LONG ILLNESS OF MISS M'CLAINE IS ENDED SUNDAY

Silverton, Or., Aug. 31.—Miss M'Claine died at the M'Claine home at Silverton, Sunday morning at 9 o'clock following an illness of seven years. Miss M'Claine was 32 years of age at the time of her death. Funeral services will be held Wednesday at Silverton. Miss M'Claine was a member of one of Silverton's oldest and most prominent pioneer families. Her father was J. M'Claine, one of the founders of the Coolidge & M'Claine bank at Silverton. She attended school at the University of Oregon, at St. Helena Hall at Portland and at An Wright's seminary at Tacoma. She leaves two sisters, Mrs. C. W. Keene and Miss Eleanor M'Claine of Silverton and one brother, Alfred M'Claine of Spokane, Wash. Because of ill health it is

doubtful whether Mr. M'Claine will be able to attend his sister's funeral. O. J. Moe Passes On. Silverton, Or., Aug. 31.—Funeral services for O. J. Moe, who died in Silverton home early Saturday morning will be held this afternoon at 2 o'clock at Trinity church. Mr. Moe has been entirely helpless during the summer months. Much of the time he has been so ill that he recognized no one. He has been ill for a little over a year. The Moe family came to Silverton from Nebraska 16 years ago and have since made Silverton its home. For a number of years Mr. Moe owned and operated the farm now owned and managed by his son, John, in the Brush Creek district. About ten years ago Mr. Moe and Mrs. Moe moved to Silverton. Mr. Moe leaves a widow and eight children. The children are Mrs. Clara Sive, whose home is in Minnesota, Mrs. Ben Ferguson of Silverton, Mrs. Martin Hattberg of Silverton, Mrs. Oscar Sater of Silverton, Mrs. Hans Jensen of Silverton, Melvin Moe of Eugene, John Moe of Silverton and Ludwig Moe of Silverton. NORTHERN LINES NOT SEEKING TO CRIPPLE ESPEE

Klamath Falls, Or., Aug. 31.—The Northern lines have no immediate plans for rail construction south from Klamath Falls into California, declared Ralph Budd, president of the Great Northern railway, who arrived here last night for an inspection of surveys and conditions in this section. "Right now we are devoting all our energies toward the proposed extension from Bond to Klamath Falls," said the rail executive. "We are simply fortifying ourselves with the needed facts to place before the interstate commerce commission in support of our application to make this extension." Mr. Budd said his company has no intention or desire of taking business away from the Southern Pacific. "Our road will bring a big development which will justify its construction," he said. "We feel that we will bring traffic with us. Lumber manufacturers have agreed to start operations here in the event we are given permission to build." He was referring to the Shevlin-Hixon interests of Bend and the Weyerhaeuser timber company, both of which are planning extensive operations in Klamath county when, and if, the Northern lines are granted permission to construct their projected extension. Mr. Budd will remain in the county for several days going over the proposed route with members of the engineering staff.

HENRY WARD BEECHER'S SON, PIONEER PILOT, KILLED

Seattle, Wash., Aug. 29.—Captain Herbert F. Beecher, aged 71, pioneer pilot of the North Pacific and son of Henry Ward Beecher, the preacher of Brooklyn, N. Y., was killed today at Port Townsend at the entrance of Puget Sound, north of here. Beecher was standing on a wharf waiting to board a ship when a stringer between two pilings gave way hurling him on a pile driver tender twelve feet below. He struck on his head. Portland, Ore., Aug. 29.—Truck loads on the Columbia river highway will be limited to 16,500 pounds after October 1, according to an order issued yesterday by the state highway commission. It is expected that loads will be limited on state roads in eastern Oregon and on the Pacific highway soon. "We have been spending \$2,500 a mile this summer repairing the Pacific highway where breaks were caused by heavy trucks and this cannot be kept up forever," said State Highway Engineer Klein. Both solid and pneumatic tire trucks are affected. Forest road money will be shifted so as to give support to Roadside building, the Roadside-Scottsburg road, on condition that the Reeds district contribute \$15,000 on the Roosevelt highway from Coos county line to the town. A rotary snow plow will be tried on the Blue mountain roads next winter. The manufacturer loaned the implement. It was applied to bury 15 eight-foot snow plows mounted on trucks and two 10-foot plows operated by tractors, the former to cost \$287.50 each, the latter \$632.50 each. The commissioners placed themselves on record as opposing the building of ornamental monuments and arches along the highway. The matter came up on the request of Canby to erect an arch over the Pacific highway.

GREAT BRITAIN AND MEXICO IN ACCORD AGAIN

Mexico City, Aug. 31.—(AP)—Announcement of resumption of diplomatic relations between Mexico and Great Britain which has been suspended since June, 1924, has created considerable excitement in Mexico City. Extra editions of the newspapers which are rare in the capital, appeared on the streets last night after Foreign Minister Saenz made the announcement. One of the headlines proclaimed the settlement of the difference between Great Britain and Mexico consolidating the international harmony with all the great countries. Pending the appointment of Minister Alfonso De Rosenzweig Diaz has been named as charge d'affaires for Mexico in London and Norman King, former British consul will assume a similar post here for Great Britain. Mr. King and Senor Saenz for a long time have been negotiating for a resumption of friendly intercourse between the two countries. Relations were severed in June, 1924, when the British charge was ordered expelled by the Mexican government for alleged support given Mrs. Rosale Evans, an American woman, who was the wife of a British subject and who later was assassinated on her ranch. The trouble of Mrs. Evans in which the charge intervened grew out of attempts by Mexican agrarians to seize her lands.

TRUCK LOADS ON HIGHWAYS CUT TO 16,500 LBS.

Portland, Ore., Aug. 29.—Truck loads on the Columbia river highway will be limited to 16,500 pounds after October 1, according to an order issued yesterday by the state highway commission. HUMBLE MULE TO INDICATE MINE STRIKE LENGTH

Philadelphia, Aug. 29.—(AP)—The mine mule in the next 48 hours is expected to forecast whether the anthracite suspension which goes into effect Monday at midnight is to be long or short. If mules are brought to the surface for the shutdown it will signify the belief that the mines will be closed a considerable time. If mules remain below it will indicate the operators' expectation of a brief suspension. Mules are to be brought to the surface, however, in parts of district number 1, the largest of the three union principalities, say advisers from Wilkesbarre. Operators and miners have agreed after 24 hours' deadlock on terms of employment for the 19,000 maintenance men who will remain in the mines to prevent flooding, cave-ins and deterioration. They will be secured against replacement by monthly men on company payrolls and will receive any pay increase that may be subsequently negotiated, retroactively from September 1. A statement of future policy issued by the mine owners aroused considerable opposition among the miners. W. W. Inglis, chairman, in response to the operators scale committee to a meeting of the industry on the conduct of the recent futile scale negotiation made the following recommendations: In view of the present situation your committee strongly recommends that the operators maintain a firm stand for arbitration of the present differences to prevent a recurrence of interruption such as the one about to start. "It believes that any settlement effected should be of a permanent nature, providing for a readjustment of the wage scale from time to time to allow prices for our product that will enable it to move freely in competition with other fuels."

CONTRACT LET FOR REMODELING CHURCH. Woodburn, Or., Aug. 31.—The contract for remodeling the Presbyterian church and building, the addition of which will practically double its capacity, has been given to Elliott and excavation and tilting for the basement is completed.
