WARDEN GIVES MEIGHAN DOPE

Warden Lewis E. Lawes, of Sing Sing prison, who probably knows more about confidence men than any other person in the world, visited Thomas Meighn recently at the Paramount Long Island studio during the filming of Meighan's latest picture. "The Confidence Man," and gave the star some valuable pointers and advice on making the production.

In the picture, Tom plays the role of one of the smoothest crooks in the game, and the warden came in mighty handy as an authority on the technique of such individuals.

Virginia Valli is Meighan's leading woman in "The Confidence Man" at the Bligh theater today and tomorrow.

No More Flies No More Mosquitoes
Wonderful Black Flag Kills Them All

Kill every fly in your home with BLACK FLAG. And every mosquito! And every roach! BLACK FLAG is the surest death to insects ever discovered. For it contains a secret vegetable ingredient which bugs breathe and die. Not one escapes.

Ordinary insecticides kill, at best, only 6 out of every 10 bugs. The four which get away breed hundreds which return.

But BLACK FLAG kills 10 out of every 10 pests. It will completely rid a home of bugs when all else fails. And it kills every kind of bug! Flies, mosquitoes, roaches, moths, ants, bedbugs, dog fleas, plant lice and chicken lice! But BLACK FLAG is absolutely harmless to humans and animals.

And this master insect killer kills every roach, too!

BLACK FLAG comes in two forms—powder and liquid. Both are equally effective, with these three exceptions—never use any liquid on furs; use the powder to make them mothproof. Use the powder to kill dog fleas and lice.

Either BLACK FLAG powder or liquid costs less. Many people use both, preferring the liquid to kill flies, mosquitoes and moths—and the powder to kill roaches, ants, bedbugs, dog fleas and lice. BLACK FLAG Powder, 15c up. Powder Gun, 10c. Liquid, 25c up. Sprayer, 45c. Special introductory package containing can of liquid BLACK FLAG and Sprayer for only 65c.
