FALLS CITY LAYS PLANS TO SECURE BANNER EXHIBIT

Falls City, Or., Aug. 18.—The committee appointed some time ago by the president of the commercial club to have a community exhibit at the Polk county fair has decided to hold a day's display in Victory hall on Tuesday, September 8, with the intention of taking all that is suitable of this exhibit to the Polk county fair in Dallas, September 10-12, where this exhibit will compete for prizes offered this year by the Polk county fair board for community exhibits. Six prizes will be given in all to this class. The date for this community display was set for September 8 in order to give those interested an opportunity to see the exhibit and still permit the committee to take it to Dallas and arrange in the booth already reserved in time for the

YOUNG BRYAN TO CARRY ON

Miami, Fla., Aug. 18.—Colors under which William Jennings Bryan waged his fight against the teaching of evolution in the schools of America will not be faded. His only son, William Jennings Bryan, Jr., said in an interview with the Miami Daily News today that he will carry on the work in which his father was engaged at the time of his death and will continue to engage in legal fights to take the teaching of evolution out of the schools. Mr. Bryan is still busy settling the affairs of his father's former estate and is engaged in numerous conferences with his father's former business associates. He plans to leave in a week for Los Angeles where his legal practice demands attention.

BELGIANS BITTER OVER DEBT ISSUE

Brussels, Aug. 18.—(A. P.)—Angered and bitterness continue to mark the comments of the Belgian press on the conference at Washington between the American war debt funding commission and the Belgian mission. The optimistic tone of semi-official statements made in Brussels before the conference, which encouraged the hope that favorable conditions would be made for the payment of Belgium's debt to the United States, is resented as having misled public opinion. The National Belge says that promises have been broken and that President Wilson's signature has become a scrap of paper. The Midi says that America's attitude in regard to the debt question is cynical and that President Coolidge is in the hands of Wall Street. Greece expects to harvest 300,000,000 pounds of tobacco this year.

SMUGGLING TO BE SUPPRESSED

Washington, Aug. 18.—(AP)—Suppression of smuggling along the Canadian border will be further discussed at a conference to be held shortly in Washington. Representatives of the United States and Canadian governments will endeavor to agree on identical regulations to govern their respective agents along the border. The American delegation will be headed by Assistant Secretary Andrews of the treasury. The exact date has not been determined.

COUNTY PAVING PLANTS FINISH SEASON'S WORK

The county paving plant at Salem did its last job of work for the season today, closing down tonight after finishing the season's business assigned to it. The plant furnished materials for the Skyline, Pringle and Fruitland road improvements this season and spent considerable time on repair jobs inside of the city. The Scollard plant also is being torn down and moved to Ellerton to get ready for work which will be done there next season. The Station and St. Paul plants are still operating, the Station plant to continue in operation for about a week and the St. Paul plant for three weeks. The St. Paul plant is working on the St. Paul-Newberg road, this to be the

last of its work for the season when it finally closes down. It is figured that between 15 and 16 miles of pavement will have been laid when the season's work is finished.

Quigley of Salem, district 2; and G. W. James of Dallas, districts 10 and 11. A very entertaining program was carried off in the afternoon with Johnson Smith of Portland and Milton A. The lunch was in the form of a basket affair, with coffee, cream and sugar furnished by the Salem lodge. Mrs. Anna and Mrs. Myrtle Graybelle of Salem comprised the lunch committee, assisted by Mildred Graybelle, Ada Sharp and Mary Feller. Other pleasing features

of the day's entertainment were the drills put on by Mt. Scott, Dallas and Oregon Fir teams and the inevitable baseball game in the late afternoon.

CATHOLIC WOMEN HOLD PICNIC AT CHAMPOEG

Champoeg Park, Aug. 18.—The Catholic ladies gave a picnic at the park Sunday and during the exercise Mrs. R. M. Smith, who as a girl, Anna Kennedy, was a Marion county school teacher, was stricken with apoplexy and fell to the ground, dying in a few minutes, while dying 300 people knelt around her and said the Rosary. Present were her husband, a daughter and three sons. Herself and family had been busy since 8 a. m. arranging the day's exercises, she being one of the exceedingly busy persons. She had just remarked to Mrs. P. H. McMahon, "I am feeling tired and I will ask Mabel to take my place." Mabel, her daughter, was at a booth near the Smith telephone, a mile distant, in the nearness of the park, and it was out of the question to summon a doctor in time to revive Mrs. Smith. She was a daughter of Pioneer John Kennedy who lived in the Woodburn section, and was born in Oregon. The day's festivities came to an abrupt ending upon the announcement that Mrs. Smith was dead. Arrangements for the funeral will be completed today. The body was taken to Holworth's parlors in Newberg after having been carried from the grounds into the Memorial
