The Eagle Point Irrigation district of Jackson county today applied to the state irrigation authorities for a guarantee of interest on the district bonds for 18 months in addition to the 3 1/2 year guarantee already granted by the state. If the 18 months additional guarantee is allowed it will make the full five year guarantee allowed by law. The district's bond issue is \$100,000. About 2500 acres of the project are under cultivation and 500 acres more will be under cultivation this year.

Dr. Marshall, osteopath, Or bid

John Olson, Polk county farmer, was arrested yesterday by Deputy Sheriff Imhale of West Salem on a bench warrant issued out of the Marion county circuit court, charged with failing to obey a decree of the court here instructing Olson to pay \$25 a month toward the support of his wife and child. Olson was released on a \$500 bail bond to appear at 10 o'clock Friday morning to show cause why he should not be adjudged in contempt of court.

All breakfast sets, unfinished and decorated, at greatly reduced prices. Hamilton. 186*

D. S. Ritchie of Turner was in this city Wednesday.

The Salem YMCA will establish next year's camp at Newkwa, at or near the site of the camp which closed yesterday. It was announced here this morning. Local YMCA officials expressed themselves as thoroughly satisfied.

Whether coincidence, or otherwise, the fact remains that claims for sheep killed by dogs as turned into the county have suddenly dropped in number since a new law was effective from an alarmingly increasing number down to a very moderate total.

The new law requires that a claimant not only sign an affidavit relative to the number of sheep lost, the time they were lost and the manner of their being killed, but also requires that the claimant bring in a witness to substantiate these things.

It is believed that the requirement of a witness is the reason why the heavy drain on the sheep fund suddenly stopped with the advent of the new law.

Under the old law all that was necessary was a signed statement from the sheep owner that he had lost so many sheep killed by dogs, specifying the time they were killed, as it is necessary to file the claim within 10 days after the slaughter. With the filing of such a statement the money was paid, providing it was available in the fund. It is believed the new law will save thousands of dollars to the county, as it had become so easy to attach all sheep losses to the simple proposition they had been killed by dogs that the fund was being stampeded.

County officials don't claim that any fraud had been perpetrated on the county by reports of sheep losses which had never taken place, but there is little question in a number of cases when sheep were missed that the loss merely credited their absence to attacks of dogs and filed their claims accordingly.

Applications for dog licenses still continue to come in, the penalty being paid along with the license. In event the owner is rounded up without paying his license fee, he is now subject to a fine or even a jail sentence.

"We intend to get a license tag on every dog in the county," said one official today. "Everyone who escapes this year will consider it easy and fall to pay next year. For that reason we intend to enforce collection down to the last dog."

By paying \$13.60 per month, you can retire a loan of \$1000 principal and interest in 110 months. See Ralph H. McCurdy, office over Miller's store.

Mrs. Alma Lupo and Miss Katherine Williamson, both members of the staff of the Marion county child health demonstration, left Salem yesterday, having completed their work here relative to getting the demonstration established.

Roy Gard, Frank Lynch and Kent Walker left Salem last night for Crater Lake. They will visit friends in Klamath Falls and will return by way of Bend and the McKenzie pass.

Dr. Laban A. Steeves will return to Salem sometime in October and resume his medical practice here. It was announced today Dr. Steeves left this city a month ago for a period of study in the Mayo clinic at Rochester, where he is at the present time. Before returning to Salem he will take post-graduate work in surgery in New York and Philadelphia. In Salem he will be associated with James T. Carman; Sacramento, and Mrs. Louis E. Young and daughter, Mrs. C. J. Larkin, Miss J. J. Larkin; Los Angeles, Mr. and Mrs. Jay C. Randall, Girard; Mr. Wren P. Frasier, Mrs. George L. Swain, Miss Phoenicia B. Stone; Tulsa, Okla., J. R. Cleary.

FEWER CLAIMS FOR LOST SHEEP UNDER NEW LAW

Whether coincidence, or otherwise, the fact remains that claims for sheep killed by dogs as turned into the county have suddenly dropped in number since a new law was effective from an alarmingly increasing number down to a very moderate total.

The new law requires that a claimant not only sign an affidavit relative to the number of sheep lost, the time they were lost and the manner of their being killed, but also requires that the claimant bring in a witness to substantiate these things.

It is believed that the requirement of a witness is the reason why the heavy drain on the sheep fund suddenly stopped with the advent of the new law.

Under the old law all that was necessary was a signed statement from the sheep owner that he had lost so many sheep killed by dogs, specifying the time they were killed, as it is necessary to file the claim within 10 days after the slaughter. With the filing of such a statement the money was paid, providing it was available in the fund. It is believed the new law will save thousands of dollars to the county, as it had become so easy to attach all sheep losses to the simple proposition they had been killed by dogs that the fund was being stampeded.

County officials don't claim that any fraud had been perpetrated on the county by reports of sheep losses which had never taken place, but there is little question in a number of cases when sheep were missed that the loss merely credited their absence to attacks of dogs and filed their claims accordingly.

Applications for dog licenses still continue to come in, the penalty being paid along with the license. In event the owner is rounded up without paying his license fee, he is now subject to a fine or even a jail sentence.

"We intend to get a license tag on every dog in the county," said one official today. "Everyone who escapes this year will consider it easy and fall to pay next year. For that reason we intend to enforce collection down to the last dog."

BIG TIMBER FIRES UNDER CONTROL NOW

(Continued from Page One.)

crews of the company are all still working fighting fires and fears are expressed that more fires may appear.

New Fires Break Out

Portland, Aug. 6.—With extremely dry weather and high winds in several districts several new forest fires in Oregon and Washington have broken out and several which fighters had hoped to control several days ago are assuming dangerous proportions, according to reports received by the forest service and the Oregon fire relief association.

In Clark county, Washington, fire did about \$15,000 damage to buildings and equipment of the Washford Lumber company and is said to be endangering Amboy. Another fire in the Lake Shore district threatened orchards, but is believed to be under control today.

The Tum Tum Timber company has reported a severe smoldering fire which is endangering fine green timber.

In Columbia county a fire on Rock Creek above Vernonia broke fire lines a little yesterday. It has burned over 2000 acres of logged over land and old burns. Private companies have about 200 men on the fire.

Three small fires were reported Wednesday near Seaside.

The situation at the two Wind river, Washington, fires and the blaze on Cedar swamp creek in the Mount Hood forest were unchanged.

Marshfield Fire

Marshfield, Aug. 6.—Fire in the Tar Hill district west of here last night on property belonging to the city of Marshfield, was under control today. The blaze was principally in slashings. Fire Warden Walsh has 36 volunteer firemen throwing lines around the fire and cutting brush. It has been burning 50 hours.

EAGLES CLEARED; FOXES GUILTY

Cleveland, Ohio, Aug. 6.—The famous pair of American eagles at Vermillion, Ohio, charged by farmers in the neighborhood with killing chickens and turkeys, was exterminated today in the report of United States Game Warden John H. Lindsey to D. O. Thompson, chief of Ohio game and fish division, who had ordered the charges investigated.

Several of the farmers had demanded that the birds be killed.

John M. Miller, former internal revenue officer, who accompanied Lindsey on the investigation, said that "where the charges were not absolutely unfounded, they were greatly exaggerated."

One of the farmers questioned said that the depredations of foxes in chicken yards had been blamed on the eagles.

TOM WORD QUILTS SECRET SERVICE

Portland, Aug. 6.—Tom Word, special investigator in the United States department of justice and former sheriff of Multnomah county, announced this morning that he had resigned.

Several days ago Word received notice that he was to be transferred permanently to Phoenix, Ariz. He at once wired the department that he could go to Phoenix for a temporary assignment, but that it would be difficult to go permanent, as he had a family here.

All his family reside here, and since he has lived in Portland for more than 36 years it would be hard to "pull out" as requested.

Back came the reply from some department clerk, Word supposed, "Go to Phoenix, Ariz., permanently or send in your resignation at once."

The resignation was sent.

TWO YEARS IN PRISON FOR CATTLE RUSTLING

Portland, Aug. 6.—Harry Goodrich, a resident of McCloud, California, for the past 15 years, was today sentenced by Federal Judge G. B. Wolfson to a year and a half in the McNeil Island penitentiary following his plea of guilty to a charge of cattle rustling on the Klamath Indian reservation.

Goodrich was charged with running cattle off the reservation and mortgaging them to the First National bank of Bond for \$400. He was arrested when preparing to ship the cattle to Portland livestock dealers.

In his plea of guilty he told the court, "This is the first time in my life I have ever done a dishonest act."

HOWARD HELD FOR RANSOM

Peking, Aug. 6.—(A. P.)—Dr. Harvey J. Howard of the Peking Union Medical college who was captured by Manchurian bandits on July 29 when Morgan Palmer, an American was killed, is held by the bandits at a place about twenty miles from Fuchow-Hsien, which is the nearest station to Palmer's ranch on the Suiyang river. This information was contained in a telegram sent to Harbin by Samuel Sokobin, the American consul at Harbin, who is attempting to obtain Howard's release.

The telegram said that Dr. Howard was being well treated. Officials of the Manchurian province of Holung-Kiang have assembled at Fuchow-Hsien and are ready to begin negotiations with the bandits for Dr. Howard's release.

MURDERED BY JANITOR

Chicago, Aug. 6.—Otto Berndt, 63, secretary-treasurer of the Linday Light company, was shot and killed today by Joseph Pucio, 45, a porter, as he entered the company's office today. The cause was not learned.

Berndt was the father of three children and had been with the company for 15 years.

Pucio was smiling when arrested and refused to believe he had killed Berndt.

HERON BLOCKS PHONE LONG DISTANCE LINES

Spokane, Wash., Aug. 6.—E. F. Pavy, manager of the Pacific Telephone and Telegraph company here said today that some of the long distance lines between Seattle and San Francisco had been out of order during the last few days because a huge heron had become entangled in the wires near Kalama. How the bird got caught was more than he could explain. Mr. Pavy said:

AVIATORS CRASH TO DEATH

Dayton, Ohio, Aug. 6.—(A. P.)—Lieutenant James F. Tillot of Pershing, Ind., was killed this afternoon and Lieutenant Leo L. Burch of Perryville, Ind., was seriously injured when their airplane crashed three and a half miles northeast of Osborne, near Wilbur Wright field.

JURY FINDS ABLE DRUNKEN DRIVER

A jury in police court yesterday afternoon needed only 15 minutes in which to bring in a verdict of guilty against Ray Able of Silverton, who was accused of driving an automobile while intoxicated. Able will be sentenced this afternoon.

The hearing required about three hours. Testimony offered by Ruby Green, a woman who was with Able at the time of his arrest, and by Able himself proved to be damaging to the defendant. The girl admitted that she drank on the night of the arrest and declared that she was not responsible for things she said to officers for the reason that she was drinking.

Able admitted that when arrested he offered Night Sergeant Edwards all the money he had if he would put Traffic Officer Edwards in the cell with him so he could essay to trowace the officer in the way he thought Edwards deserved. In the course of this testimony Able also admitted that he had been asked to repeat the offer when he was sober. This was stressed by the prosecution as proof that Able was drunk and apparently had considerable weight with the jury.

STECK GAINS ON BROOKHART

Washington, Aug. 6.—(A. P.)—With thirty seven counties complete in the recount of ballots in the low's senatorial contest, Steck said he had 140,997 and Brookhart 142,041 in uncontested votes. Steck has challenged 2,363 Brookhart votes, while Brookhart's challenges total 655. The counties recounted constitute about half of those in which paper ballots were used.

Brookhart's supervisor said today there had not been enough gains by Steck in the recount of uncontested ballots to overcome Brookhart's majority and that the outcome of the contest would depend upon final disposition of the challenged votes. Steck's supervisor declared he was not basing the contest exclusively on clerical errors in the state count, but was confident that when the committee reviewed the challenged votes, Steck would get the senate seat.

PROGRAM FOR BAND CONCERT

The following is the program for Friday night's band concert at Willamette park:

Chicago Tribune March, Chambers Medley Overture—in the Shadows Williams

Serenade—Water Lilies—St. Clair

Orchestra "Jolly Robbers", Suppe

"Circusdom" March Jewell

Star Spangled Banner.

O. A. STEELHAMMER, Director.

JOHNNY WALL LEADS IN SALISBURY GOLF

Garden City, N. Y., Aug. 6.—(A. P.)—Johnny Wall of Spokane continued his march through the second round of the national public links golf tournament at the Salisbury country club course today, eliminating William Bath of Newark 3 and 2.

For six holes the battle was the tightest yet fought, both turning in par golf to stand off his opponent. Then came the break and Wall took the lead, never to be headed. The Newark man won only one hole in the eighteen.

Dick Walsh of New York also survived the second, beating down a strong opponent in Walter Murray of St. Louis, who stood third in the qualifying list, by two and one.

YEGGMEN CRACK EUGENE ELKS SAFE

Eugene, Or., Aug. 6.—Yeggmens, presumably professionals at the game, last night or early today let themselves into the Eugene Elks temple through a skylight and blew open the lodge safe. They obtained about \$200 in cash, leaving checks and papers.

Rugs were taken from the floor and two or three pool table covers were removed from the pool parlor in an adjoining room. This material formed the muffer for the blast.

The job was neatly done, according to police, and was evidently the work of some one who understood his business.

The cash register at the candy counter and cigar stand was also broken open and about \$5 in cash taken. Two empty bottles at the bar showed that the yeggmens had evidently helped themselves to some of the Elks soft drinks.

SISTERS OF PROVIDENCE BECOME NATURALIZED

Terre Haute, Ind., Aug. 6.—(A. P.)—The names of Albert Becovsky, 19, Klamath school football star today announced was added to the list of dead as a result of an explosion in the Duran mine last Monday, bringing the total to 8. Two men were killed instantly in the explosion and the other man died in a hospital since Becovsky's father was in the same explosion and died Tuesday.

FOOTBALL STAR ADDED TO EXPLOSION VICTIMS

Willamette, Pa., Aug. 6.—(AP)—The name of Albert Becovsky, 19, Klamath school football star today announced was added to the list of dead as a result of an explosion in the Duran mine last Monday, bringing the total to 8. Two men were killed instantly in the explosion and the other man died in a hospital since Becovsky's father was in the same explosion and died Tuesday.

MISSISSIPPI COLLEGE AFTER SHY HUNTINGTON

Eugene, Or., Aug. 6.—Mississippi college, at Clinton, Miss., is seeking Charles "Shy" Huntington, former University of Oregon football coach, to guide the gridiron demitons of that institution. An urgent communication was received by Huntington from the Mississippi institution, bearing the approval of the president of the institution, but Huntington is still undecided as to his action in the matter.

Knowing that Huntington is in business here, the southern college went so far as to shorten his contract to cover the football season only, so that he might return to Eugene after the season is closed.

STECK GAINS ON BROOKHART
