

FIRST CALL FOR HI SCHOOL GRID TRYOUTS ISSUED

First call for football tryouts will be issued September 21, according to the announcement of Hollis Huntington, coach of the Salem high school. Huntington is in a great mood right now as he will more than likely have worlds of good material to pick from this year. He expects between 35 and 40 to turnout for suits when the call is issued. Two stars from last year's team will be absent this year and their loss will be felt keenly. The two men lost through graduation are Heenan and Gould.

Gould starred at full last year and Heenan played quarter. Heenan will be missed the keenest it is thought as he was fast and could return punts to great advantage. However, new stars are showing up every day and the prospects for a winner are bright. Last year the red and black eleven had only four games on its schedule but expects to have a better one this season. They have five or six games arranged so far and have possibilities of several more.

The locals have games scheduled with Corvallis on November 21 to be played at Corvallis. They are to meet Eugene here on November 11. Other games scheduled are with Monmouth normal, Albany and Hillsboro. A game with Chemawa is being arranged. Astoria will play the locals if a date that suits both schools can be arranged. Huntington will play them a game on the 17th or 18th of October here, with a return game to be played there next year if either of those dates are all right with Astoria. Games cannot be arranged with the Portland school eleven as they are unable to play outside of the high school schedule after it gets started. Several of the Portland schools were desirous of playing before school started but that was impossible. Huntington is holding off for a while to find the best eleven in Portland for a game to be played here on Thanksgiving day. Washington, Jefferson and Franklin are the most likely rivals. Bob Drager stands out as the most likely candidate for Heenan's place at quarter. He is able to run the team in excellent manner but will not be as fast as safety as Heenan. If Huntington can develop a man to return punts with Drager at quarter he will have filled one of the holes left vacant.

Nocoke who played half last year has returned and his entrance will strengthen the team considerably. Most of the backfield will be inexperienced but we will have "a bear of a line," claimed Huntington yesterday. Men who are expected out for the backfield positions are Kelly, captain, French and possibly Lyons who was out last year. Several stars from the junior high school are expected to add materially to the backfield. They are Baehle, Phillips and Keping. Both Phillips and Keping

inger are declared to be good and Phillips is said to be a good punter. He is fast and will more than likely be given a chance to return the enemy punts.

Olinger, Temple and Lyons will be back for their old positions at end. John Drager and Blaco a junior high man will probably be out for tackle. Huntington has several good prospects in Jackson, Davis, H. Lyons, for guards. Becker a graduate of the junior high school stands out as the most likely candidate for center although Bob Ashby, second team center of last year may be used. Dolby, a guard from California is also pretty good it is claimed. Rex Jones, a brother of Lynn Jones is also a likely looking prospect and with the other material which will be out the locals are looking for a good team.
