

BERRIES FEW AND PRICES HIGH ON PORTLAND MART

Portland, July 1.—Extreme hot weather a few days ago was almost disastrous to the soft fruit crop and the already short yield was further reduced. New market prices are reflecting the moderate offerings and working higher. Today good strawberries are worth \$3 a crate wholesale and very scarce at the level. They brought \$2.50 to \$2.75 on the early growers market. Loganberries, usually plentiful this late in the season are in moderate supply and prices are holding around \$2 a crate. Raspberries and black-caps are also showing a good steady market with prices ranging from \$2.50 to \$2.75 on the former and \$2.25 on the latter. There is an easier tone in the local egg market with extras and firms posted a cent lower on the exchange at 35 and 34 cents respectively. Other grades are unchanged. Cube extras are a half cent lower in the local butter market, at 45 1/2 cents on the exchange. All other grades held steady but the undertone of the market is not so strong. Cream receipts are still short. No change is shown in country dressed meats. Veal receipts were liberal along the street today but prices were maintained at 12 1/2 to 13 cents for the lightest, light hogs are scarce and firm at 18 1/2 to 19 cents. Old ducks and light springs are dragging in the local poultry market. All other classes appear steady.

LIVESTOCK Portland, July 1.—Hogs steady; receipts none; heavy weight (250 to 275 pounds) medium, good and choice \$12.50@13.75; medium weight (200 to 230 lbs.) common, medium and choice \$11.00@12.50; light hogs (130 to 160 lbs.) common, medium, good and choice \$12.25@13.25; packing hogs smooth \$11.00@12.50; rough \$10.00@11.00; slaughter pigs (130 lbs. down) medium, good and choice \$11.50@13.25; feeder and stecker pigs (70 to 130 lbs.) common, medium, good and choice \$12.00@13.00. (Soft or oily hogs and roasting pigs excluded.) Cattle steady; receipts none; steers medium \$7.00@9.00; common \$6.50@7.75; canners and cutter steers \$4.50@6.50; heifers, common and medium, all weights \$5.00@7.00; common and medium \$4.50@6.50; canners and cutters \$2.50@4.50; bull, good (head yearlings excluded) \$4.75@5.75; common to medium (canners and bolognas) \$2.50@4.75; calves, medium to choice (130 lbs. down) \$7.00@9.00; cull and common (130 lbs. down) \$4.00@7.00; medium to choice (250 lbs. up) \$4.50@6.00; cull and common (120 lbs. up) \$3.00@5.00. Sheep and lambs steady; receipts 1500; lamb light and handy weight medium to choice \$10.00@12.00; heavy weight (92 lbs. up) medium to prime \$8.00@10.00; all weights cull and common \$2.00@3.00; yearling wethers, medium to prime \$6.00@8.00; wethers 2 years old and over, medium to prime \$5.00@6.50; ewes, common \$3.00@4.00; ewes, extra \$4.00@5.00; canner and cull \$1.50@4.00. (Above quotations except spring lamb on short basis.)

PORTLAND GRAIN Portland, July 1.—Wheat hard white, bluestem, hard B. B. B. hard white \$1.33; soft white, west ern white, \$1.40; hard winter, northern spring \$1.33; western red \$1.32; soft white, red wheat 4, flour 4, oats 4, hay 2.

BUTTER AND EGGS Portland, July 1.—Eggs weak; current receipts 254; putters 29@29 1/2; firsts 29@29 1/2; extras 30 1/2@31 delivered Portland. Butter steady; extra cubes, city 45 1/2; standard 44 1/2; prime firsts 44 1/2; firsts 42 1/2; undergrades nominal; prints 46; cartons 47c. Butterfat firm. Best churning cream 44c net shipper's track in zone 1.

POULTRY Portland, Or., July 1.—Poultry slow; heavy hens 22c; light 14 1/2; broilers 18@20c; young white ducks 70c.

ONIONS AND POTATOES Portland, July 1.—Potatoes, old and new potatoes 2 1/2@2 1/2c per lb.

NUTS, HOPS AND CASCARA Portland, July 1.—Nuts steady walnut No. 1 25 1/2@27 1/2; filberts nominal. Hops steady; 1924 crop 15@18c; 1923 crop nominal. Cascara bark quiet. New peel 8@8c per pound; Oregon grape root 3 1/2c.

SALEM MARKETS (Compiled from reports of Salem dealers for the audience of Capital Journal readers. (Revised daily.) Wholesale Prices Grain: No. 1 white wheat \$1.25; No. 1 red wheat \$1.22 (asked). Meat: Top loins 17 1/2c; tops 15.50@16.50; dressed hogs 18c; top steers 18c; cows 12.50@13.00; calves 3 1/2@4c; spring lambs, 80 lbs. and under 9@9 1/2c; heavier 8 1/2c; veal 7@7 1/2c; dressed veal 12 1/2c. Poultry: Springers 14@20c; light hens 13@15c; heavy hens 13@20c; old roosters 6c. Butterfat 42c; creamery butter 17@18c; eggs 26c; standards 25c; selects 30c; milk 22.50 cwt. Vegetables and fruits: Cantaloupes \$5.50@6.00; watermelons 2 1/2c; cherries, Bing 14c; oranges 27.75@28.75; lemons 30.00@32.50; grapefruit 25.00; bananas 1 1/2c; pineapples \$2.50 per doz. Apples, extra fancy 10c; common 8c; peaches, extra 12.50@13.75; peaches 20c; pears 2c; new potatoes 2 1/2@2 3/4c; spinach 7c; bunches vegetables, beets, carrots, turnips, local 40@50c; beets, carrots, turnips 30@40c; radishes 25@30c doz. bunches; Milk, tomatoes 22.25 crate; hot-house tomatoes 18c lb.; green beans 10c; lettuce dry pack crate \$1.75; dozen, 80c; cucumbers, per doz., hot-house, \$1.15@1.75; rhubarb, local 3c; celery, California new crop per dozen \$1.25; old potatoes 22.75; sacked vegetables, beets, 2 1/2c; new carrots 3 1/2c; rutabagas and turnips 3 1/2c; yellow onions, per cwt. \$5.00; local cauliflower \$2.00 crate; strawberries \$1.75@2.50; Oregon apricots \$2.25 per box; canning, 22.00; plums \$2 for 4 basket.

IN VITO MURDER

Here are the central figures in the Boston police investigation of the brutal slaying of Johnny Vito, boxer. Vito was shot to death in the street. The girls, Tina Di Fiori and Katherine Richards, together with Michael Richards (lower left), found the body. Police Chief Shay (lower right) is conducting the inquiry. Vito is shown in fighting pose.

HOT WEATHER IS BOON TO CROPS IN MOST AREAS WALNUT SALES OF ASSOCIATION OVER \$9,600,000

Portland, July 1.—(AP)—In general the hot weather of last week had a beneficial effect on ripening crops, the weekly report issued today by the local weather bureau of the United States department of agriculture says. During the five part of the week ending June 30, precipitation in Oregon was limited to local showers while previous records for heat were broken in many localities. The bureau's report says the high temperature was particularly favorable to corn which began to make rapid growth and caused rapid ripening of winter grain and the early spring grain in the middle localities. Winter grain was probably not materially injured by the heat but spring grain in some localities suffered considerable damage. Much spring grain would be materially benefited by rain. Harvest of winter wheat and barley in progress in the middle sections. Pastures and ranges are generally in good condition. Some second crop alfalfa has been cut in Umatilla county and the first cutting has been begun in Deschutes county. Pastures and ranges are drying rapidly but are generally furnishing sufficient feed. Livestock: Stock is generally doing well, though there are a few complaints of decreasing milk production. Some grass fed beef is in market. Miscellaneous: New potatoes are plentiful in market. Planting of late potatoes continues. Gardens generally need rain. Hops have been laid in some localities. Flax is rather short. The heat delayed the planting of broccolis. Cereals: Home grown cabbage 4c; new yellow onions, 4c by the sack; fresh parsnips 60c dozen; local celery 90c@1.25; asparagus 7c.

LIBBY SHIPPING HUGE TONNAGE OF LOGANBERRIES

The loganberry deal being put over by Libby, McNeil & Libby here in buying berries for shipment to their canneries at The Dalles, is taking on proportions, 1127 crates of berries being sent out of here by truck during the night last night. Receipts of the logans are increasing every night. All told Libby expects to send about 150 tons of logans grown in the Salem district up to The Dalles by truck. The loganberry is becoming in considerable demand, according to word received from various brokers and English orders are piling up rapidly. Robert C. Paulus reports that it is apparent the loganberry is replacing the red raspberry. Indications are that the logan will become stronger year after year as a canning berry, but it never is expected to come back to the place of honor held when its production was worked to a peak by a strenuous national advertising campaign, which flattened out and left the logan high and dry for a few years.

RAIN FOR FIRST HALF OF YEAR IS BELOW AVERAGE

Rainfall for the first half of the year 1925, ending yesterday, reached a total of 21.74 inches, 1.23 inches below normal for that period but 11.4 more than the first six months of last year. The first half of 1924 showed a rainfall record of 10.34 inches, less than half of normal. June's rainfall for this season was 4.07 of an inch below normal. Normal rainfall for the first half of the year at Salem is 22.97, as determined by weather bureau officials, who base their computations on averages extending over a period as far back as records have been taken.

WHEAT SLUMPS OVER FIVE CENTS

Chicago, July 1.—Wheat suffered an unusually sharp break in price today, as much as 5 1/2 cents a bushel as compared with yesterday's latest figures. Heavy selling which started after an early advance disclosed that the market was bare of any adequate support from buyers. Notice of dissolution was filed by the Kerr-Gifford Warehouse company of Portland.

Bargain Day Will Go Over Big

We make this assertion because we think the merchants who are behind this movement will offer GENUINE BARGAINS. Below is a partial list of what you may expect from the C. & C.—

- GROCERIES 3 bottles of Certo or Hood River Pectin 79c 10 lbs. of good quality new potatoes . . . 25c Extra large fancy Lemons, per dozen 39c 15 lbs. Cane Fruit Sugar . . . \$1.00 3 Fairy and 2 Ivory Soap . . . . . 25c Large pkg. Mt. Hood Washing Powder 19c Drfted Snow or Cream Flour . . . . . \$2.53 Full Cream Cheese, per lb. . . . . 25c

- DRY GOODS 36-n. fast color Indan Head, yard . . . 35c 32-in. fast color Gingham, per yard . . 17c Only 11 left—98c Jap Parasols, come early . . . . . 49c Only 7 of the regular \$1.45 Parasols, Bargain Day . . . . . 98c 7 of the regular \$2.50 Bargain Day \$1.69 Permanent dot Voiles for Bargain Day, yard . . . . . 23c

We are busy now, expect to be very busy during Bargain days. If perchance you should have to wait, bear with us and we will reach you as soon as possible.

Above is only a partial list of Bargains. Get Flags and Firecrackers for us for the Fourth. . . . .

Advertisement for Fairmount Dairy products. Includes images of a milk can, a bottle of milk, and various dairy products like cottage cheese, butter, and breakfast eggs. Text: Quality Products. EXCELLENT quality has always distinguished Fairmount dairy products. They come to you from the newest and best equipped dairy plant in the city; produced by especially selected, inspected herds. Fairmount Milk is Perfectly Pasteurized and cooled in the very latest type of enclosed, sanitary and sterile machinery. It is automatically bottled and machine-sealed thus affording you perfect protection. We would consider it a privilege to have you inspect our plant at any time. Health-giving milk made safe for babies. The best health insurance. TELEPHONE 725

Why Take Chances On Raw Milk?

"No epidemic of disease has ever been traced to pasteurized milk. Pasteurization is positively necessary for all milk for the sake of safety. It is the only guarantee."—Charles E. North, M. D., former health Commissioner of New York City. "Buy your milk pasteurized from a clean dairy"—United States Department of Agriculture. "Buy it pasteurized for pasteurization saves lives and prevents sickness."—Dr. M. J. Rosenau of Harvard University and formerly director of the Hygienic Laboratory of the U. S. Public Health Service.

SAFE—PURE—SWEET
