FIRST CAR OF BLACK CHERRIES TO MOVE TONIGHT

FIRST FRUIT TO GO TO NEW YORK ANNOUNCEMENT

The first car of black cherries will roll for eastern markets from Salem tonight. The black cherry growers pool is to start the eastern shipments from here with an iced car of Marion Brand quality fruit headed for New York tonight.

Short receipts yesterday for a time gave promise that no cars would go out of here this week but combination of the pool with other packers, principally Denney and Young and Wells, made possible a car lot for today. Indications are that no single firm will have cars ready before Monday or Tuesday of next week when the steady run will begin to last thru the season.

The pool's packing rooms in the Pacific Produce company plant at High and Trade streets was running short handed this morning and work was being rushed to get the 1164 boxes necessary for a full car packed before night. They were operating two belts and sorting tables today with the announcement that a third would be added the early part of next week.

The fruit that was being packed today showed almost no damage from the recent heat spell and was in condition to head the market as quality fruit.

WOOL MARKET IS HELD STRONGER

Boston, June 27—The Commercial Bulletin says today:

"The wool market is broader and slowly strengthening, both on fine and medium descriptions. Reports from the goods market indicate a better demand for worsted as well as woolens and knit goods. Top markers and spinners are getting much better business at better prices. In the west, the market is firm to slightly dearer.

"The foreign situation has centered on the position in Australia, where it has been decided finally to resume sales July 13, with offerings of 120,000 bales monthly in July and August, a moderate offering. A number of buyers have left to attend the London colonial auctions, commencing July 7. Bradford is rather quiet but generally firm.

"Mohair is rather inactive but steady."

The Commercial Bulletin publishes the following quotations:

"Mohair—best combing 78@80c; best carding 65@70c.

"Oregon: eastern No. 2 staple wool $1.30@1.32; fine and fine medium combing $1.20@1.25. Eastern clothing $1.05@1.16. Valley No. 1, $1.10@1.15."

LACK OF CHERRY PICKERS CAUSES GROWERS WORRY

Continued complaint from cherry growers of shortage of pickers was being reported this morning with some growers declaring that unless more help was made available they would lose their entire crop. Difficulty was found in compiling the scattered reports to indicate the number of helpers yet needed but estimates were current that nearly 200 people were needed for the harvest of the next week.

Growers of the black cherry pool have had some difficulty in harvesting but expect that the problem will take care of itself by the middle of next week, according to Geo. Vick, head of the pool. Vick speaks the opinion of several of the more optomistic buyers and growers who believe that a natural influx of workers next week when the cherry picking sets into full swing will satisfy the present shortage.

AGITATE FOR LOCAL OPTION IN GERMANY

Berlin, Germany.—Local option as a means of checking the excessive dispensation of alcoholic drinks was demanded by the Berlin Federation of Welfare Workers at the end of a week of propaganda meetings held here recently. For moral, cultural and economic reasons it was believed that the communes must be given the right to determine whether or not, and how many licenses, for the dispensation of liquor should be granted.

BUTTER ANG EGG PRICES SLUMP; POULTRY SLOW

Portland, June 27—Butter and eggs declined in the local market at the close of the week. Supplies were none too plentiful but values were apparently too high for other markets.

On the dairy exchange extra and prime first butter ranged a full cent lower while standards and firsts were posted a half cent lower. Then decline in cubes did not affect prints other than to decide definitely against any contemplated advance over the week-end. Cream production has not shown any improvement and it is hardly likely that the decline in cubes will continue.

Eggs ranged a cent lower on extras, firsts and pullets while current receipts declined a half cent. Arrivals are not heavy and the lower prices may help to keep supplies moving into consumption as most of the storage movement has been completed.

In the country dressed meat list calves closed slow and weak at a 13 cent top with some of the commission houses forced to carry veal over. Choice light hogs worked higher during the week, closing at 18½ to 19 cents. Arrivals were not sufficient for the demand.

Poultry is slow with only a moderate call. Supplies are liberal and prices barely maintained.

Mill feeds are lower today. Dealers put into effect $1 decline on barley, oats, scratches and mashes and a $2 decline on corn and mill run.

BASEBALL CLAIMED OLD INDIAN SPORT

Springfield, Ill.—Playing ball was Amelca's national sport before Eric the Red discovered Greenland, and the baseball leagues of today are not very different from the circuits that drew big crowds to its games when Daniel Boone was cutting his first teeth on a bear-claw necklace.

Additional proof of this is found in the autobiography of Black Hawk, last of the great Indian war chiefs who fought in Illinois. He told of the great ball games that used to be played among the tribes in the Mississippi valley, and related that from 500 to 1000 persons often played on one side.
