$250,000 LOSS IRWIN-HODSON PLANT BURNS

Portland, Ore., June 23.—Short circuited wires early today started a fire at the Irwin-Hodson Printing & Engraving plant at Fifteenth and Glisan streets, causing an estimated loss of $250,000.

The blaze was discovered at 4:35 a. m. by the janitor when he came to work. He ran to an adjacent engine company and turned in the alarm. When fire companies arrived the whole interior of the building was a mass of flames.

Automobile license plates for several western states were stored in the basement and were believed to have been ruined. The loss is covered by insurance, company officials indicated.

It was feared that several thousand Montana plates, together with smaller quantities intended for Nevada, Utah, Arizona, Wyoming and Idaho, were ruined.

The fire, Battalion Chief James Dillane said after a preliminary survey, started in the badge manufacturing department on the second floor. Badges for the Rebeccas, Odd Fellows and kindred organizations were being manufactured there, and there was a large amount of material stored in that department.

A large stock of paper was ruined by water. Presses were ruined, type cases burned beyond repair and printed pamphlets, catalogues and other pieces of printed material on the second floor destroyed.

Fire damage was confined principally to the second floor, but so many thousands of gallons of water were poured into the building as to practically ruin everything on the first floor and in the basement.

Under the blue sky act a permit was issued the Arnold-Junction City-Horton Auto Rail company to sell stock in the sum of $20,000.

Real Beer

Sale of beer containing 4.4 per cent alcohol in Windsor, Ont., under a new law, has resulted in thousands of Americans crossing daily from Detroit, Mich., on the 5-cent ferry to sample the brew. No drunkenness resulted, according to report. Frank W. Foster, of Walkerville, Mich., was the first American to obtain a drink at the Prince Edward Hotel. The law requires the beer to be drunk at tables and not at bars.

PLAN TO CUT TAXES $300,000,000 NEXT YEAR

Washington, June 23.—(A. P.)—An administration tax program to reduce the present tax burden by $300,000,000 has virtually been completed for submission to congress next fall.

That agreement has been reached on most of the major features of the program was revealed after a conference between Secretary Mellon and Chairman Green of the house ways and means committee. The two were said to be in accord except on the question of repealing estate taxes.

COOLIDGE OFF FOR VACATION AT SWAMPSCOTT

Washington, June 23.—(A. P.)—President Coolidge left Washington today to spend the summer in Swampscott, Mass.

Washington, June 25—Only a cabinet meeting, perhaps the last to be held this summer, stood today between President Coolidge and his vacation.

With his departure for the summer White House at Swampscott, Mass., set for early afternoon, Mr. Coolidge devoted the morning to a last minute checkup with his cabinet and to arranging for a "transfer of the major business of his office."

Practically every important pending question has been disposed of by Mr. Coolidge today, although a few appointments remain to be made and he still has under consideration some reports from the tariff commission recommending changes in duties. An office has set up for the president in Lynn, Mass., and with part of the executive force there, including Secretary Sanders, he will carry on such business there as arises during the summer.

Mr. Coolidge has not announced plans for his program while in Massachusetts. For a time, however, it is expected, he will remain close to the spacious home at Whitecourt, where he and Mrs. Coolidge will stay, resting from the cares of office. It is likely that they will remain on the Massachusetts coast until fall, breaking their stay with a visit to Plymouth Vt., the home of the president's father.

PROGRESSIVES URGED TO PICK STRONG LEADER

Madison, Wis., June 23.—The progressives of the nation are looking to those in Wisconsin "to make no mistake at this critical hour," said George W. Norris, republican, Nebraska, today in a formal statement. He came here to attend the funeral yesterday of Senator Robert M. LaFollette.

"The death of our great leader must not be taken as any disintegration in our ranks," he said. "Petty jealousies and personal ambitions must be forgotten.

"The banner of human freedom that has fallen from his hands must be raised aloft and the fight carried on until happiness shall come to every home and joy be enthroned at every fireside."

Senator Norris conferred last night with Mrs. LaFollette and with several leaders of the LaFollette followers in the state. A special election for the selection of a successor to Senator LaFollette probably will be ordered in the near future by Governor Blaine.

A proposal has been put forward that Mrs. LaFollette become a candidate but she has made no public announcement as to her attitude. Meantime, the names of several prominent persons in the state organization have been discussed, including Governor Blaine, Fred Zimmerman, secretary of state, and Congressman John M. Nelson, who managed the senator's campaign last year.

In his private practice Dr. H. S. Thacher demonstrated that such symptoms as Indigestion, Gas on a Sour Stomach, Belching, Dizziness, Colds that Hang On, Sick Headaches, Constipation, that Tired Feeling and a general Run-Down condition of the System are often the result of a Sluggish Liver—and that relief in such cases comes quickly when the Liver is properly Cleansed and Toned and the System is working normally again.

Why This Gives Relief

When working as Nature intended your Liver does three things necessary to keep you feeling your best. First, it purifies your BLOOD, every drop of which passes through the Liver every fifteen minutes. Second, your Liver furnishes the essences that are essential to perfect DIGESTION. Third, your Liver supplies the secretions Nature uses to lubricate your intestines so that your Bowels can move naturally, gently and regularly every day. When your liver becomes sluggish it cannot do these three things; consequently you suffer from one or more of the symptoms above described.
