BAND CONCERT CLOSES FAIR AT DALLAS

Dallas, Sept. 14.—With a very gratifying last day attendance, the 1925 Polk county fair closed here Saturday night. The evening program of the last day was featured by a concert of the Dallas band, who volunteered their services for the evening.

Representatives of commercial club organizations throughout the county appeared on the musical part of the program and Fred A. Williams of Salem was the speaker of the evening.

Brush College took high honors in the community displays. The Brush College booth and display was an exceedingly artistic one and attracted wide comment among fair visitors. It was rated 85 out of a possible 100 points by the judges.

Second honors went to the joint exhibit of Liberty Bell and Mt. Pisgah farmers union locale, which rated 83; third to Monmouth grange, 81; fourth to Suver grange, 80, and fifth to Williamina grange, 53. The Williamina exhibit was practically the work of one man, T. J. Worth, and was a very creditable display as he assembled it on short notice after others in the community had failed to bring entries. Falls City also had a very good exhibit at the fair but it was not entered in competition for prize awards.

Two teams of boys and girls were selected to represent the county at coming fairs in stock judging contests. The team which scored highest at the county judging contest will go to the Pacific International at Portland in November. The team scoring next will represent the county at the state fair, Greenwood with Darrel Hewitt, Henry Morrow and Mae Morrow was high team.

MITTER HUGGINS & BABE RUTH

Maybe their fingers were crossed when they mitted each other, but to all intents Babe Ruth and Manager Huggins are friends again, even if the \$5,000 plaster Huggins placed on the Babe still sticks.

RODGERS PAID FIELD IN FULL

Alleging that full settlement already had been made between D. M. Field and the late George F. Rodgers, Blanche A. Rodgers, administratrix of the estate of Mr. Rodgers, has filed answer in circuit court to the complaint of Field asking for an accounting.

In her answer Mrs. Rodgers states that in July, 1919, a contract was entered into between Field and Rodgers to dismantle two wooden hulls for the shipping board, the agreement being that Field was to secure one-third of the profits and Rodgers two-thirds. In August, she states, a contract was obtained from the shipping board, and the work, which was of short duration, was done. Field advanced \$2019.45 to cover expenses and Rodgers \$500. Total net profits from the job, she states, was \$11,574.96, the plaintiff's one-third share being \$3853.32. Prior to January 2, 1920, she states, the plaintiff has received \$2000 and on January 2, 1920, complete settlement was effected between the parties, Rodgers paying Field \$4877.77, or a total of \$6877.77. At that time she says, the partnership was dissolved.

Don't you feel just a little guilty, Mr. Man?

Is a double standard in work any more fair than a double moral standard?

You start your daily work between 7:30 and 9 in the morning. But your wife begins an hour or two ahead of you.

You take an hour or more off at noon—but during your noon hour she's cooking and doing dishes.

Around 5 or 6: In the evening you are thru, and you come home for an evening's rest in comfort. But for your wife its more dishes—more work when you are resting.

You have a complete day of rest on Sunday. But for the wife, it's just another round of the same old household routine.

face—with eventual run-down health—by aging herself before her time. Ask your family physician!

If she buys an electric washer, she'll pay for laundry service in actual cash—for it costs more today to wash at home with an electric machine, than to have the whole washing done at a laundry. And the washer would save her only the actual rubbing—it relieves her of none of the muck and sloop, and lifting—it does not give her her time. We save her ALL this mess and bother, and give her ALL her time, at less actual cost.

Note How Little It Costs

1. WET-WASH—Saves far more work than electric washer, actually at less cost. Everything scientifically washed with purest of materials, and returned slightly damp, just right for ironing, 20 pounds or less, 75c. 4 cents each additional pound.
2. TRIFLE-SERVICE—Same as Wet-Wash except all flat pieces ironed, 15 pounds or less, 90 cents, 6 cents each additional pound.

And Three Other Popular Services

Tobacco Expense Vs. Laundry Bills

Do you realize that the men of this country are spending far more on tobacco than their wives spend in laundry bills?

Is it fair for the wife to slave away, exhausting her strength, injuring her health, aging herself, in an effort to economize and save, while her husband spends more than the laundry bill would cost, indulging his appetite for tobacco?

It costs so little to have the entire washing done—if you send it to the Capital City Laundry—the laundry of PURE materials.

And remember, we Guarantee not to lose or harm clothes.

Why not just TRY this service two weeks? Your wife, we know, deserves it. Our phone number is 165. Just tell us when to call for your bundle.
