## ALL LUTHERAN CHAUTAUQUA IS DRAWING CARD

Silverton, Or., July 23.—A number of Silverton residents left for Gladstone park Wednesday morning to be in attendance at the All-Lutheran chautauqua now being held there. Rev. George Henriksen has charge of the boys' encampment, the enrollment of which is expected to be about 200. He will be assisted by a number of teachers and recreational directors. The girls' encampment is headed by Mrs. M. J. Gunderson of Silverton. Mrs. George Henriksen is one of the instructors in the daily classes for girls and Miss Theodora Henriksen is a camp lieutenant. Mrs. O. Ornbek will be at the park during the week and take charge of an ice cream booth.

Among the Girl Scouts from Silverton camp at the park are: Sylvia Larson Ingaborg Gopierud, Louise Henriksen, Ethel Larson, Martha Thompson, Helen Thompson, Norma Olson. Others from Silverton are Einar Ornbek, Norma and Marvin Jensen, all Boy Scouts, and Mrs. Hans and Jensen. Chris Hansen, Nora and

## WOODBURN WINS IN DAMAGE SUIT

The \$20,500 damage suit launched by N. Miller against the city of Woodburn was lost by the plaintiff when a jury in circuit court yesterday afternoon found for the defendant city. The jury was out about 45 minutes.

Miller alleged that sewage from the city dumping into Farrier creek had by pollution and acceleration of the stream ruined his beaverdam lands north of Woodburn.

The city set forth the contention that it was sewage from the city that ran through septic tanks before going into the creek.

The court gave an instruction that if it was shown the plaintiff had failed to take reasonable care to prevent property damage this must govern the jury.

A great sorrow is a great repose, and you will come out from your grief stronger than when you entered it.

## GATES PIONEER AND INDIAN WAR VETERAN PASSES

Mill City, July 23.—William Thomas, one of the oldest residents in this section of the country, passed away at his home at Gates Sunday night. Mr. Thomas was born in Cooper county, Missouri, November 19, 1833, and with his parents crossed the plains with a wagon train in 1846, since which time he has been a resident of Oregon. At the age of 22, he volunteered and served in the Rogue River Indian war of 1856, and has lived at Gates approximately 50 years.

About a month ago, he fell from a chair and never fully recovered from the shock. He was 91 years of age.

He is survived by one sister, Mrs. Jaley W. Flook of Gates and several nephews and nieces. Funeral services and interment took place at Fairview cemetery Tuesday afternoon. Mr. Thomas was never married.

To appear an honest man it is necessary to be one.

## BERLIN GALLERY GETS BUST OF JACK DEMPSEY

Berlin, July 23.—(A. P.)—A marble bust of Jack Dempsey has been acquired by the national gallery. It was made by the Italian sculptor, Ernesto De Fiori, during the American pugilist's recent Berlin visit. Hans Brientenraeter, German heavyweight, persuaded Dempsey, who at first was reluctant, to pose for the bust. In the argument that convinced the champion, Brientenraeter said: "Look here, Jack, if you get hiked you will be forgotten soon. Your only chance of being remembered would be in this statue. You'd better pose."

Dempsey did.

## SEEK CAUSE OF DEATH TO TROUT

To find out, if possible, what is causing the death of from 5000 to 10,000 trout every day at the Oak Ridge hatchery, Dr. Henry B. Ward, head of the department of zoology at the University of Illinois and consulting expert of the federal fisheries bureau, and State Game Warden E. F. Averill are on their way to that place. Pollution of streams is suspected. Last year, they stated in Salem yesterday, over 7,000,000 trout succumbed to a similar poisoning at Diamond Lake.

Some eastern states and some European countries have experienced a similar pestilence among their fish, Dr. Ward said, and are spending money to eliminate the danger to their fishing industries.

"Oregon has an industry worth billions of dollars," he said, "and unless the people of the state awaken to the danger that threatens this industry through carelessly allowing the streams to become polluted, and building dams over which the salmon cannot run, the industry will diminish just as it has in the eastern part of the United States, and ultimately will disappear completely."

## EUGENE REJECTS ALL WATER PROJECT BIDS

Eugene, July 23.—All bids for the construction of the McKenzie river pipe line, entailing a new water supply for Eugene, were rejected at a meeting of the water board last evening. Justice to bidders who expressed a wish to enter bids was given as the cause. It was also said that lower bids would in all probability be received when new bids are called. The estimated cost of the work is \$275,000.

Nine bidders entered the field. Elimination of bids on all but steel pipe line will be affected when the new bids are called.

## HALLS FERRY

Halls Ferry, Or., July 23.—Mr. and Mrs. Ed Brown were Sunday callers at Sherman Brown's.

Mrs. Mark Laddison of Hebo, Or., arrived July 5 for an extended visit, with her sister, Miss Elma Bowman, and her father, G. L. Bowman.

A. H. Barka and Mr. and Mrs.

### Pendleton Gets Rain

Pendleton, Or., July 23.—A brisk shower fell here for an hour yesterday morning starting about 77 o'clock. The rain will halt threshing operations in Umatilla county for a day or two. Harvesting is now on in full swing in the heavy bearing portions of this area. Heavy clouds gave promise of more rain later in the day.

**"Every day in every way"**

"Yes, sir, this old Ford actually seems to be getting better every day, and the only thing I've done to her is to drain the crankcase and fill up with that new Zerolene 'F' for Fords.

"She starts quicker, has more power on the hills, and seems to go a little farther on a gallon of gasoline."

Ford owners all up and down the Pacific Coast are saying things like this—and they're true.

A little over a year after its introduction, Zerolene "F" for Fords has become far and away the most popular Ford oil on the market. It gets to all the parts where oil is needed, that's the answer,—especially the wrist-pin bearings and the upper half of the cylinder walls, which are frequently "oil-starved" when an unsuitable lubricant is used.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It deposits a minimum of carbon—hence the cylinders are cleaner and engine troubles proportionately reduced.

Yet Zerolene "F" for Fords costs not more, but less than most of the special Ford oils on the market.

A Ford is an A-1 transportation investment. Protect your investment with proper lubrication.

### LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, peace and energy. You will be completely satisfied; otherwise there will be no cost.—Adv.

**FREE!** This Coupon is Good for Sample Bottle Dr. Thacher's Liver & Blood Syrup if presented before the supply for free distribution is already given away. Read the full details above, then act at once, as this offer is limited. Get a trial size now by presenting this coupon to J. C. Perry's Drug Store, Salem. Conrad Stratton, Dallas, Geo. W. Steinhilmer, Silverton.

### "Not busy here, they never are"

About two years since two old ladies were entering the store and I overheard one make this remark. It amused me, however, the lady was right. Different now. Honorable treatment and right prices are having effect.
