

### BANKERS LOSE CHAMPIONSHIP TO LEGION 3-2

Poor base running and errors caused the downfall of the United States Bankers team last night when they lost the city championship to the American Legion by a 3 to 2 score. Had the Bankers played smart ball they might have been champions or at least tied. The game was fast and played before a large delegation.

The Legion nine played exceptional ball. The Bankers have played the best games in the first two but were unable to get the men around in the second and the Legionnaires won by a score of 1 to 0.

The Legion team scored one run in the first and one in the second. Gabrielson was the star of the game, getting two hits in four times at bat and scoring all of the winner's runs. In the first frame Gabrielson was safe on K. Thompson's error. Parker laid a nice sacrifice hit down the third base line. Parker beat the hit out and both men were safe. Acton laid a nice sacrifice hit out and both men sacrificed down the third base line. Frazier came in fast but threw low to first and Gabrielson scored. In the second inning, Gabrielson got a hit after two were out. Parker walked and Gabrielson scored on Acton's hit. The last tally for the victors came in the fourth. Gabrielson got a double and scored later.

The Bankers scored one in the sixth. Reinhart got a hit and went to third on Week's double and scored a minute later. In the seventh the Bankers scored one more run. G. Thompson got a hit and went to third on a double by Blumenberg. Frazier also tried to count but was caught between third and home. Frazier then started to second and was caught off. Parker made the last put out. He was hit in the knee and laid out for some time. It will not result serious, however. Had the Bankers played safe they might have tied the count. It was getting too dark and it would have been impossible to play another inning.

The score:

Legion	R	H	E
Bankers	3	8	4
	2	7	2

Batteries—Jenkins, Hooper and Pearline; Blumenberg, Weeks and G. Thompson.

### FREAK SWEDE WILL TO AID ROADS, FISHING

Stockholm—In one of the most original wills ever filed for probate in Sweden, a local millionaire named Carl Smith has directed that the bulk of his estate be devoted to the improvement of public highways and to the discovery of better methods of catching fish.

### Women Smoke in Street Cars

DOROTHY DICKERSON SMOKING HER PIPE, AND ANOTHER WOMAN SMOKING A CIGARETTE IN A BROOKLYN STREET CAR.

A special order permitting women to smoke in Brooklyn street cars was put into effect by the Public Service Commission, and above are pictured two of the first to take advantage of the ruling. Miss Dorothy Dickerson, of the "Louis the 14th" company, lit up the latest innovation, a compact, folding pipe that fits into a vanity case. The male passengers bore the intrusion with the same patience that characterized their acceptance of women as usurpers of the barber's chair.

To the Editor:—The paper mill players are just as faithful and just as honest as the Eagles players are, as far as that is concerned, and would like to say that we have used nine of the men from the twelve we turned in. The Eagles did not do this as they changed players in each one of their series, that is players that were not signed up when the series was first started.

Why didn't we protest? We played ball and said nothing. The second game a holler went up about Schackman playing, the Eagles claiming that he wasn't allowed and that they wouldn't play with him in the Papermakers' lineup. So to make the game go through we let them have Edwards to catch and we lost. On the third game we decided to stick to our agreement to use the men we turned in and the Eagles to do the same. Then another holler went up—that they wouldn't play only under protest. How they figured Schackman is a member of the Senators is a mystery to all as he had no contract or any kind of an agreement with that club—only to say that he played the bench once and on account of the hard luck of Barham he had to be used. Does that make him a member of the Senators? No. And it seems like a poor brand of sportsmanship to try and protest on those grounds.

PAPERMAKERS.

### FALLS CITY DEFEATS MONMOUTH BY 13 TO 2

Falls City, Or., July 28.—At the ball game played here Sunday afternoon, Monmouth vs. Falls City, the game was one-sided clear through, the visitors being outclassed in every way. The final score was 13 to 2. This was the last game to be played on the home diamond.

To be slow in granting a favor is to show unwillingness. Even to be slow in desiring to grant it is evidence of unwillingness.

### FLAHERTY IN TRAIN WRECK

Atlanta City, N. J., July 28.—(A. P.)—Nine persons were severely bruised and shocked when a Pennsylvania bridge train due here at 3:06 p. m. was derailed just inside the city limits soon after crossing the drawbridge at thoroughfare. Nine coaches of the twelve coach train were derailed. James A. Flaherty, supreme knight of the Knights of Columbus, Atlantic City, who had just returned yesterday from Ireland was injured.

The cause of the derailment is believed due to a defect in one of the wheels of one of the rear chair cars, which left the track first. Only the engine and the first three coaches were left on the track.

### HARRISBURG BRIDGE TO BE COMPLETED BY WINTER

Harrisburg, Or., July 28.—Erection of the steel for the bridge across the Willamette at Harrisburg will be commenced August 1, according to S. F. Duff, foreman of the work for the Portland Bridge company. The third pier was finished Friday and the last one is progressing rapidly. Duff is also authority for the statement that the highway commission probably will declare the bridge open to traffic November 1. After the first of the month the main crew will be split in two parts, one to erect the steel, the other to finish the work for the 1700 feet of trestles on the west approach. Piling and planking for the trestle are in place.

### FIVE OF ONE FAMILY KILLED IN AUTO CRASH

Vincennes, Ind., July 27.—Five members of one family were killed or died of injuries today when a north Chicago and Eastern Illinois passenger struck an automobile at a crossing 15 miles north of here. All were from Boxville, Ky. The dead: J. H. Divine, Mrs. J. H. Divine, 42; Courtney Divine, 5, a son; Thomas Divine, 3, a son; Dorothy Divine, 11, a daughter.

Robert S. Norman, an American. (Mr. Norman is from Oakland, Cal. and was legal adviser to the late Dr. Sun Yat Sen, head of the Canton government.) The dispatch says the supreme command of the Canton government's army, navy and air force has been placed in the hands of Russians.

—"a day of hard smoking doesn't bother him any more"

### He knows the trick

Even his stenographer noticed it and commented about it. "Since you eat Life Savers between smokes," she ventured slyly, "I notice you don't have that frazzled nerve you used to have after a day of hard smoking." "They certainly are great between smokes," he grinned. "I wouldn't be without them. Have some?"

enjoyment. Their wonderful aromatic flavors freshen your mouth like a good drink of water when you're really thirsty—and steady your nerves for work or play. Once you try them this way between smokes, you'll always have a package handy. Six flavors are displayed at all good stores so you may help yourself: Pep-o-mint, Wint-o-green, Cinnamon, Lic-o-ri, Cl-o-ve and Vi-o-let. Five cents a package.—Life Savers, Inc., Port Chester, N. Y.

More and more smokers are doing the same thing. We wondered if you knew this about Life Savers, those little candy mints with the hole; how they freshen your mouth between smokes, soothe your nerves and make the next smoke taste so much better. It's a fact: Life Savers easily double your smoke

Eat a few Life Savers between Smokes

# To the Users of Palmolive Soap

Mere "olive and palm" soaps are not like it

MANY millions of women know that Palmolive Soap has brought them new beauty, new attractiveness. The reason lies in olive and palm oils, but not in any ordinary blend.

Olive and palm oils have for ages held supreme place as cosmetics. But no one dreamed what they could do until Palmolive Soap was created. This was a unique production, based on 60 years of soap study. The result of modern scientific study of the skin.

Palmolive has become, on this account, the leading toilet soap of the world. Now it is made in five countries, to meet the world-wide demand. It is made in France, the home of fine cosmetics, because French women find it gives them the results they seek. Old "olive and palm" soaps—even real castile—have been largely replaced by Palmolive.

Now, after all this, let no one convince you that any "olive and palm" soap is much like it. Some are very ordinary indeed, with artificial color. Some are even super-fatted.

They will cleanse, of course. But ages have proved that they never do what Palmolive does for complexions.

Note the *unnatural* "too green" color of Palmolive imitators. What does that suggest? Men don't paint nature to improve it.

Olive and palm oils—nothing else—give Palmolive its delicate, *natural* color. Olive and palm oils—*no other fats whatsoever*—are used in Palmolive.

No "super-fattening," no "super-anything"—the only secret to Palmolive is its blending. And that is judged one of the world's priceless beauty secrets.

Palmolive is not the only great complexion soap. We know of two that fairly compare, but they cost 25 cents. Palmolive costs 10 cents, due to enormous production.

If you seek a healthful skin, there is only that choice—a costly soap or Palmolive. Mere so-called "olive and palm" soaps cannot bring it. Let no one mislead you on this point, for any selfish purpose.

Wash, launder, cleanse with any soap you wish. But when beauty is at stake—take care. Use Palmolive, nature's formula to "Keep That Schoolgirl Complexion."

**For Germs**

Soaps to "destroy" germs should be used only by advice of a physician. All soaps "remove" germs to a certain degree. No soap safe for toilet use will "remove" germs any better than Palmolive.

The real difference in soaps is in their action on your skin. Some are too harsh, others crudely blended. Palmolive Soap is a unique creation, a blend of rare cosmetic oils; a soap made for one purpose only, to foster good complexions. Don't expect Palmolive complexion results from any strong "medicated" soap, from any "jack-of-all-trades" soap, from any soap claiming alike for fabric washing and the skin.

Note carefully the name and wrapper. Palmolive is never sold unwrapped.
