BUILDING SALEM

New industries are building Salem and Salem will continue to grow as more new industries are established. At the present time prospects are good for the establishing of several new manufacturing plants here that will give employment to several hundred men and women. It is thru the cooperation of every buyer of merchandise (the housewife most of all) that is making Salem the seadiest growing city in the Northwest. Spending your money in Salem is what does it. Buying everything that you need from Salem merchants will enable the merchants to carry large and varied stocks, they will be able to buy cheaper because of larger orders and the consumer as a whole will pay less for standard merchandise than they would if half the population were buying thru mail order houses.

Trade at home and watch Salem continue to grow.

Have You Perfect Vision?

Outwardly and inwardly, the human eye is a wonderful piece of mechanism—and yet how many thousands of people there are who use their eyes every waking moment of their lives in total ignorance of this.

If the needs and proper care of the eyes were better understood there would be less suffering, less blindness, less sorrow and regret.

At the first indication of trouble the eyes should be carefully examined and their needs ascertained. Properly fitted glasses will aid all defects of vision.
