SNOOPERS ASK FOR BOOZE AND NAB PROCURERS

Washington, July 1.—(AP)—When four employes of Washington's newest hotel, the Mayflower, served up a banquet recently for a party of seventeen and provided appetizers of an allegedly pre-prohibition nature, they were unaware that they were entering to 17 prohibition and department of justice agents. They became aware of it yesterday, however, when they were brought before United States Commissioner Turnage and charged with violation of the prohibition laws.

The four, Jules Venice, maître de hotel; Ricardo Diaz, assistant chief; John Mendan, bellboy; and Ralph E. Jones, waiter, were released in bonds ranging from \$1000

to \$5000. Mendan, described by Commissioner Turnage as a "tool" was said to have confessed his part in the affair.

The banquet was arranged, it was declared, when a prohibition agent, registered at the hotel as an "iron and steel man" from San Francisco, asked Venice if he could provide good liquor for his banquet guests. Information filed by the agents said Venice agreed to "fix that all right." More than five bottles of whiskey and 24 cocktails were served to the agents they asserted.

ANNA NILSSON AT BLIGH

Anna Q. Nilsson is the featured player in "Innocence," one of the most gripping motion picture offerings ever seen here, which is now on view at the Bligh theater. Miss Nilsson plays the exacting role of a young wife who is convicted by circumstantial evidence, of being untrue to her husband. She establishes her innocence by a clever ruse in which she involves the man who has tried to turn her husband against her.

NAVY SHIPS OFF ON LONG CRUISE OF FRIENDSHIP

Honolulu, July 1.—(AP)—Nearly every port of prominence in Australia, New Zealand and Tasmania, as well as all the American South Sea possessions except Guam will get a glimpse of some portion of the detachment of the 55 United States naval vessels which left here today for a "friendship" cruise of three months.

The idea of Tahiti, Tai-O-Hao, Nukuhiva, Matuassu and Calapagos also will be visited by certain craft. The trip as a whole will constitute the longest and most extensive maneuvers ever carried out by the American fleet. The journey to Australia is the largest peace time steaming venture to be made by the United States; the

round-the-world squadron of Admiral Evans in 1923 contained only 13 vessels.

The armada will proceed as a unit from Honolulu to latitude 33 degrees, 10 minutes, approximately a day's sailing from Australia. Here the fleet will split. One detachment, headed by the Seattle, will proceed to Melbourne, arriving there July 23.

The other detachment, led by the California, flagship of Admiral S. S. Robinson, commander in chief of the battle fleet will go to Sydney.

FALLS CITY CANNERY RUNNING AT CAPACITY

Falls City, Or., July 1.—The Falls City cannery is running a heavy force this week on account of the cherries and loganberries coming in at the same time. The cherry crop here is very light and most of them are brought by truck from around Salem. The cannery is paying 8 cents per pounds for Royal Anas.

Notables in the News

Senator James Couzens complained to President Coolidge that Federal prohibition agents in the Detroit River were firing upon pleasure craft. Commissioner of Immigration Henry H. Curran urged examination of wealthy as well as poor immigrants at Ellis Island. Senator Norris, of Nebraska, will assume Robert M. La Follette's mantle of Senate progressive leadership, according to Senator Brookhart, of Iowa. Rabbis Stephen S. Wise, of New York, deplored the Scopes evolution trial.

PULLMAN CAR IS NAMED FOR HERO NEGRO PORTER

Chicago, July 1.—(A. P.)—For the first time in its history the Pullman company has named one of its cars after a porter. The porter was Oscar J. Daniels of Chicago, who lost his life in an effort to save the lives of passengers on his car when a train carrying German-American excursionists

from Chicago to New York was wrecked near Rockport, N. J., on June 16. The sleeping car Sirocco will bear the name Daniels when it emerges from the repair shop.

At the time of the wreck Daniels was seated in the forward end of the first Pullman, which left the rails, halting near the locomotive from which scalding clouds of steam poured into the sleeper through a door panned open. Daniels braved the steam to close the door. He succeeded but fell mortally hurt.

He still was alive when a rescuing party entered the car, but after being taken outside with other victims, he refused first aid, saying: "Attend to that little girl first," indicating a seven-year-old child nearby. The doctors obeyed an when they returned they found Daniels dead.

Supplementary articles were filed by the Chrysler Motor corporation, changing the name to Chrysler Sales corporation.

NEIGHBORHOOD NEWS ITEMS

The sawmill of the Silver Falls Timber company closed Tuesday and will not open until July 6. Other departments of the mill will continue to run as usual. This mill also maintains a five-day week schedule.

The city council of Silverton had a special meeting Monday night for the consideration of a number of proposed street improvements and other matters. Although considerable discussion was given the street work no definite decisions were made. The question of repairs for the bridge broken last week came up and it was decided to put new material in the old bridge rather than build another bridge. The matter was left in the hands of the city engineer who was asked to make inspection and begin work as soon as possible.

and Wilbur Sedor.
