Auetin) who for two years before her marriage was society editor of the Capital Journal and who is now living in Paris, contains much news of Salemites who are abroad. Mrs. Allen writes that she has been seeing much of Mrs. W. H. Burghardt who is studying music in Paris. They have taken a number of eight seeing trips together. Excerpts from her letter follow.

"Mrs. Charles McNary, I noticed, was registered at a hotel here here when Mrs. Burghardt went to call on her she was not to be found. I don't know where she is now. Our other Salem representative, Franklin Launer, left for home this week. Laurence Davies from the Portland Telegram is here now with his wife, a former Salem girl, Edna Gilbert. He has a short time place on the Herald so they will be here until the latter part of June.

"Of course we feel sorry for the French but we feel quite elated over the present exchange rate which is at the highest point since we have been here, nearly 20 francs to the dollar. It is difficult for the French. We have some friends who were planning a trip to England and Switzerland and the poor little French francs dwindle fast when exchanged for 'good' money.

"May being the big season in the Paris social and theater world there have been numerous things to do this month. Chalfin is here in Boris Godounov and the French are crazy about him as well as Kousewitzky, director of the Boston Symphony who is giving a series of concerts with a hundred of the best musicians of the city. Yesterday they played Deems Taylor's 'Thru the Looking Glass' taken from Alice in Wonderland. We found it intriguing and charming but the French didn't get the spirit of it at all and there was some hissing and whistling. The Anglo-Saxons in the audience applauded vigorously. . . . Hetta was here and didn't make much of an impression, perhaps because his program was poorly selected for an appearance here.

"Bernard Shaw's Saint Joan is making a big impression here. The consensus of opinion seems to be that the technical part of the production is a little less effective than the London and New York pieces but the sentimental emotional part is magnificently done. It is the most moving play I've seen since I've been here. The 'Chauve Souris' is back and as usual Paris crowds flock to anything that is Russian.

"The exposition of Decorative Arts is perhaps of prime interest just now. Paris looks as though it had the measles but outside of that we like the show. The countries have tried to outdo each other in putting up modern buildings and presenting modern tendencies and the result is that there are some extremely beautiful things as well as some horrible nightmares.

WOMAN'S BACK STOPPED ACHING

I Suffered Three Years. Relieved by Taking Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I have a little girl three years old and ever since her birth I have suffered with my back as if it were broken in two and I had a bearing down feeling all the time. I also had dizzy spells and was sick at my stomach every month. I had read several letters from women in the newspapers and the druggist recommended Lydia E. Pinkham's Vegetable Compound to my husband for me. As a result of taking it my back has stopped aching and the awful bearing-down feeling is gone. I feel stronger and do all of my housework and tend to my little girl. I have also taken Lydia E. Pinkham's Liver Pills for constipation. I have recommended these medicines to some of my friends and you may use this letter as a testimonial if you wish. I will be pleased to answer letters of other women if I can help them by telling them what this medicine has done for me."

Large Red Pimples Itched and Burned Cuticura Healed

"I was bothered with large, red pimples on my face. They festered and scaled over and itched and burned causing me to scratch and irritate them. The scratching caused eruptions and I could not shave myself on account of them. I lost many nights' sleep on account of the irritation. The trouble lasted about two and a half months. I tried different remedies but they did not do any good. A friend told me about Cuticura. I had seen an advertisement so I purchased more and in two months I was healed."
