SILVERTON TO REGULATE ALL POOL PARLORS

Silverton, Or., Sept. 10.—(Special.)—Silverton's city council had a busy meeting Tuesday evening in the council rooms. Following the reading of the minutes the usual amount of bills were allowed. A sewer ordinance was then presented by the water commission but referred back to the commission for correction.

A pool hall ordinance was read. This gave to the council the specific right to allow and license pool halls. The ordinance also gave the council the right to designate the number and the area where pool halls should be located. The later will be north of Oak street to High street and up to Second street. No pool halls will be permitted in the business or main streets of the city outside of the city limits.

The matter was referred to the Judiciary committee.

Sidewalks were granted Adams street to be placed on one

side of the street. A number of new sidewalks were ordered built where old ones now exist.

The street or section from Pine street down past the old paving plant on to the railroad track has long been dedicated to a road but is grown up into brush and timber. The county asked the privilege to clear this out. The matter was referred to the street committee.

The park committee submitted a report and the blue prints for the laying out of the city park. The report was accepted. The blue prints will be on display at the community fair which opens at Silverton today.

Recorder William Service announced that he was going away on a vacation and asked that someone be appointed to take his place during his absence. John Hubblitt, assistant recorder, will substitute for Mr. Service.

BROOKS

Mrs. Kathryn Blanton returned the first of this month from her visit near Eugene, in time to be present at a party given in honor of her birthday. Her condition is much improved by the trip.

Mr. Adair Gilmer and daughter, Mrs. L. G. Curtis spent Sunday and Monday with Mrs. Clyde Harris and called upon other friends in this neighborhood.

CEMENT WALK PROGRAM BRINGS DALLAS PROTEST

Dallas, Or., Sept. 10.—Objection to the proposed assessment for the 1925 cement sidewalk program was raised Tuesday night at the council meeting and the final decision postponed while the street committee investigated the remonstrances.

S. Carter, whose walk was improved by waiver, filed a letter in which he held that his walk was too high, that it encroached on the property line and that it would settle out of shape because it was laid on a new fill along the mill race.

Edward J. Himes objected to the levying of an assessment on his property as the sidewalk will not be laid until next year because of a fill along the mill race. This objection was sustained as affecting four pieces of property where the walk is not yet laid.

Mr. Himes also raised the question of disproportionate assessments on the walks along the mill race as compared with other pieces in the improvement. Engineer White explained that provision had been made to cover necessity of further work due to settling and if this was not necessary a refund would be made. Mr. Himes also brought up the matter of overhead charges on private property as compared with city property. Engineer White stated that as the city property did not bond it had not been charged with the bonding expenses. According to Mr. Himes previous custom had allowed for levying equally on all property in an improvement district, both city and private, in spreading overhead charges. The overhead figured 15 per cent for the private property and 10 per cent for the city property, according to Mr. Himes.

This was left with the street committee for investigation.

Thirteenth Body Found. Wenatchee, Wash., Sept. 10.—The body of the 13th victim of the Apple Yard terminal flood of last Saturday was found this morning. No one has as yet been able to identify it. There are now three known missing.

L. E. Dimick and H. S. LeFebvre, who are working in Portland, were home for the week-end.

Miss Effie Nixon of Milton is visiting her sister, Mrs. James Jensen and family.

BASEBALL HERE OVER FOR YEAR

"Frisco" Edwards, manager of the Salem Senators, has not yet scheduled a game for next Sunday and will more than likely end the baseball season with the two games played last week-end with the Toledo team. By defeating them the locals are claimants of the state championship. The Portland team are playing their annual tournament at this time and it will be impossible to get teams from there for six weeks. No other likely rivals have appeared on the horizon.

Independence is still after the locals and it might be such a thing that the Senators tackle them again on the Independence grounds. "If we can get some good games we will play," says Edwards. "The fans will not come out and see teams unless they are good and it is almost impossible to get teams that are in the same class. Teams from Kelso and Longview could be here but the games would have to be played on weekdays and it would cost too much money. We will get some good team here, however, if they show up."

SILVERTON

Silverton, Sept. 10.—The fair committee at Silverton was busy Tuesday evening putting up the merchants' booths in the Eugene Field auditorium. Rholla Cooley, chairman of the floral display committee was also making some interesting preparations.

A baby girl was born to Mr. and Mrs. Peter Maurer at the Maurer home Monday.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation. Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.—Adv.

SKINNY MEN

Thin Men Run Down Men Nervous Men

You probably know that Cod Liver Oil is the greatest flesh producer in the world. Because it contains more Vitamins than any food you can get. You'll be glad to know that Cod Liver Oil comes in sugar coated tablets now, so if you really want to put 10 or 20 pounds of solid healthy flesh on your bones and feel well and strong—ask J. C. Perry, Central Pharmacy, D. J. Fry or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days.

"Get McCoy's, the original and genuine Cod Liver Oil Tablets."—Adv.

ASSOCIATED GASOLINE

C L E A N

"Why such stress on cleanness in gasoline? A fair question. The answer you'll find interesting.

You can readily understand why a physically clean gasoline makes the better motor-fuel. Certainly—and Associated is purified by special processes, one of which is well-defined, complete filtration.

Another kind of cleanness is expressed in terms of chemistry and has to do with "boiling points." Associated Gasoline is distilled by a method which gives to this clean motor fuel, the correct "chain" or range of boiling points. They start at the more volatile parts and gradually rise, on through the heavier or power-producing parts or "fractions"!

That is why each charge ignites instantly and "burns" or explodes completely on the down stroke, yielding every ounce of energy, and leaving no unburned or wasted fuel to gum up the cylinders. That describes clean cut action—honest gasoline—"more miles to the gallon"—sustained quality.

Associated Gasoline

Attend the State Fair Sacramento Sept. 5-11

Celebrate California Diamond Jubilee San Francisco, Sept. 5-11

—Sustained quality as applied to Associated Gasoline and Cyclo Motor Oil means that these two products will give you economical motor operation, always!
