

# WHEAT PRICES PLUNGE AS CROP REPORTS COME IN

## CHICAGO SALES OPEN NEARLY 6 CENTS OFF MARK

Chicago, Aug. 11.—Wheat prices plunged widely downward today with traders giving attention almost entirely to the United States and Canadian government crop reports. Both of these reports were a source of astonishment to the trade, the United States report in particular showing about twenty million bushels more wheat likely to be harvested in this country than has recently been looked for. After the first rush of selling had somewhat subsided, buying broadened out and a substantial recovery was witnessed. Chicago opening prices 2 1/2 to 5 1/2 lower, September \$1.60 1/2 to \$1.62 and December \$1.55 1/2 to \$1.57 1/2, were followed by a reaction to \$1.62 1/2 for September and \$1.60 1/2 for December.

The government report as to corn, however, was construed as bullish and corn prices soon opened a material uptick, after opening at 1/2 to 3/4 decline, September \$1.04 1/2 to \$1.05, corn rose all around September touching \$1.07.

Data started at 1/2 to 3/4 cent setback, September \$1.04 1/2 to \$1.05.

In line with hog values, the provision market was easy. Bacon closed unaltered, 3 1/2 to 5 1/2 net lower; September \$1.60 to \$1.60 1/2, and December \$1.58 1/2 to \$1.59.

Corn closed irregular, 1/4 net lower to 1/2 higher September \$1.06 to \$1.06 1/2.

## WHEAT AND CORN CROP ESTIMATES ALTERED LITTLE

Washington, Aug. 11.—(AP)—Prospective crops of 678,000,000 bushels of wheat and 2,950,000,000 bushels of corn this year are announced by the department of agriculture.

Wheat production was forecast a month ago at 680,000,000 bushels. Last year's crop was 673,000,000 bushels. The corn crop was forecast last month at 2,925,000,000 bushels. Last year's crop was 2,427,000,000 bushels.

The preliminary estimate places winter wheat production this year at 418,000,000 bushels, compared with 404,000,000 bushels a month ago and 537,000,000 bushels last year.

Spring wheat production was forecast at 262,000,000 bushels compared with 270,000,000 bushels last month.

The preliminary estimate of winter wheat production by important producing states includes: Oregon 6,732,000 bushels.

Forecasts of production of other important crops, based on August 1 conditions last month's forecast and last year's production follow:

Oats 1,387,000,000 bushels, compared with 1,292,000,000 last month and 1,420,000,000 last year.

Barley 214,000,000 bushels, compared with 208,000,000 and 188,000,000.

Rye 32,000,000 bushels compared with 34,100,000 and 34,000,000.

Buckwheat 16,400,000 bushels, compared with 16,000,000 last year.

Flax seed 23,500,000 bushels, compared with 24,100,000 and 20,200,000.

White potatoes 323,000,000 bushels compared with 300,000,000 and 455,000,000.

Sweet potatoes 32,300,000 bushels, compared with 37,000,000 and 17,000,000.

Hay 91,000,000 tons compared with 92,000,000 and 115,000,000.

Apples 161,000,000 bushels, compared with 157,000,000 and 179,000,000.

Peaches 47,400,000 compared with 46,800,000 bushels and 52,100,000.

Pears 17,700,000 bushels compared with 17,100,000 and 18,600,000.

Grapes 2,250,000 bushels compared with 2,200,000 and 1,700,000.

The condition of the various crops on August 1 was announced as follows:

Spring wheat 73.9 per cent of a normal; corn 78.1; barley 79.3; buckwheat 90.4; flaxseed 75.4; white potatoes 79.0.

## NARCOTIC AGENT CAUGHT IN RAID

Chicago, Aug. 11.—Colonel Will Gray Beach, chief of the narcotic division of the internal revenue department for the Chicago district and three of his trusted associates have been arrested on charges of bartering drugs for the loot of robber gangs.

Coincident with the arrests agents of the special intelligence unit of the internal revenue bureau reinforced by more than 100 detectives raided a score of joints in Chinatown and on the south side.

Arrested with Beach were Dennis J. O'Brien, Alonzo Baxter and Harry Dietrich. Other arrests will be made said federal agents, as a part of a nation wide inquiry and clean-up of all grafting in the federal narcotic service.

Beach and O'Brien, uncovered readily saleable goods identified as stolen and worth thousands of dollars. Included were wearing apparel, jewelry, curios, radio sets, guns and cameras, searchlights, fans, arc lamps and violet ray machines used in beauty parlors.

Wants Shipping Apples  
O. E. Brooks, who has managed the pools for the black-cherry association the past two years, is in the market for Gravenstein apples for shipping. He states he wants all of the Gravenstein he can get suitable for shipping purposes. Deliveries will be at the Pacific Fruit & Produce company's plant.

## WOMAN IS GORED BY COW

Eugene, Or., Aug. 11.—Gored by a cow and severely gashed about the body, Mrs. Don Hulbert whose residence is about six miles south of Eugene, was brought to a local hospital yesterday.

The cow, reputed to be hard to handle, turned on her while she was milking, and before she could get away had pinned her down. A number of stitches were necessary to close the wounds.

## COUNTRY MEATS IN GOOD DEMAND AND PRICE FIRM

Portland, Aug. 11.—Country dressed meat arrivals were light again today and prices along the street were nominal at former levels. There is a good demand for choice light stuff but little coming. Top calves 16 1/2 cents; top hogs 19 1/2 to 20 cents.

No improvement is shown in the live poultry market, although receipts are not heavy. No change in prices.

The cutbe butter market continues active with prime firsts up another cent at 45 cents on the exchange. Other grades unchanged.

A half cent decline to 30 cents is the only change in the local egg market today. On the exchange all grades were posted at former prices.

## PEARS ARE HELD UNTIL MARKET MORE FAVORABLE

According to word received here from Yakima the early picking of the pear crop there intended for export shipment will be put in cold storage until early in September when it is expected California green shipments which have amass the market in the east will be out of the way. Medford is holding its pear shipments in storage for the same reason. In both sections they are confident the prices will come back. The Yakima district expects to ship out about 6000 cars.

Yakima also expects to handle about 750 cars of Elbertas for the district with a total crop of 900 cars estimated in the state of which about 500 cars will be sent to the larger cities of the state.

Estimates on apple tonnage from Yakima and Wenatchee districts have been materially increased, the Yakima district expecting to go to 13,000 to 14,000 cars and the Wenatchee district from 18,000 to 19,000 cars, an increase of from 10 to 12 per cent over earlier estimates.

Yakima on black cherry pools for fresh shipments also has been announced by the Yakima Growers association. In Lambert's returns were as follows: first pool, 11 1/2; second pool 14 1/2; third pool, 13 1/2; fourth pool 19 1/2. In Bing returns were first pool, 18; second pool, 15; third pool, 12 1/2; fourth pool, 10 1/2; fifth pool, 10 1/2. In both pools the price paid showed a constant decrease and a breaking of the market. In the four Lambert pools a total of 137,445 pounds were handled at a general average of 14 1/2 cents. In the five Bing pools a total of 57,979 pounds were handled at a general average of 17 1/2. All of the figures given on the cherry returns were net to the growers.

In one combination car carrying partly Marion brand cherries of the association and other cars of a competitor, Brooks states that the Marion brand packed cherries brought 27 cents a box higher than the others.

In one car 14 boxes were missing on arrival of the car, having been stolen in transit, and in another car a few boxes were empty. These constitute the outstanding claims held by the association which may realize a little more money for the growers before the pool is finally closed.

## BLACK CHERRIES NET MEMBERS OF POOL 11 CENTS

Checks for growers in the Salem Black Cherry association on the 1925 pool are made out ready for delivery at Vick brothers, Manager O. E. Brooks of the pool announced today, the pool showing a return of 11 cents a pound to the growers, 1/2, with a few outstanding claims, yet unpaid which may swell that amount a little.

The association shipped approximately 110,000 pounds of cherries this year and brought returns from 20 cents to a dollar a box higher than any cars in competition with the local cars from any district. Only one car in competition brought a better figure than the association cars, and that was one from Hood River with the cherries packed in the boxes while none of the association cherries were faced.

## YAKIMA APPLES NET BIG PRICES

Washington, Aug. 11.—(AP)—The sale of a carload of American apples in Scotland for four times the price brought by Portuguese apples and for a higher price than could be obtained for Australian and New Zealand apples was set forth today by the department of agriculture as a striking illustration of the possibilities of shipping American fruit abroad.

J. MacPhee Ferguson of Yakima Wash., harvested the apples of the Winesap variety in 1924. Despite the fact that they were nearly a year old and were shipped 8000 miles they arrived in Scotland in first class condition. They were arranged in paper at the time of harvest and placed in cold storage at Yakima until shipped in refrigerator cars.

Oregon Agricultural College, Corvallis, Aug. 11.—Inspection of walnut orchards in the Willamette valley district, near Portland, will be made by growers under the direction of the Western Walnut Growers' association August 19 and 20, to learn the best answers to the following questions:

Does it pay to use cover crops? Shall orchards be planted any old place? Are the trees dying? Can you build the best drier? Are all your trees equally productive? The association in handling the tour in such a manner as to give the maximum information on these five problems with the minimum of travel. Dr. P. H. Jobes of Willamette, a specialist of soil fertility maintenance will be given here. The steam drier, working over old filter trees, and crown gall and winter injury to walnuts will also be considered.

After the dinner, served by the women of Willamette, the various ways of planting filberts will be inspected at the orchard of Homer Kruse. The effect of close planting and reaction to the soil will be determined at the orchard of John De Nuent.

Opening up trees and pruning will occupy the attention of the association members at the W. H. Bentley place at Dundee Thursday morning. Dinner will be taken in Newberg.

## GROWERS PLAN TOUR OF VALLEY WALNUT TRACTS

Portland, Aug. 11.—F. L. Kent, crop statistician of the department of agriculture, is expected to report today that the monthly crop report today says that in spite of some deterioration during July, due largely to very hot weather, Oregon's grain crops are still found to be larger than they were last year.

The same is true of hay and potatoes, but trees and grapes are either somewhat less than in 1924 or about the same in prospective yield.

The prunus crop will be but a small fraction of a full yield. The hop crop is expected to be about the same as in 1924.

## OREGON WHEAT CROP OVER 1924

Amsterdam, Aug. 11.—(A. P.)—Four persons are reported to have been killed and about 100 injured in the small village of Borgula, in eastern Holland near the German border, when it was struck by a typhoon which lasted several minutes last night.

The village is a mass of ruins. Both churches were demolished and not a single house escaped damage.

Other villages in the eastern part of Gelderland province seriously damaged by last night's storm are Oldam, Doetinchem, Oldenzaal and Bengelo. Only few details are available as communication has been interrupted.

## BAKER DEFEATS JOHNSON COOPERATIVE PAYS 5 5-8 CENTS ON LOGAN POOL

Portland, Or., Aug. 11.—In one of the hardest fought heavyweight bouts ever staged in the northwest, Sam Baker, Hollywood movie celebrity, won a 10-round decision from Floyd Johnson, one time contender for the heavyweight crown.

A terrific right chop to the jaw floored Johnson in the second round for two counts. Baker with his left continually found his mark in long range smashes.

Checks are being mailed out today by the Producers Packing & Canning company covering the concern's loganberry pool for 1925 showing a new return of 5 1/2 cents a pound to the growers.

As far as is shown this is the best return made in this section on logans for 10 years, the average price generally paid for the season being 5 cents a pound, while in some instances it is understood, 5 1/2 cents was the price paid on later berries.

Virtually all of the pack of the producers went abroad this year, being sold in English channels. The return also in cash was unusually quick for handling on a cooperative basis.

Last year the return on logans of the Producers was in the neighborhood of 4.65 cents per pound.

Only one car in competition brought a better figure than the association cars, and that was one from Hood River with the cherries packed in the boxes while none of the association cherries were faced.

In one combination car carrying partly Marion brand cherries of the association and other cars of a competitor, Brooks states that the Marion brand packed cherries brought 27 cents a box higher than the others.

In one car 14 boxes were missing on arrival of the car, having been stolen in transit, and in another car a few boxes were empty. These constitute the outstanding claims held by the association which may realize a little more money for the growers before the pool is finally closed.

## COOPERATIVE PAYS 5 5-8 CENTS ON LOGAN POOL

Checks for growers in the Salem Black Cherry association on the 1925 pool are made out ready for delivery at Vick brothers, Manager O. E. Brooks of the pool announced today, the pool showing a return of 11 cents a pound to the growers, 1/2, with a few outstanding claims, yet unpaid which may swell that amount a little.

The association shipped approximately 110,000 pounds of cherries this year and brought returns from 20 cents to a dollar a box higher than any cars in competition with the local cars from any district. ## An Old-Fashioned Beauty Recipe

The old time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is the grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream which you can buy in small quantities ready for use at any first class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

If you have not yet tried this simple, easy way to beauty get a small quantity of Howard's Buttermilk Cream today and let your face be the judge. Your favorite toilet goods counter can supply you. All druggists are selling lots of it.—Adv.
