## ANNUAL TENNIS TOURNAMENT ON SATURDAY

The annual Salem city tennis tournament will be staged next week, beginning on Saturday, Sept. 12. It was announced this morning by Ivan White, chairman of the committee of the Salem tennis association which has charge of the tournament. The tournament will consist of men's singles, women's singles and men's doubles. A consolation men's singles tournament will also be held. Four cups, one for each series, will be awarded by the local tennis association.

"The city tournament is usually held earlier in the year," said Ivan White this morning, "but due to the fact that so many of those who would have entered were out of the city, we decided to postpone the affair until later."

Among those who will enter, according to White, are Stanley Emmel, ranking player of Willamette university, and winner of the singles cup in the city tourney a year ago, Roy Okerberg, University of Oregon player, who with Dr. Bates of Salem won the doubles cup last year, Hale Mickey, another Willamette man, and the entire Salem high school team, consisting of Francis Lutz, president of the tennis association for this year, Jack Minto, John Creech and Ivan White. White asks that all entries be handed in to him, either by telephone or some other way.

The tournament will be held on the association courts, located on the state hospital grounds. It is expected to continue for a week or more. Dopesters are mentioning the names of Bates, Okerberg and Emmel among the prominent contenders for the singles cup. A schedule for matches will be announced as soon as arranged.
