SILVER WEDDING ANNIVERSARY IS FESTIVE EVENT

Silverton, July 5.—About four hundred people gathered at the Trinity church Thursday evening to join with Rev. and Mrs. George Henriksen in celebrating on the eve of their silver wedding anniversary. The celebration was planned as a surprise by the Trinity congregation and was held on July 2 instead of July 3 in order that George Henriksen, Jr., who is traveling with the Luther college band as manager of the tour, might be present. Owing to the cancellation of the concert at Eugene the band was present also and its presence added greatly to the evening's enjoyment.

The festivities opened at seven o'clock with a number of excellent selections played by the band on the church lawn. Following these as many as possible of those present gathered in the church parlors where a brief program was given, the Luther college quartet singing several numbers. Amos Corhouse, chairman of the board of trustees, presented Rev. and Mrs. Henriksen with a beautiful gift from the congregation and friends as an expression of their esteem and good wishes. Rev. Henriksen responded briefly expressing his and Mrs. Henriksen's appreciation. Mrs. M. G. Gundersen, chairman of the evening, read two telegrams of congratulations delivered the day, one from Rev. and Mrs. O. E. Holmdahl of Ft. Wash-

ington and the other from Mr. and Mrs. L. M. Lassen of Portland. She also gave a brief talk in which she explained that the occasion was one for double celebration as it is also just twenty-five years since Rev. Henriksen was ordained a minister. At the conclusion of the program refreshments were served, the guests of honor, visiting pastors and a few friends being seated at a beautiful decorated table. The color scheme of the decorations was pink and white and a large silver and white wedding cake stood before the bride couple. In the absence of her husband, Rev. Christensen, Mrs. M. A. Christensen of Portland, acted as toastmaster, calling upon the following for brief speeches: Rev. H. Egeen of Monitor, "Daddy" Steinhilber, Rev. O. K. Anderson of Woodburn, Rev. L. Sherven, A. O. Nelson, A. Corhouse, J. C. Gopferd, George Henriksen, Jr., Mrs. George Henriksen, Rev. S. Lindseth and Rev. George Henriksen. Upon the conclusion of the speeches the band again gave a few numbers and the president, Casper B. Norvig, expressed his appreciation and thanks for entertainment given band members during their two day stay in Silverton. The concluding number was the "Battle of the Little Big Horn," played by the band.

Mr. Watson was treated by Dr. V. C. Staats and taken to his home. He will be laid up for a week or more.

MUSIC PUPILS ARE HEARD IN RECITAL

Brooks, Ore., July 6.—Mrs. Dan Cronin, assisted by Mrs. Willard Ramp, gave an independence dance and party to a group of friends the evening of the 4th. Tasty decorations, in red, white and blue, made a pretty and appropriate color scheme. The Lubich orchestra furnished excellent music, not even being hampered by various fireworks of the youngsters, who preferred to stay outside in the moonlight. The supper table was decorated with flowers and the very colors of the flag and lighted by candles. Favors were large firecrackers. Another pleasing feature was the group singing and some bass solos by Ivan Jones, accompanied by Mrs. Malcolm Ramp.

Mrs. Maude Smith, who is visiting her brother, C. V. Ashbaugh, arrived in Brooks on the hottest day of the year. She surprised everyone by her compliments of the mild weather and spoke of the beautiful green of the fields and hills. She is from southern Arkansas and came to Oregon via the California route. The crops there were suffering for lack of moisture. The little fruit crop that they have in that section was almost a total failure. She could scarcely believe the fact when told that much of the fruit here, including the cherries and loganberries would not even be harvested and makes the statement that people here do not appreciate the country they are living in. She intends to make some part of western Oregon her future home and seems to favor the district around Salem.

Mr. and Mrs. Willard Gay came down from Portland to spend the Fourth with Mr. and Mrs. W. F. Ramp.

Mrs. A. Madsen, who has been spending the past week with Mr. Madsen's parents in Silverton, returned the evening of the 4th.

FALLS CITY HAS FIRE ON FOURTH

Falls City, July 6.—Falls City was very quiet Saturday as about half the population had departed for the various summer resorts, although both parks were filled and the river banks lined by picnickers coming from the cities. Everything was very quiet until after noon when a fire on the roof of one of the Cobb-Mitchell company houses occupied by Mrs. Mae Lane, caused quite a bit of excitement. But for the timely and quick work of L. A. McDonald the company's day watchman, who saw the blaze almost as quick as it started turned the alarm on and started the hoses to working. A bad fire would have resulted. A hole about four feet across was all the damage done. Mrs. Lane's daughter, Viola, was alone in the house when the fire started and knew nothing about it until the firemen arrived on the scene.

CHURCH CONVENTION AT TURNER IS CLOSED

Turner, July 6.—The Oregon Christian Missionary convention which has been in session since the 21st of June, closed Sunday night. Although the attendance was somewhat less than in former years it was considered one of the best conventions ever held in Turner. The total registration numbered eleven hundred. The speaker of the session, Dr. Brandt of Muskogee, Oklahoma, delivered a series of addresses throughout the week that were a great inspiration to those who heard him. The song leader, Harry K. Shields, of Glendora, Cal., assisted at the piano by Mrs. Zinn of Salem, presented the music and special vocal selections in a manner that was pleasing to all. The entire convention was a success from the standpoint of education and inspiration.

NEW ROCK CRUSHER IS BUILT NEAR SILVERTON

Silverton, Ore., July 6.—A county rock crusher has been built on the banks of Silver creek a few miles below Silverton on the Old Bowen property. The crusher, which is modern in all respects, is electrically operated, power being taken from the electric line running from the Seanty to the Brush Creek road. Six trucks are used to haul the finished rock from the crusher which has a capacity of over one hundred yards a day. Roads in the vicinity of Silverton are receiving needed improvement, a number of them having been recently designated as market roads.

THE WEST IS THE MECCA OF MEN OF VISION

THEY FELL in love with the West... can you blame them? Akron tire engineers with records of success running back a quarter century, knew the future held much in the East.

Yet when the West won them, they gladly transferred their training, skill and resources to the Pacific Coast.

Today C-T-C tires bear testimony to this pioneer belief. Thousands of motorists in nine Western states have discovered that C-T-C engineers have put something into these tires that makes them outrun others. Some call it "stamina"; some "quality". Others declare that the very training and experience of the engineers is embodied in every tread and ply.

We shall be glad to give you expert information about your tires, and - if you need them - put on C-T-C's - either balloons, semi-balloons, heavy-duty cords or oversize cords!

SILVERTON DESERTED OVER PAST WEEK END

Silverton, Ore., July 6.—Very little was noticeable in Silverton, Saturday, as no celebrations of any kind were planned. The closing of the stores and mills enabled many people to go on camping and picnic trips. Others went to neighboring towns where celebrations were being held. Stayton, Molalla, Sponga Landing, Silver creek falls and Pacific City were the destinations of many from Silverton. Among those who were out of town were: Mr. and Mrs. W. C. Larson, John, Merle and Orville Larson, Mr. and Mrs. Alvin Legard, Mr. and Mrs. John Moe, L. M. Larson, Rev. and Mrs. George Henriksen, George, Doris and Louise Henriksen and Frank Riches.

MT. ANGEL CANNERY REPORTS GOOD PACK

Mt. Angel, Ore., July 6.—Reports of an unusually fine pack as far as quality is concerned are coming from the Mt. Angel Producers Packing company cannery north of town. More than fifty women are employed grading and packing logans, raspberries and cherries. The size and quality of the fruit that is being packed permits about 75 per cent of it to be graded into first and seconds. Only about a third of the usual sized pack is being put up, however, as the berry fields in this locality were badly hit by the frosts last winter.

The processing is being done this year by Jordan Saurain, Fred Gillette, in charge formerly, with the Silverton cannery this year.
