

200 ACRE BLACK CHERRY PLANTING HERE PROPOSED

STOCK COMPANY BEING FORMED BY LOCAL MEN

Spurred by the success had during two seasons of shipping the black cherry growers' association, a movement has been inaugurated by George Vick and O. E. Brooks to incorporate a company with between \$20,000 and \$25,000 capital stock for the development of a black cherry orchard of from 200 to 300 acres. Already, Mr. Brooks announces, \$12,000 has been subscribed, the shares being subscribed on a basis of \$1000 a share.

Nothing definite has been announced as to the prospective location of the proposed new black cherry planting, but it is known two places are being looked at, one already having 30 acres of bearing cherries on it, and another of 200 acres which could be put in tip-top bearing shape, it is stated.

The planting is to be entirely in black cherries for shipping purposes, with no Royal Annes on the place, and the bulk of the trees are to be Lamberts, with a few Blings thrown in for balancing up on shipping.

The plan behind the new project was both actively identified with the black cherry association organization, Vick being one of the large factors in it and Brooks acting as manager during the two seasons of shipping. Both seasons growers in the association have netted high returns on their shipments.

The plan of the promoters is to have an orchard that will be kept up to the highest degree of efficiency and produce only the highest quality of shipping cherry possible to obtain.

BUTTERMAKERS MEET NEXT WEEK

Portland, Sept. 10.—Portland will be host to more than a thousand buttermakers from all over the United States next week when they gather here for their two day annual convention September 15 and 16. The first special train will arrive from the east Tuesday morning at 6 o'clock. It is made up of Iowa, Wisconsin, and Ohio valley delegates. There also will be special trains from California, the Pacific Northwest, and the Rocky mountain sections.

Butter scoring has been going on for the past two days at the Terminal stock exchange where two carloads of samples from dairy sections all over the United States is stored. Scores and prize winners will be announced by the judges during the convention. A. M. Root, of the Iowa State College and James Rasmussen, of Massachusetts, both national butter authorities, are doing the scoring.

Jack Frost, of the Corvallis creamery company is president of the Oregon association and V. D. Chappell of Oregon Agricultural college, secretary.

PRUNE EXPORTS FOR JUNE SHORT

Shipments of dried prunes from San Francisco bay for June of this year and last were as follows:

	1924	1925
Belgium	27,000	27,000
Denmark	19,750	12,375
France	19,750	12,375
Germany	8,435	453,996
Netherlands	86,150	86,150
Norway	149,350	149,350
Sweden	155,850	155,850
Great Britain	1,347,563	677,100
Canada	224,871	260,322
Guatemala	675	1,485
Nicaragua	2,231	2,231
Panama	1,125	1,125
Mexico	7,020	2,700
Trinidad	3,125	2,500
Cuba	4,400	4,250
Argentina	130,075	130,075
Holivia	1,250	5,000
Colombia	320	1,125
Peru	2,000	10,000
Uruguay	5,000	5,000
Venezuela	4,200	4,200
China	2,900	12,125
Hongkong	4,425	5,325
Japan	1,125	1,125

New Zealand	2,130	4,285
Other countries	2,449,741	2,129,812

EUGENE BUTTER WINS PRIZE FOR QUALITY

Portland, Sept. 10.—The Eugene Farmers' creamery, at Eugene, carried off first prize last week at the California state fair at Sacramento. Their butter scored 94, which was a full point above the nearest competitor. The competition was on creamery butter in cubes or tubs.

All graded eggs advanced one cent on the local dairy exchange today. Extras are now posted at 43 cents; first 40 cents and pullets 37 cents. Current receipt eggs are a half cent higher at 24 cents net. The market is firm with offerings light.

Cube butter quotations are again posted steady on the local dairy exchange. Prints and fat prices are also unchanged.

Kaplan-Farr Bout Off. Meriden, Conn., Sept. 10.—(A. P.)—The title bout between Louie (Kid) Kaplan of this city, featherweight champion, and Johnny Farr of Cleveland, scheduled for September 22 at Cleveland has been called off. Benny McMahon, Kaplan's manager, said Kaplan had not recovered from an attack of malaria.

PAULUS TO SELL PRUNES UNDER LAKEWOOD BRAND

"Lakewood" is the brand name that has been allotted to the Robert C. Paulus company for their Oregon packed prunes, after the concern had submitted from 45 to 50 brand names. Every name submitted before Lakewood has been accepted infringing on some brand name already in use. The label used carried a beautiful picture of Crater Lake.

HOPS GO HIGHER 25 CENT OFFERS ARE REJECTED

Portland, Sept. 10.—Hop market is higher; buyers paying 23 cents for clusters and up to 25 1/2 cents for fuggles. Even at the advance prices, the hop stocks in the world are holding, most of them with an idea of 25 cents or better for new crop clusters. Short crop in Germany and other parts of Europe is principal bullish factor at this time. Northwest crop forecast now is for 4,412,000 pounds in Washington, 12,000,000 pounds in Oregon and 8,250,000 pounds in California. This slight increase over the forecast a month ago and more accurate with the harvest well started.

Country dressed veal market strong at 17 to 17 1/2 cents; real fancy veal scarce and worth almost any price sellers care to ask. Hogs easy at 18 to 18 1/2 cents for choice light pork.

LIVESTOCK

Portland, Sept. 10.—Cattle steady receipts cattle 25; calves 8; steers medium 17.25@18.25; common 16.00@17.25; canners and cutters 14.50@16.00; heifers, common and medium 14.00@15.50; cows, common and medium 13.25@14.75; canners and cutters 11.50@13.25; bulls, good (best yearlings excluded) 14.00@15.00; common to medium canners and heifers 13.00@14.00; calves, medium to choice milk cows excluded 17.50@19.00; cull and common 15.00@17.50; vealers, medium to choice 18.00@19.00; cull and common 14.50@16.00.

Hogs, steady; receipts 33; heavyweights (250 to 350 lbs.) medium, good and choice 12.75@13.75; medium weight (200 to 250 lbs.) medium, good and choice 12.00@14.00; lightweights (150 to 200 lbs.) common, medium, good and choice 11.75@14.25; light lights (130 to 160 lbs.) common, medium, good and choice 11.00@13.00; packing hogs 12.50@11.00; slaughter pigs (150 lbs. down) medium good and choice 13.00@13.50; feeder and stocker pigs (70 to 150 lbs.) medium, good and choice 12.50@13.00. (Soft or only hogs and roasting pigs excluded in above quotations.)

Sheep steady; receipts 585; lambs, good and choice (Mt. Ararat) 12.00@13.00; lambs, medium to good (valley) 10.50@13.00; heavyweights (92 lbs. up) 15.50@16.00; all weights, cull and common 10.00@11.00; yearling wethers, medium to choice 17.00@19.00; ewes, common to choice 12.50@15.00; canner and cull 11.50.

PORTLAND GRAIN

Portland, Sept. 10.—Wheat bids: hard white, bluestem, hard, 1.45; soft white, western white 1.43; hard winter, northern spring, western red 1.43; B. B. H. hard white 1.51. Today's car receipts: wheat 105; barley 2; flour 11; corn 16; oats 1; hay 4.

BUTTER AND EGGS

Portland, Sept. 10.—Eggs higher, current receipts 32; pullets 32; 32 1/2; firsts 30@35 1/2; extras 28@33 delivered Portland. Butter firm; extra cubes city 50c; standards 49c; prime firsts 47c; firsts 45c; undergrades nominal; prints 42c cartons 44c. Butterfat firm; best churning cream 52c net shippers' track in sons 1.

POULTRY

Portland, Ore., Sept. 10.—Poultry firm; heavy hens 22@24c; light 16@18c broilers 25c; young white ducks 21@23c.

ONIONS AND POTATOES

Portland, Ore., Sept. 10.—Potatoes active 1.75@2.00; onions steady 1.00@1.12.

NUTS, HOPS AND CASCARA

Portland, Sept. 10.—Nuts quiet; walnuts No. 1, 28@30c; filberts nominal. Hops steady; new crop 23c. Cascaras bark quiet. Old peel 60¢ per pound; Oregon grape root nominal.

WHEAT DROPS OVER 5 CENTS ON CROP REPORT

Chicago, Sept. 10.—(AP)—May wheat dropped more than five cents a bushel here today as a result of yesterday's government crop report and in anticipation of another government report expected today regarding the Canadian crop. May wheat fell to 11.52 1/2¢ as compared with 11.57 1/2¢ to 11.57 1/2¢ at yesterday's finish.

Wheat opening 1/2 to 2 1/2 cent lower, December 11.51 1/2¢ to 11.52, and May 11.55 1/2¢ to 11.56, was followed by something of a rally and then another dip.

Opening at 1/2 cent down to 1/2 cent up, December 8 1/4¢ to 8 1/2¢, but afterward showed losses all around.

Oats started at 1/2 to 1/2 off, December 4 1/2¢ to 4 1/2¢. Later the market showed a slight gain, but afterward showed losses all around.

Higher quotations on hogs lifted provisions.

Wheat closed unsettled 4 to 4 1/2 cent lower, December 11.49 1/2¢ to 11.49 1/2¢ and May 11.52 1/2¢ to 11.52 1/2¢.

WOOL GROWERS WILL TESTIFY

Pendleton, Sept. 10.—The Oregon Wool Growers association will offer testimony today before the sub-committee of the United States senate which is holding a two days' hearing here on the public lands question. In addition to the testimony prepared by committee of the association, individual sheep and cattle men will offer testimony before the committee. Interest here in the hearing is keen and stockmen, large and small operators, are gathered here from all over the eastern portion of the state.

Senators Stanford, Odell, Dill, Cameron, Ashurst and Kendrick are here representing the senate committee on public lands, while Senator McNary of Oregon, chairman of the senate committee on irrigation, and Congressman Shinnott of The Dalles, are also here. Interest here among stockmen runs high in proposals that have been made at the various sessions of the hearing as to long time leasing of the public domain and that phase of land disposal is scheduled to come in for major consideration.

Baker, Sept. 10.—Stockmen in Baker county are looking forward to the hearing of the senate public lands committee here Saturday as an opportunity to present changes which they believe should be made in the federal laws governing grazing on the public domain.

"The stockman has no right, only a permit which is revocable at any time," Charles J. Shelton, secretary of the Oregon Cattle and Horse Raisers association, declared here today. "A system of leasing for a term of years would enable stockmen to put down wells and make other improvements, as well as secure the future of their business. Such a policy would eliminate much of the present dissatisfaction."

STOCK PRICES MOVE UPWARD

New York, Sept. 10.—Responding to a lowering of call money rates and further indications of improving fall business, stock prices moved upward again today under the leadership of the motor shares, seven of which attained new peak prices for the year. Public participation was on a broader scale. Equipments responded to the delay in inquiries for cars and locomotives and steel improved on the relatively small decrease of 24,664 tons in the August shipment orders of the United States steel corporation. Violent upturns in some of the high priced industrial specialties followed a revival of rumors of capital readjustments through stock split ups and increased dividends. Unexpectedly large sales following recent price cuts furnished a back ground for another advance in the motor, General Motors crossing 97 on a large turnover. Pierce-Arrow was heavy.

Portland, Sept. 10.—Oregon pears still bringing good prices in eastern markets. At the Chicago auction Tuesday, 1980 boxes of Bartlett sold from \$2.50 to \$3.75 a box, mostly \$2.50 to \$3.25. No Oregon's auctioned in other eastern markets Tuesday or Wednesday.

Oregon green prunes are slightly firmer in the eastern markets. On the New York auction Tuesday, 7885 suitcases of Oregon Italians sold at 90 cents to 1.20. Washington and Idaho Italians brought \$1.20 to \$1.25 per suitcase at the same auction. No Oregon's offered at Chicago or Boston Tuesday.

Hay Inspector H. H. Andrews, chief state hay inspector, and well known among growers and dealers, was taken suddenly ill last Saturday. Yesterday he was removed to a hospital and operated on for appendicitis. He is reported improving today.

RAINS CRACK PRUNES IN SOME DISTRICTS

According to word received here recent rains were much heavier in other prune districts than here and the reports state that cracking of prunes has been quite prevalent in some other sections, as a result. Later estimates indicate that in a number of orchards the prune crop will be fully half as small as at first estimated.

HOP ACREAGE IN ENGLAND GAINS

The following is the preliminary statement compiled from the returns collected on the 4th June, 1925, showing the acreage under hops in each county of England in which hops were grown, with a comparative statement for the years 1924 and 1923, says the Kentish Observer.

County, &c.	1925.	1924.	1923.
East	3,590	3,660	3,540
Mid	180	180	210
West	5,420	5,410	5,200
Went	7,150	6,900	6,720
Total	16,260	15,970	15,460
Hants	1,040	1,040	1,020
Horsford	4,150	4,100	3,890
Surrey	180	180	210
Sussex	2,420	2,330	2,260
Worcester	2,060	2,080	1,950
Other counties	110	100	100
Total	26,220	25,900	24,890

Callouses

WORLD CROP OF HOPS THIS YEAR SHORT OF LAST

The 1925 world's crop of hops will be picked from 122,080 acres; in 1922 there were 125,115 acres, says the Kentish Observer.

The trend of the general opinion is that the 1925 world's crop will very hardly yield 70 per cent of the 1924 world's crop which has

been 10.90 cwt. per acre; consequently the world's crop will be somewhere about 8 cwt. per acre or a world's crop of 228,112 cwt. England being estimated at about 300,000 cwt.

The world's consumption is about 1,100,000 cwt.

Consumption and production of lager-beer hops is as follows, the United States not being given:

Consumption	hops	ton
Germany	180,000	135,000
Austria-Hungary	30,250	14,000
Czechoslovakia	46,750	120,000
Poland, Rumania, Young-Slavia	19,250	90,000
Near East and Balkan States	4,550	
France	60,000	50,000
Belgium and Holland	53,600	
Switzerland, Italy, Spain, Portugal	17,500	
Russia	11,000	
England	30,000	

WRINKLES, LINES OR CROWS-FEET

Lemon Juice Tightens Skin

Squeeze the juice of two lemons in a bottle containing three ounces of Orchard White, which any druggist will supply for a few cents, shake well and you have the very mildest anti-wrinkle lotion to tighten relaxed skin, erase fine lines and eradicate crows feet.

Massage this sweetly fragrant lemon lotion into the skin at night. By morning most of the tell tale wrinkles, tired lines and crows feet are smoothed out, giving a more youthful contour to cheeks, chin, throat. It leaves the skin velvety soft, clear and fresh.

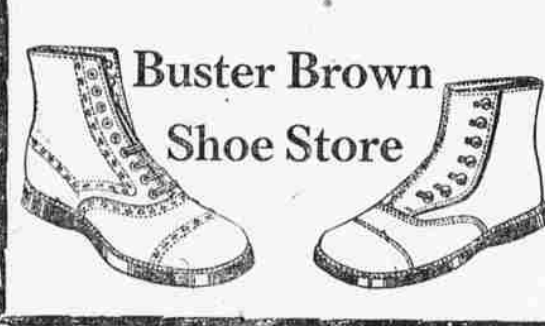

Beauty experts use this astringent lotion for enlarged pores, also to bleach and whiten sallow, tanned skin.

Mix this harmless lotion yourself. Since it acts best immediately after prepared.—Adv.

Firestone Tire Prices Are Low Crude Rubber Highest In Years

Buy Now and Save Money!

The unprecedented demand for Firestone quality and mileage has more than doubled the sales of Gum-Dipped Cords to car owners so far this year, enabling us—because of this tremendous volume—to keep prices low.

Experienced car owners insist on tires that deliver the greatest mileage at the lowest cost per mile, because such tires last longer—make the restricted rubber supply go further—reduce crude rubber costs—and help maintain the present low tire prices.

Gum-Dipping, the Firestone extra process, is also one of the biggest and most important economy factors in tire performance. This method of treating cord fabric, developed by Firestone Tire chemists and engineers, insulates every fiber of every cord with rubber, and gives the sidewalls the extra strength to withstand the extra flexing strain—insuring maximum safety, comfort and economy.

Buy now—make sure of economical transportation by obtaining these outstanding Firestone superiorities at present low prices.
