Vacation Spirit Rules Capital City

The capital city has forgotten for a time the love of formal entertaining. The dinners, luncheons, teas and afternoons of bridge, of winter, autumn and spring, with Salem hostesses vying with each other to find the newest and most novel ideas which will add to the pleasure of their guests, have been subjected to the influence of the vacation spirit. All society is interested only in the pursuit of purely summer pleasures.

With the vine maples in the foothills already showing a tinge of red and orange comes the realization that the days of swimming, hiking and picnicking are numbered. A review of the week which closes today shows that Salem matrons and maids are aware of the proximity of autumn for never was there a week more full of picnics, large and small, of trips from one corner of the state to the other, of swimming parties, and of house parties at beach and mountain summer homes.

NEGROES OF BEND FILE A PROTEST

Bend, Or., Aug. 8.—Complaining that signs at restaurants stating that "colored trade is not wanted," humiliated them, a resolution drawn up and presented by Senator Jay Upton, on behalf of the negroes of Bend asking the council to request the restaurant proprietors to remove the signs, was accepted by that body last night.

City Attorney Pearson informed Senator Upton there was no law to compel the restaurant owners to remove the signs. The senator reminded the city attorney that the resolution presented by him was carefully drawn up with a view not to create hard feeling but merely to ask the council "to request" the restaurateurs to take down their signs. The resolution also included a phrase to the effect that a private word to any negro entering a restaurant where he apparently is not wanted, would be sufficient to cause the departure of such person from the establishment.

Same Fine Studebaker Coach

—but at a new low One-Profit price

BECAUSE all Studebaker cars are manufactured on the one-profit basis, we have been able to reduce the price of the Standard Six Coach without sacrificing any of the equipment or quality which made it a big seller at a higher price.

Scientific design, better materials, and finer workmanship distinguish it. And the following self-evident superiorities make it more up-to-date than the newest "yearly models":

Excess Power—According to the rating of the National Automobile Chamber of Commerce this is the most powerful car of its size and weight.

Abundant Room—Room to stretch your legs—room to enter or leave without disturbing occupant of folding seat.

Sturdy Body Construction—Fine northern ash and hard maple are used. We pay a premium to get the best quality steel.

Full-size Bullock Tires—for which the steering gear, fenders and even the body lines are specially designed.

Automatic Spark Control—eliminating the usual spark lever on steering wheel.

Safety Lighting Control—on the steering wheel.

Instruments—including 8-day clock, gasoline gauge, speedometer, oil-pressure gauge and ammeter, in single grouping under glass, on beautiful silver-faced dial.

Improved One-piece Windshield—automatic windshield cleaner, weather-proof view, rear-view mirror, cowl lights and cowl ventilator.

Coincidental Lock—to ignition and steering wheel, which serves to reduce the theft insurance rate on Studebaker cars.

New-type Cowl Ventilator—foot operated. There are only two cars manufactured on the one-profit basis—the Studebaker in the fine-car field, and the Ford in the low-price field. Only in these two cases does one company in its own plants and with its own centralized organization make all bodies, all engines, all clutches, steering gears, differentials, springs, gear sets, gray iron castings, and drop forgings.

Studebaker has no "yearly models" but instead keeps its cars constantly up to date. Therefore this Standard Six Coach is ahead of the newest "yearly model," yet owners are protected from the artificial depreciation which has cut millions of dollars from the resale value of many makes during the past 30 days.

NOW DOES ALL HER WORK

Has No Backache, No Bad Feelings Because Lydia E. Pinkham's Vegetable Compound Drove Her Illness Away

Milwaukee, Wisconsin.—"I was in a badly run-down condition and I would get weak spells and terrible headaches. I felt so badly last year that I could not do any housecleaning. The minute I would lift or stoop it seemed as if I was going to fall to pieces. I told a neighbor how I felt and she said that Lydia E. Pinkham's Vegetable Compound was surely the right thing for me. I took four bottles then and in the fall of the year I took three. I had been treated by a doctor but he gave me an
