Howard's Buttermilk Cream Best for Freckles, Sunburn and Tan

Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage with Fingers Before Retiring is All That is Necessary

The old time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow white hands and arms.

Buttermilk however, is not always obtainable, but a special cream at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream gently massaged with the finger tips around the corners of the eyes and mouth.

To get the best effect, be sure to follow the simple directions. All good druggists guarantee a noticeable improvement after the first application or they will refund the money—Adv.

St. Louis, Missouri. "After my first child was born I was bothered with a pain in my side which became more severe the longer I let it go. It was terrible, I often had to lie down to get any relief. I was in a weak and run-down condition, and my side seemed to be the point for all the pain. I was this way for three months, then I read your little booklet and the testimonials it contained, and started taking Lydia E. Pinkham's Vegetable Compound. I could feel relief after the first bottle and I have found it to do all you claim for it. I had to repeat it again after my second child was born. I sure will recommend the Vegetable Compound to my friends."—Mrs. N. R. LAYTON, 2726 1/2 University St., St. Louis, Mo.

If you are suffering from any weakness which causes such symptoms as pains in the side and back and nervous feelings, give Lydia E. Pinkham's Vegetable Compound a trial now. Do not continue to feel ill run-down and half sick when relief is at hand. Sold by druggists everywhere.
