

### WOMAN ADMITS MURDERING MAN WITH A KNIFE

San Francisco, Cal., June 23.—(A. P.)—Mrs. Elsie Lotte and Mrs. Frank Howard, who shared a downtown apartment, surrendered to the police at sunrise today and were charged with the killing of Albert Anderson, a United States customs guard. Anderson's body was found in the apartment house elevator on last Sunday night.

The women appeared at the hall of justice after a story appeared in the Examiner quoting them as saying that Anderson was slain in their apartment. The women, the police said, admitted the newspaper account was correct and not the story they told yesterday, denying responsibility on the strength of which they were released.

The Examiner account says Mrs. Howard met Anderson in the street near the apartment on Sunday night after a flirtatious approach. They had not been introduced previously. Accompanying Mrs. Howard to the apartment, Anderson met Mrs. Lotte and a new found acquaintance known as Grigay (r) whom the police are searching. Anderson, the newspaper story recites, had been drinking and continued drinking in the apartment. He then became abusive, was ordered to leave by Mrs. Howard, refused and struck her in the face. Mrs. Howard then claims he drew a pistol from his pocket and was preparing to shoot when, in self defense, she grabbed a knife and drove it into Anderson's side near the heart. He was then picked up by Grigay, Mrs. Lotte and Mrs. Howard and stowed into the apartment elevator, dead. Anderson was divorced last Thursday.

### LADD FUNERAL NOT ARRANGED

Washington, June 23.—(AP)—Completion of arrangements for the funeral of Edwin F. Ladd, senior senator from North Dakota, awaited today the arrival of his body from Baltimore where he died yesterday and the arrival of six sons and daughters from various cities.

It is expected, however, that funeral services will be held here tomorrow, after which the body will be placed in a vault to wait until Mrs. Ladd is able to make the trip to North Dakota.

Mrs. Ladd was seriously affected by her husband's death. The senator's death was held due to kidney trouble which arose as a complication of neuritis and rheumatism for which he was being treated at the hospital.

### HUSKIES LOSE TO NAVY OARSMEN IN HEATED RACE

Poughkeepsie, N. Y., June 23.—(By Associated Press)—The eight oared crew of the Naval Academy again rules the intercollegiate seas as the result of the annual regatta on the Hudson, but not by such an overwhelming margin that the admirals have anything particularly to brag about.

Eight broad backed, brawny middlemen brought the varsity rowing championship back east last evening by conquering Washington, two time champions, in a thrilling, spectacular four mile duel, but at the finish they were only three quarters of a length ahead and losing distance with every stroke.

Washington's trans-continental quest for a third straight triumph—something that no crew has gained on the Hudson since Cornell did it in 1922—ended in failure but "Rusty" Callow's Huskies lost no prestige. They had the power, the drive and strokes to match those of the Navy, but they lost because they were out-manuevered, out-gunned at the critical stage of the race.

The Navy owes its brilliant triumph, in the final analysis, more to superior strategy than anything else. It was the sudden spurt of the sailors, an unexpected and daring dash at the three mile mark that won the race for them. They jumped into a lead of a length and a quarter before Washington realized what was up, a margin which saved the day for the middlemen.

This sudden drive took most of the wind out of the Navy's sails, but the momentum was enough to carry it on to victory in spite of Washington's final rally. That final bid of the Huskies to retain their title was beautiful to see, but it was an epilogue. Had there been another 100 yards, another story might have been told.

The victory put the Navy one up on Washington in the battle these rivals have staged in the past few years. They had met twice before, the middlemen rowing to triumph in 1922, but losing in 1923 to the far westerners. Annapolis was not represented last year when Washington won again.

Thus the "outsiders' crews participating in the regatta by invitation, continue their domination of the "big four" of the intercollegiate rowing association—Cornell, Syracuse, Columbia and Pennsylvania. To rub it in a trifle, Wisconsin, finishing fast after a bad start, brought up in third place yesterday, after finishing second a year ago. The west has no apology to offer here.

Behind the Badgers came Pennsylvania, Cornell, Syracuse and Columbia in order. Except for the Quakers, who were themselves out trying to keep pace with Washington and the Navy for the first mile and a half, none of the other eastern crews menaced the pace setters.

From the start to finish it was a private matter between the Huskies and sailors.

Washington packed up for home today with one trophy in her bag, however. The Huskies romped off with the junior varsity honor in the first of the two mile preliminary races after which Syracuse captured the freshmen event.

"Germany is the only country in the world which is not asking France for something just now."

### Moist, sweet, cool —this is pipe tobacco!

Three things determine how good a pipe tobacco is going to smoke:

- (1) the quality of the tobacco itself,
- (2) the way it's mellowed,
- (3) how it's cut.

And in making Granger we give utmost care to all three. We use fine, old Burley tobacco. We mellow it by Wellman's famous secret method. And then we give it the exclusive Granger "rough-cut." And the result is a rich mellowness and cool fragrance like nothing you ever smoked before!
