Chambers Home Scene Of Tea Today

Miss Rachael Chambers of Reading, Pennsylvania, who is the guest of her parents, Mr. and Mrs. J. William Chambers, was the inspiration of an attractive affair today when Mrs. J. William Chambers, Mrs. L. R. Chambers, Mrs. J. W. Chambers, Jr., and Mrs. Carl T. Pope, were hostesses at tea in the J. William Chambers home. Nearly a hundred and fifty prominent Salem matrons and maids called during the afternoon to meet Miss Chambers.

The honor guest and hostesses formed a receiving line in the living room which was most attractively decked with early autumn flowers. The fireplace was banked with vivid vine maple and bows and baskets of zinnias, asters and marigolds, in bright autumn shades were arranged effectively about the room. Here and there a bit of delphinium added a delightful touch of contrasting color. Assisting about the room during the afternoon were Mrs. W. E. Anderson, Mrs. Claude Steinfeldt, Mrs. F. G. Chambers, Mrs. Otto J. Wilson and Mrs. J. H. Nicholson.

Yellow was the predominating color in the dining room where the tea table was laid. Centering the tea table was a large basket filled with yellow marigolds and with a few climax asters added for contrast. Tall yellow candles were used in silver holders.

Mrs. C. C. Schwab and Mrs. B. J. Miles presided at the urns during the first hour. Mrs. Merle Rosecrance and Mrs. Bolton Hamble poured during the second hour. The Misses Helen and Jean Campbell and Mary and Mabel Tucker assisted in the serving.

Miss Mollie Schwabauer was hostess at an attractive dinner in her home last night complimenting Miss Audrey Pomeroy whose marriage to Charles Goodwin will take place on September 24.

Yellow marigolds and attractive favors in shades of yellow marked covers for Miss Pomeroy, Miss Valerie Briggs, Miss Marie Briggs, Miss Melba Davenport, Mrs. Ellis Carl Charlton and Miss Schwabauer.

Mrs. Abbie Farrar will return Saturday from a five months' visit in Pittsburgh and other cities in the eastern states. Mrs. Farrar is the mother of Postmaster Farrar.

Mrs. Clement spent nearly two months in Vienna, toured Holland, and visited other parts of the continent not on the beaten path of American tourists. Her talk will form the major part of the program hour.

In addition to a number of business matters of great importance to be discussed by the members Mrs. Roy Klein will give a report of the meeting of the state organization which she will attend in Corvallis tomorrow. Mrs. Klein is secretary of the state organization. Miss Mabelle Hair of Eugene, is president, and Mrs. Kate Jamieson of Corvallis, vice president.

Business Women Aid Deaf Girl

Forty members of the Salem business and professional women's club met in the chamber of commerce auditorium last night for a Constitution day program and the transaction of important business. A plea was made by Miss York, a member of the faculty at the deaf school, for Miss Hilda Hughes, one of the four students who have won scholarships to Gallaudet college in Washington, D. C., but for whom transportation to Washington is not provided. Miss York explained that although the last legislature voted a sum for the assistance of the students a clause in the bill made it impossible to use the funds for transportation. The club members voted to furnish the money for the girl's ticket and in "the passing of the hat" nearly half of the amount necessary was raised. The remainder will be procured from club members not present last night and by other means, if necessary.

The honor of submitting the name which was chosen by the state publicity committee for the new state bulletin has been won by a member of the Salem club according to the announcement made last night. Mrs. M. E. Brewer first suggested "The Oregon Business Women" which was selected by the committee as most appropriate. The first issue will appear shortly. Mrs. Brewer will receive the gift of a federation pin from the state organization and an additional prize of three dollars offered by the local club if one of its members should be the winner.

Because of the proximity of Constitution day the program last night was largely of a patriotic nature. Mrs. Bertha Bergman, patriotic instructor for the local tent of the Daughters of Veterans gave an interesting paper covering the making of a patriotic constitution and the necessity of knowing the constitution and the things for which it stands.

Mrs. Seymour Jones, state regent of the Daughters of the American Revolution, spoke in an instructive and charming manner of the work of her organization. She told of its ideals and its breadth and power of its influence.

Mrs. Grace Babcock is spending this week with friends in McMinnville.

Mrs. Homer Smith and her son, Homer, Jr., Mrs. Margaret LeFurgy and Mr. and Mrs. Ed Giltingham are motoring through eastern Oregon. They will return by way of the McKenzie pass.

F. J. CHENEY & CO., Toledo, Ohio

The universality of design, the fact that design is labor in man and that man responds naturally to it, was ably presented to a group of art lovers last night when Prof. M. E. Zane, a member of the faculty of the University of Oregon, addressed a meeting of the Salem Arts league in the auditorium of the public library.

Professor Zane illustrated his lecture with screen pictures. He began by showing the group the designs found in microscopic things. He showed the knowledge of design that was possessed by the aborigines as seen in their crude weaving and basketry. Designs carried out in furniture and wood work, in batik work, and other types were explained by Professor Zane and illustrated with actual examples. Monroe Gilbert assisted the speaker.

Dr. Mary C. Rowland, president of the league, called a business meeting preceding the lecture. Mrs. J. M. Clifford was named chairman of the social committee and will be in charge of the next meeting of the league which will be in the form of a reception. Mrs. W. F. Fargo was named chairman of the membership committee for the year.

Mrs. Lola Belle Bellinger, leader of the story telling section, spoke briefly of the plans for the year.

Those wishing to register in the class which will be offered by Prof. Zane on Thursday evenings of each week and for which university credit will be given are asked to see Mrs. Monroe Gilbert. Announcement of the coming of the Moroni Olsen players early in October was made by W. C. Dibble.

Mrs. Homer Smith and her son, Homer, Jr., Mrs. Margaret LeFurgy and Mr. and Mrs. Ed Giltingham are motoring through eastern Oregon. They will return by way of the McKenzie pass.

This simple, inexpensive purchase will make your whole home prettier

HERE'S the most practical, most sensible thing you can do to make a "new" home out of your present dwelling place: cover your old scarred floors with an Armstrong floor of cheerful color and intriguing design. It's being done in the smartest homes by prominent decorators.

There's color, pattern, smartness to these new floors of Armstrong's Linoleum. Cost but a trifle—yet how they brighten rooms!

It's a happy task, too

Just as you select your draperies, you choose a pattern of Armstrong's Linoleum to suit each room; a daring Handcraft tile for the sun porch; a striking colored inset tile for the hall; perhaps a richly rippled Jaspé for the living-room; a quaint arabesque or Florentine mosaic for the bedroom. And within twenty-four hours the floors can be laid. No tacks, no brads—cemented firmly in place over a foundation layer of builders' deadening felt. The finished floor is free from ugly cracks or gaping seams. It's a lustrous surface, a comfortable surface; one that needs no scrubbing to keep brightly clean.

THEY KNOW HOW

To get the best wear out of Linoleum it is very essential that it be properly laid—no matter who's make it is—in the Armstrong Linoleum it is especially so, as they use a high grade burlap for back and the cork and linseed oil used are the very best obtainable, making a very smooth hard surface and when laid by men "who know how" will wear for years. We have every appliance for first work.

A heavy up to date roller for the seams; high grade paste and cement for those who want it put down that way. The very latest electric waxing machine that puts a very smooth finish—making the work of keeping the linoleum clean a small job when finished that way.

See the beautiful new Armstrong patterns—have a room laid by our men, "not boys"; Doc and Jim "who know how", and you will be a satisfied customer for Chambers & Chambers.

A late shipment of Armstrong Linoleum Rugs, in all sizes, just received; if you are wanting a Linoleum rug that is really very beautiful in designs and colorings ask for Armstrongs.
