INSTITUTE FOR TEACHERS OPENS AT WOODBURN

Woodburn, Or., Sept. 2.—The local institute for primary and rural teachers of Marion county opened Monday under the direction of Mrs. Mary Fulkerson, superintendent of Marion county schools. The morning session was held as scheduled at the East Woodburn grade school, but the attendance was so large that the afternoon session met at the high school on Lincoln street. Mrs. Fulkerson had expected a maximum of twenty in attendance, but over sixty were present to observe the work presented for beginners and first, second and third grades. All parts of the county are well represented.

A highly interesting feature of the institute is the Marion county health demonstration under the direction of Miss Anne Simpson, formerly of Woodburn and recently of the Portland schools, who is now one of Dr. Brown's assistants in conducting a five-year demonstration in the schools of the county.

Dr. Brown addressed the assembly at 5 o'clock in the afternoon, stressing the purpose of the demonstration as being not primarily to cure ill, but to prevent ill. The project is educational and habit forming, seeking to inculcate right health habits along with right mental habits at the time when the individual is most impressionable and plastic in the matter of habit forming. Other assistants of Dr. Brown will present the particular phases of the work in their charge with demonstration throughout the week.

Mrs. Fulkerson has carefully planned a full and varied program for the week. Her own exemplification of class work is supplemented by Miss Margaret Scollard's presentation of hand work in its many forms—paper cutting, paper folding, drawing, coloring.

The large attendance is purely voluntary and speaks well for the

Santiam Trout Eat Rocks For Dessert

Mill City, Sept. 2.—Recently a nine inch trout was caught by a prospector in the south Santiam river that had a gold nugget in it. Sunday afternoon, while fishing near Berry, J. B. Patrick of Detroit caught a nineteen inch redeye trout, and upon opening, found a young boulder in its stomach. The rock weighed two ounces and was 3/4 inches in circumference. The fish in this section must be going in for hard diet, or possibly this trout was trying to imitate the new rock crusher recently installed in that vicinity.

ILLIHEE TO PLAY ALDERWOOD CLUB

The Illihee county club has scheduled a dual golf match with the Alderwood club of Portland to be played at Portland on September 13, according to announcement made yesterday afternoon. The locals have not lost a dual match this year but are expecting the hardest competition when they go to Portland for this meet. A return match has also been arranged for October 4.

No charge is made to witness the matches and it will be worth the time to go and see the teams play. Frank Dolp, young star of the Portland team, Errol Kay, Arlo Kyle and J. H. Farrar are stars to be seen in action.

Last Sunday the locals took the Albany team into camp for the second time this year by a score of 24 to 9. J. H. Farrar of the Illihee club made the low medal score of the day with a 77.

Silverton Victors. Mill City, Or., Sept. 2.—The Silverton baseball team came to Mill City, Sunday afternoon, and handed the locals a drubbing, 19 to 3. Apparently it was not known that the Silverton boys were coming up, resulting in a poor attendance at the game.

STUDENTS MUST SIGN PLEDGE TO SPURN SOCIETIES

A method similar to that used in Portland will be adopted here in dealing with student organizations. It was indicated yesterday by J. C. Nelson, principal of the high school. Mr. Nelson has received, in reply to an inquiry, a letter from N. G. Thorne, principal of Lincoln high school in Portland, containing a copy of the paper given each student who enters a Portland high school. Each pupil is required to sign the paper on a specified line, in the presence of his parent or guardian, who also signs.

The paper sets forth the two sections of the Oregon state law which expressly prohibit high school organizations such as the seven which the school board here abolished by resolution adopted a week ago. The paper as prepared for Salem students will also have printed on it a copy of the main clause of the resolution which the board adopted. Mr. Nelson indicated that from now on he will use bench warrants to return offenders for trial who attempt to get off by a mere forfeiture of bail.

That the new ordinance will pass the council is a foregone conclusion. Under the new bill the minimum penalty would be increased from \$50 fine, five days in jail and suspension of driver's license for 90 days to 100 fine, 60 days in jail and suspension of license for one year.

Police records show that since March 14, this year, six offenders have escaped heavier punishment by forfeiture of their bail.

DRUNKEN DRIVERS TO BE PENALIZED

An ordinance is being prepared for introduction at the next meeting of the city council that will make more severe the penalty imposed upon drunken automobile drivers. It will bring the penalty up to the requirements of the state law covering that offense, and according to an announcement by Martin Paulsen, city police judge, little leniency may be expected by these offenders.

That the ordinance is being prepared was made known by Chris Kowitz, city attorney, and Police Judge Paulsen made the further statement that from now on he will use bench warrants to return offenders for trial who attempt to get off by a mere forfeiture of bail.

SEEKS REPEAL TAX PUBLICITY

Swampscott, Mass., Sept. 2.—(A. P.)—President Coolidge is confident that the publicly provisions of the tax law should be repealed and it was indicated today at White Court that in December he would renew his recommendation for their abolition to congress.

Co-incident with the making public of income tax returns it was indicated here officially that the president believes that this requirement of law interferes with the collection of revenues and works to the detriment of the government.

TOLEDO TO PLAY SALEM SENATORS NEXT SUNDAY

"Frisco" Edwards, manager of the Toledo Senators, announces that he has scheduled games with Toledo for Sunday and Monday, Labor day. Toledo has won two games from Albany lately, both contests ending 8 to 2 in favor of the "clam diggers." The games Sunday and Monday are promising to be hard fought and the locals are trying to get the best of both arguments.

The games are being played for \$150 or nothing and unless the Senators get in and play errorless ball they will be outclassed, which they are well aware of.

Independence has also been heard from, having written Edwards a challenge for a game at Independence, claiming that they were almost able to take the Senators to a cleaning last Sunday and that the Senators were lucky to win. They are making up a purse of \$500 and offering it as an incentive for the winner of the game if played at Independence.

Edwards answered back that if they were so confident of taking the Senators to a trimming at Independence that the best thing for them to do would be to get the money raised and then send for the Senators. Other good games will be arranged for the local fans until the tournament in Portland is finished and the fans here will be able to see some of the best teams out of Portland in action.

The Rev. George Henriksen of Silverton has received and accepted an invitation to speak at the fifth biennial convention of the Lutheran Brotherhood of America to be held at Minneapolis, Minn., on October 7, 8 and 9. Among the noted men who will speak at this time are the Honorable James J. Davis, secretary of labor, Honorable Theodore Christensen, governor of Minnesota; J. A. O. Preiss, ex-governor of Minnesota; Hon. Henrik Shipstead, United States senator from Minnesota, and Dr. H. G. Stub, president of the Lutheran church of America.

The Rev. Mr. Henriksen will have for his subject, "The Lutheran Boy Scout Movement." This movement is comparatively new and originated in the Rev. Mr. Henriksen's charge at Silverton. It is now receiving national with attention in the Lutheran church.

Rev. Mr. Henriksen will explain at the convention as it is understood that the Lutheran Brotherhood of America will sponsor it.

In speaking of the affair, the Rev. Mr. Henriksen said, "It is a big thing. Our boys are important. Thinking men everywhere have expressed their conviction that religious training is an essential element in the education of our youth. The Lutheran church has awakened to the need of the boy movement. To find the right pro-

gram for boys, we have held many conferences and discussed many plans, but none seemed feasible. Finally the program of the Boy Scouts of America was investigated and in that program was exactly what was needed as far as boy training outside of religion was concerned. Conferences with the Boy Scout organization at Portland developed the information that the organization would gladly turn its entire program, as such over to the Lutheran church for its use, and with the privilege of adding to that program any religious program that might be desired. The boy movement of the Lutheran church will therefore use the program of the Boy Scouts of America and its "Handbook for Boys". The rules and regulations as they are will be strictly adhered to. In addition proper religious training will be given.
