

PEACE MENACED IN PAN-AMERICA

Williamson, Mass., July 28.—(AP)—Dr. Leo S. Rowe, director general of the Pan-American Union at Washington, asserted that the institute of politics today that a distinct trend toward a balance of power exists in the Latin American countries today and may have as disastrous consequences as has the balance of power in Europe.

Riffian tribesmen. The enemy is understood to have abandoned all idea of an offensive, and the French are not yet ready to begin their move with a move of bringing the forces of Abd-el-Krim to terms. The airplanes alone are active, continuing to harass the Riffians, notably in the Beni Zeroual's country which in the last few days has received the attention of 23 bombing planes.

CARL KELTY JOINS BROTHER IN EUGENE

Eugene, Or., July 28.—Carl S. Kelty, in former years in newspaper work in Portland but more recently connected with prominent banking and bond houses of the Pacific coast, has joined the executive force of the Eugene Guard and will direct the business administration of that newspaper. He also acquired a partnership in the Guard Printing company, which publishes the newspaper.

BURGLARS RANSACK HOUSE TAKING CASH AND FRUIT

Mill City, Or., July 28.—Burglars crawled through a window of the home of Harry Keiser at Gates some time Friday afternoon and after completely ransacking the house, made their get away with about \$25 in cash and six jars of freshly put up fruit. A complete check has not been made yet and other things may be missing. No clue has been found to point towards the thieves. Mr. Keiser is a laborer on the Southern Pacific section gang, and the loss of this much money is quite a blow to him.

To understand why U.S. Royal Balloons are known as "the Balloon Tire Principle at its Best," consider these facts—

THE comfort you get out of balloon tires depends on how soft you can run them with safety to the tires.

U.S. Royal Balloons are built in strict accordance with the original conception of balloon tire cushioning—true low air pressure.

They can be run at pressures which actually give you the comfort you expect from a balloon tire.

They do not have to be over-inflated to save them from early, uneven and disfiguring tread wear.

This is because their flat "Low-Pressure Tread" distributes the weight over a greater tread area than the ordinary round tread.

The entire surface of the tread comes in contact with the road.

The tire itself is built of the famous Latex-treated Web Cord, which gives the maximum strength and maximum flexibility so essential to balloon cushioning.

Put U.S. Royal Balloons on your car and enjoy the comfort of riding on genuine low air pressure.

Mid-Year Sale of Blankets

Most folks know that ice and straw hats are cheapest in winter months—then, why should not blankets and coal be cheaper in summer? To stimulate early blanket buying in this community we've arranged to display direct mill shipments demonstrating a true saving that can be effected at this season of the year through turning an otherwise dull season into a busy one.

These blankets were purchased at the lowest possible prices. Even our regular prices are much below ordinary—and at prices quoted below it will pay you to buy your entire bedding supplies (First Floor)

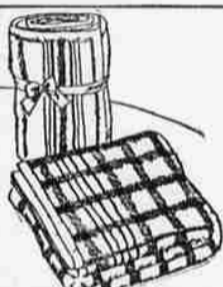

First Quality Only

Nashua first quality only are featured for this sale—We chose a standard nationally known blanket because we wanted our patrons to know something about the quality, the assurance that every blanket is fully guaranteed to give satisfactory service.—In this sale a child can buy as safely as an adult for the simple reason that every blanket is "standard first quality."

The new plaids and soft blended colors for fall and winter are shown now and it will be an easy matter to decide at these prices.

Hotel and apartment house owners are invited to attend this sale as the quantities are ample for all.
