SHORT CUT TO NEWPORT SOUGHT

Vacation tourists from Salem and the Salem district would be brought 48 miles nearer to the Lincoln county beaches by a proposed new highway through Dallas, Falls City and the Siletz valley, a proposal for which has been presented to the Polk county court for consideration by the Lincoln county commissioners. The proposed highway would make an almost direct line between Dallas and Newport beaches and would eliminate the circuit route to those points through Corvallis on the present Newport highway.

The proposal has evoked much comment here and has aroused considerable enthusiasm for the project. It is pointed out that it would draw tourists traffic from a district around Salem of some 40,000 people and would put Dallas on the through highway to profit from this patronage.

Actual undertaking of the new road is dependent upon co-operation between the Lincoln and Polk county court both of which would be required to prepare roads through their districts.

WOODRY TO HOLD GRAND OPENING

A free lunch and coffee will be served at noon on Thursday, June 25, as part of the grand opening of F. N. Woodry's new auction house. A free dance, with a five-piece orchestra, will be staged at night.

The new auction market has been opened at the corner of North Summer and Norway streets, Salem, by F. N. Woodry, auctioneer, with a well established local reputation. The market is situated opposite Mr. Woodry's home, and on the west side of North Summer street. The property measures 110 by 125 feet and comprises a full quarter of a block.

The building itself measures 123x24 feet. In front of the building is an open shed, measuring 30 by 44 feet, under which the auctions will be held. It is planned to stage one auction each week, a day being specially set aside for that purpose.

Mr. Woodry declares that on a trip through California, taken by him last fall, all cities through which he passed were found to have auction markets similar to the one established by him. Only cities of small size were without such markets.

The accumulations of each week will be disposed of by means of the weekly auction. Machinery, furniture, household goods, implements, horses, cattle, hogs, poultry and other things will be sold at the market.

Mr. Woodry has been in the auction business in Salem for 16 years.
