

CHEESE AND BUTTER PRICES REACH HIGH LEVELS

CHEESE HIGHER; SUGAR ADVANCES; CUBES 50 CENTS

Portland, Aug. 6.—Cheese prices are higher in all lines this morning following the lead taken yesterday when Tillamook advanced a cent on both triplets and 100's. Melwest cheese is up to 23 cents on triplets and 29 cents on loaf, in the local wholesale market. The advance in Tillamook brings triplets to 29 cents and loaf to 30 cents a pound Portland. Other Oregon makes are also higher today with triplets ranging from 25 to 27 cents and loaf from 27 to 29 cents.

Effective at the opening of trade Friday morning sugar prices will be 15 cents higher in the wholesale market. Best cane granulated will be quoted at \$6.20 and beet at \$6 a sack. A year ago today sugar was selling at \$3.45 a sack for the best cane.

Cube extras have reached the 50 cent level in the local butter market, an advance of another cent over previous quotations. The new high level for the season. Last year at this time extra cubes were quoted at 39 cents on the local exchange. Standards are a half cent higher at 49 cents, prime firsts a half cent lower at 47 cents and firsts are unchanged.

Top grade eggs are a cent lower on the exchange at 37 cents with other grades unchanged. The market has an easier undertone.

No material change is shown in the market on country dressed meats for the day. Only a few pieces arrived along the street and these were excellent. Choice light veal 15 to 16 cents, choice light hogs 19 1/2 to 20 cents.

Live hens are weak and lower today with further declines apparent. Commission men are unable to get over 14 cents on light hens with only a limited demand at that price. Heavy hens are down to 22 cents. Springs are barely steady at 17 cents with heavy breeds at 23 to 25 cents. Ducks unchanged at 42 cents.

RAIL SERVICE TO MT. ANGEL BEGINS AGAIN

Passenger and freight service on the Willamette Valley Southern which was abandoned ten days ago, was resumed Wednesday and notices canceling the embargo were sent out by F. D. Hunt, president and general manager.

This move on the part of the railway company is taken to indicate that negotiations for extension of the line four miles to Silverton have been successful and that the lumber milling interests of Silverton will assist in financing the reconstruction of the line from Yoder to Mt. Angel and extension to Silverton.

Service was abandoned over the last 11 miles of the line because company officials estimated that it would cost \$35,000 to place the line in condition for operation. Moreover, it was stated that the company was losing \$10,000 each year in the operation south of Yoder.

Following abandonment of operations the public service commission set a hearing to be held at Oregon City, July 30. This meeting was postponed for 60 days on petition from railway officials, who intimate that Silverton lumber interests were negotiating for extension of the line.

WHEAT, CORN UNSETTLED

Chicago, Aug. 6.—Chicago opening wheat prices unchanged to 1 cent lower, September \$1.50 to \$1.60, and December \$1.60 to \$1.65, were followed by a moderate rally and then by setbacks that carried September down to \$1.55 1/2 and December to \$1.59 1/2.

After opening at 1/2 cent decline to 1/4 advance September \$1.05 1/2 to \$1.06, the corn market underwent a sag all around.

Oats starting at 1/4 to 1/2 cent off September \$2.25 to \$2.27, prices held near to the initial range.

The wheat close was unsettled at the same as yesterday's finish to 1 cent lower; September \$1.59 1/2 to \$1.60, and December \$1.60 to \$1.65.

The corn close was steady at 1/2 cent to 1/4 net decline, September \$1.04 1/2 to \$1.04 1/2.

NEVADA YOUTH BEATING WAY VIA FREIGHT TRAINS

A 17-year-old boy, giving his name as Ernest Newman, had some difficulty in convincing the police today that he was not an escapee from the state training school, but succeeded when Superintendent L. M. Gilbert, of the school, went to headquarters to look him over and found he could not claim the lad.

Young Newman was found asleep this morning on the lawn of the W. P. Watkins residence, 1078 North Capitol street. An officer was summoned and the lad taken to the police station. He claimed Reno, Nev., as his home, but said he had been an inmate of an orphan's home in another state and was now on his way to Seattle via freight train, and Sacramento. He was allowed to go on his way.

WHEAT BRINGS \$1.42 FROM PENDLETON BUYERS

Pendleton, Aug. 6.—Sales of wheat were made Tuesday in Pendleton at ten prices, \$1.42 net, according to wheat dealers for a Pilot Rock lot. All the lots sold were of ex quality milling. One lot of hard Federation was sold at \$1.32 net, according to reports. Wheat movements here are still on a restricted basis however, and most lots sold have been comparatively small in size. Farmers are showing less anxiety to sell this year and apparently have confidence in the strength of the market.

TALK OVER RADIO WITH EXPLORERS IN ARCTIC WILDS

Arlington Heights, Ill., Aug. 6.—News interviews by personal contact were submerged today in the romantic achievement of a radio interview by the Associated Press with the MacMillan expedition, 3700 miles away in the Arctic wilderness.

Lieutenant Commander Eugene F. McDonald of the U. S. Navy, which conveyed the expedition to its base at Etah, Greenland, answered a series of five questions, flashed to him by the Associated Press from station 5XN of the Zenith Radio corporation Chicago of which MacMillan is the president.

Outstanding in the questions and dealing with the future flight of airplanes to the polar regions from Etah, was MacMillan's reply that he had not yet completed "two way communication" with his planes, but hoped to perfect such communication soon.

His reply was recorded by officials of the Zenith corporation here as being a possible plan of MacMillan to communicate continuously with his planes (three in number) while they are in the air northward from Etah.

The planes already have made successful test flights according to reports received in this country. Etah is approximately 3700 miles directly north of Chicago.

LINEUP PICKED SUNDAY'S GAME

Some of the best players out of the Sundown and Twilight leagues have been selected by Doctor Barick and Carl Gabelson, to meet the Oxford Senators next Sunday on Oxford park diamond in the benefit game to pull the locals out of the hole.

There is not a man selected who does not have plenty of class and they will make all of the Senators get out and see to get a win over them. There are lots of clever pitchers in these two leagues who have lots of stuff. Art Blumenthal, pitcher for the Bankers team of the Twilight league appears to have lots of stuff when he is right. Other hurlers who have made a good showing are Hooper and Jenkins of the Legion and weeks, also of the Bankers. Pitcher of the Valley Motor team will be with the Senators as they will need his services due to a shortage.

The lineup for the game has not been definitely selected as yet as it has been hard to line the men up. Those who are selected tentatively follow: Pearuine and G. Thompson, catchers; Blumenberg, Hooper, Jenkins, Weeks and Lauterbach, pitchers; Infelders, Lucas, Oakery, Gabelson, Humphrey, Frazier, Kober, Heenan and Ruggles; outfielders will be Gibson, Laird, K. Thompson and Green. Others may be selected before the game. With this array of talent the Senators will have a tough game.

NEW TEACHERS FOR WILLAMETTE

Announcement was made yesterday of three additions to the Willamette university faculty. The additions include a university physician, a director of physical education for women, and a regular assistant in biology.

The biology assistant, R. D. Burroughs, M.A., is a graduate of Nebraska Wesleyan university, where he was an undergraduate laboratory assistant. He took his master's degree at a university physician, a director of physical education for women, and a regular assistant in biology.

The women's physical director, Miss Pauline Gabel, B.S., is a graduate of Battle Creek college of Battle Creek, Mich. She also has attended Ward-Belmont college of Nashville, Tenn. In addition to having charge of women's physical education she will be associated with the university physician in caring for the health of women students.

The school physician will be Dr. C. A. Downs, a regular Salem physician. All students entering the college will be examined and their health conditions charted at stated intervals. Arrangements have been made whereby all students who care to do so may consult him without charge.

MILTON-FREEWATER PRUNE HARVEST BEGINS

Pendleton, Aug. 6.—The prune harvest around Milton-Freewater got under way Wednesday and will continue for several weeks. Growers here expect to harvest about 600 carloads according to R. E. Bean, county commissioner. Pruit is being held on the trees this year about a week longer than last year, according to an agreement made between growers in order that the fruit may be in prime condition when it reaches the markets, and thus insure a reputation for quality.

LANE COUNTY WHEAT CROP RUNNING SHORT

Eugene Aug. 6.—The wheat crop on the bench lands in some parts of Lane county is running short, according to word from the bureau held on the crop in good as was expected, but the long dry spell burned the benchland grain, it is said.

In some instances the crop is running from five to fifteen bushels to the acre.

In other parts of the county, however, some reports of better crops, where the grain was earlier.

KLAMATH MILL OWNERS FAVOR ESPEE MONOPOLY

Klamath Falls, Aug. 6.—Fourteen Klamath mill owners and operators last night made public a signed statement in which they pledged united support to the Southern Pacific company in its battle with the Oregon Trunk for supremacy in the Klamath country and central Oregon.

The statement sets forth that in their opinion the projected extension of the Oregon Trunk from Bend to Klamath Falls is not needed if the Southern Pacific permitted to carry out the building program it has mapped out.

The Southern Pacific has pioneered in this section, the statement goes on to say, and for that reason it should be protected in its efforts to provide additional rail service in order that any competing lines might not stop in and take advantage of the opportunities which have come as a result of the gradual development which the Southern Pacific has aided.
