Findley Home Scene Of Wedding

One of the loveliest of the summer brides was Miss Genevieve Findley, daughter of Dr. and Mrs. M. C. Findley, who was married at noon today to George Oliver of Moscow, Idaho. The ceremony took place in the Findley garden with Dr. Fred Taylor, pastor of the First Methodist church officiating. Dr. D. H. Leach, former pastor, and for many years a friend of the Findley family, assisted Dr. Taylor.

Thirty relatives of the bride and groom assembled in the garden shortly before noon and Miss Pauline and Miss Edith Findley, sisters of the bride, sang "I Love You Truly." Louise Findley with Miss Edith accompanying on the marimba, played the wedding march from "Lohengrin" as the bridal party took their places underneath an archway of greenery below the library window.

The bride was a picture of loveliness in a gown of white, very soft, silk made simply with silk embroidery and lace. Her veil was full length and fastened on a coronet of orange blossoms. She carried a shower bouquet of bride's roses. There were no attendants.

ARCTIC FLIGHTS ABANDONED FOR PRESENT YEAR

Washington, Aug. 19.—The MacMillan Arctic expedition has abandoned hope of carrying out its full exploration program over the polar sea this year.

Curtailed of the expedition's activities was forced by adverse weather, which has locked the northland in ice and fog well ahead of the usual winter season. MacMillan and his explorers will proceed, however, to carry out other objects of the expedition including scientific investigations from the present base at Etah, Greenland.

The change in plans was announced today by the National Geographic society after it had been advised by MacMillan that the project of establishing an advanced base at Cape Hubbard and flying from there over the frozen northern sea was not feasible because of this year's unusual weather conditions.

The veteran explorer advised society authorities that in view of all the circumstances, to go ahead with the original plan would be to attempt the "impossible."

JELLY FISH STUNG SWIMMER IN CHANNEL

Cape Gris, Nez, France, Aug. 19.—Gertrude Edrle is feeling no ill effects of her try for a crossing of the English channel by swimming. She suffered no muscle distress and the consumed breakfast showed that the salt water she swallowed yesterday had left little or no after effects. Miss Edrle intends to rest for two or three days after which she may go to Paris. While there she will decide whether to undertake the channel attempt this year.

The only physical reminder of her wonderful swim is a slight irritation of the skin due to jelly fish four miles out from the cape.
