SALEM BOY HURT IN AUTOMOBILE CRASH AT CANBY

Oregon City, Aug. 19.—Clarence Colyer, 13 year old son of Mr. and Mrs. John Colyer of Salem, was taken to the Oregon City hospital Monday night in a semi-conscious condition and suffering from contusions of the scalp and arms, besides many bruises on the body caused by an automobile accident about 3 o'clock.

Colyer, unaccompanied, was traveling north on the Pacific highway, one half mile south of Canby near the Molalla river bridge. While attempting to pass a truck traveling in the same direction, his "bug" collided with a five passenger car, containing four passengers, going south. The five passenger car was driven by Enos Yoder.

Canby, Aug. 19.—Mrs. Lilly

Hutchinson sustained serious injury last night when a motor car in which she was riding went off the narrow pavement between Canby and Macksburg and turned bottom side up. Wallace Hutchinson, her son, was driving the car and passengers were Mrs. Dick Reynolds and Mrs. Hutchinson's two grandchildren.

Except Mrs. Hutchinson all escaped without injury. Her leg was fractured and she sustained severe cuts about the head and face.

MAN INJURED BY BLAST

Mil City, Aug. 19.—C. M. Beales, employed by the Hammond Lumber company with a crew of men clearing the right of way for logging road extension, suffered painful injuries Monday when he failed to get away from a blast soon enough, resulting in his face and chest being filled full of small rocks. A heavy cap he wore probably saved him from more serious injury, as it appears he was tamping more dirt in the hole when the charge went off, and the cap somewhat protected his eyes and the top of his head. He was brought to the hospital here.

TEST OF NEW HOP MEASURE LAW IS SET FOR HEARING

Dallas, Or., Aug. 19.—The suit aimed to test the new Oregon hop law which requires all hops to be picked by weight will come up before Circuit Judge Ramey at 1 o'clock Thursday, August 20, according to J. N. Helgeson, district attorney.

C. A. McLaughlin, prominent Polk county hop grower, is bringing the suit and he is seeking to secure a permanent injunction against Polk county authorities from enforcing the new law. District Attorney Helgeson and Sheriff Hooker are defendants in the suit.

The case is being closely watched by Polk and Marion county hopmen. The nearness of the season is causing them to be somewhat anxious for an early decision.

BABE STRANGLER WHILE IN BED

Stayton, Aug. 19.—The eight months old baby boy of Mr. and Mrs. John Tweedie strangled to death at 11:30 Tuesday morning. The child had been sleeping in an ordinary double bed and the mother had laid the child on the side next to the wall; in some manner the child slipped between the bed and wall, his body falling free but his head catching in such a manner as to cause strangulation; the child made no outcry and the mother discovered his condition only when she went to waken him for his feeding; all attempts at resuscitation failed.

The baby was buried Thursday afternoon in Woodburn, the former home of the Tweedies.

An English corporation has abandoned attempts to find petroleum in Cape Colony after 29 years of prospecting.

A water motor operates a new iceless cooling machine for household refrigerators.

I Love You California

Oh, come to the land of the western sun,
Where every business is overdone,
Where stores charge freight on goods made here,
Ask them the reason, they think you queer,
They serve you climate with all your meals,
It is so blame hot your back just peals,
The Arabian Club includes the State,
From San Diego to the Golden Gate,
The movie stars marry twice a year,
Would marry again if the way were clear,
The grape fruit here is something fine,
Cross between lemon and pumpkin rind,
Where cows eat barley instead of hay.

And the cream gets lost in the milky way,
They sell you lots that are made by hand,
The view of the ocean is very nice,
That is included with the price.

They weigh the sack and then weight the fruit,
They weigh them again and their fingers to boot,
They claim it is wet if it rains once a year,
You get so dry, you can't shed a tear,
The chickens have mites and the dogs have fleas,
The desert winds blow and the oranges freeze,
We shovel the sand, you shovel the snow,
Just about a standoff, far as I know,
So tune up your flapper and start for the west,
Where jobs are scarce and pay is less,
Bring all your cash and plenty of clothes,
When you get any more, the Lord only knows,
I am telling this story which I know is true,
As seen by me through eyes of blue,
If the Booster Club ever gets this back,
They'll change my eyes from blue to black,
They asked us to write the truth to a friend,
Now I have done so and this is the end.

To the Editor: Please insert this in the Daily Capital Journal. We know it to be true, 'cause we live here. We are former of Salem, Oregon—that ain't all, "We will be back some day."
LANE & LATIMER,
Corona, Cal., Aug. 15.

Mrs. Gentry and children spent Tuesday in Albany.

PROTECTION!

PURE PREPARED PAINT and PHOENIX PURE PAINT

PAINT PROTECTION against depreciation—just as necessary and wise as insurance-protection against fire!

And be certain that your paint protection is as reliable and dependable as your fire insurance.

Two-thirds the cost of a painting job is labor. Hence, to use the best paint adds but little to the first cost. It is cheapest in the end.

Pure Prepared Paint and Phoenix Pure Paint are made of only pure linseed oil, pure white lead and pure pigments. "Cheaper" paints are made of cheaper materials, hence the film they form doesn't "hold up"—it doesn't last and it doesn't protect.

Ask any FULLER Dealer. Write for free book, "Your Home as Others See It"—illustrated in colors—suggests many color schemes. For all large jobs consult a master painter.

DALLAS TO PURCHASE NEW FIRE EQUIPMENT

Dallas, Aug. 19.—The city council decided to authorize the installation of a standard chemical outfit on a new auxiliary hose truck which the fire department is fixing up, at its regular session Monday night. The chemical will add about \$250 to the cost of outfitting the light truck but will make available an extra chemical tank of 40 gallon capacity that can be used independent of the pump.

3 Miles Paving Finished

Mil City, Aug. 19.—The three miles of new paving on the Hill City-Salem highway between Mehamans and Stayton have been completed. This leaves a balance of but four miles for Marion county to pave to Mehamans, where the road crosses into Linn county.

CYCOL MOTOR OIL

Safeguarding your motor

In the cool of the night, huge trucks hurrying perishable foods to city markets, must not be delayed or halted. For serious loss would result. The operators of these trucks realize the importance of reliable motor lubrication.

Dependability is the outstanding characteristic of Cycol. And the motorist who uses Cycol is as confident of results as he is that the sun will rise.

Cycol does a thorough job of lubrication. Because of treatment given the crude itself at the start of distillation; followed by perfect filtration of the distilled oil; then redistillation and finally, separation by mechanical force. All these are in addition to the regular purification processes employed by refiners. Next time try Cycol. Safeguard your motor.
