## YOUTH CURED BY OPERATION IS AGAIN INJURED

Dallas, Or., Aug. 27.—Nine-year-old Stanley Haggerty of Rickreall, who recently was successfully treated for a club foot at the Shriners' hospital in Portland, was painfully injured on Tuesday at Rickreall when a car ran amuck on the highway. The same leg that had previously caused the boy to be a cripple was injured but it is hoped not seriously.

Stanley, who is the son of Mr. and Mrs. Jerry Haggerty, was walking along the highway when two cars met near him. He stepped off the pavement, but the woman driver of the car on his side of the road became confused and ran off the pavement. The boy leaped a ditch and started up the bank but the car followed and finally struck him.

Dr. A. B. Starbuck, who interest in Stanley had gotten him into the Shrine hospital, was called to

## Dallas Rural Route Selected in Oregon For Marketing Test

Dallas, Aug. 27.—Dallas rural route 1 has been selected as one route to be used in an experiment to develop and encourage the transportation of food products directly from producers to consumers and vendors, according to notification received by Postmaster Coad. It is the only route in Oregon designed for the experiment.

The experiment includes all manner of food stuffs originating on the rural route for delivery to patrons on the route or in the city or town at the regular local rate of five cents for the first pound and one cent for each additional two pounds. Packages originating in the city or town for delivery on the route are not included.

F. H. Morrison, mail carrier on the route, will be allowed 50 per cent of the postage on the food products mailed directly on the route and collected and delivered by him, in addition to his regular salary as carrier. He is also allowed to solicit business from the patrons on the route and to deviate from the official line of travel to collect or deliver packages so long as the deviations are not extensive enough to interfere with the regular carrier service.

The carrier must also see personally to the delivery of packages collected under the experiment either to other patrons on the route or within the city or town where the route originates. Perishable products must be delivered on

## FORMER COUNTY JUDGE REMITS MILEAGE PAID

Dallas, Aug. 27.—Asa B. Robinson, ex-county judge of Polk county, presented H. G. Black, county clerk, with a check for \$582.79 covering mileage drawn by him during his term of office which expired December 31, 1924.

Mr. Robinson's action followed the filing of a suit last week by William Toedemeier against Mr. Robinson. The suit was filed the day received.

The experiment has not been in progress a sufficient length of time to determine whether it will make any material increase in the parcel post business originating on the route or not. The experiment apparently is designed to determine whether there is sufficient demand among farmers to market their food products direct to consumers to warrant extending the provisions to the entire rural carrier system of the country.

### RICKREALL

Rickreall, Or., Aug. 27.—Mrs. J. Arville Price and children have returned from a trip to Newport and report an excellent time and favorable weather.

Little Stanley Haggerty was the victim of an accident this morning close to his home near the intersection in Rickreall. A Chevrolet car driven by a woman was coming from Salem as the little boy was crossing the street. Both driver and boy started dodging when close together and as Stanley has recently had an operation at the Masonic hospital on one leg, he was somewhat impeded and could not get out of the way. It was feared at first that his leg was broken but Dr. Starbuck was called from Dallas and reported that only minor injuries were received by the boy.

Word has just been received here of the birth of an 11-pound daughter to Mrs. Robert Van Ordel at the Dallas hospital. Mrs. J. M. Shilla home Tuesday evening.
