### 25 MILLION IS ASKED FOR AIR SERVICE

#### Big Budget Requested For 1927 President's Air Board Told; Davis Defends Service.

Washington, Sept. 21.—(AP)—Major General Patrick, chief of the army air service, testifying before the president's air board today, said the air service had asked the budget bureau for \$25,000,000 for the fiscal year 1927.

The general indicated that he did not expect the request to be granted.

Last year also he said, he had asked for \$25,000,000 and got only \$16,850,000.

### BURGLARS ENTER 3 HOMES; LITTLE LOOT IS SECURED

A series of burglaries was reported in Salem, all of them in residences, during the early hours of Sunday night. All so far reported to the police were prior to 5 o'clock. The police officers are at work on the cases today, but so far are without a clue.

Aside from about \$2 in nickels and dimes taken from the home of G. J. Backe, 298 North 23rd street, the thieves appear to have taken nothing. This home was ransacked between 2 and 7 o'clock in the afternoon, entrance being gained through the basement and a woodpile.

The home of G. A. Miller, 260 Marion street, was entered by means of a jimmy used on a window. Nothing was found to be missing, although the intruders made a thorough search.

The third home entered was that of H. G. Carl at 96 E. street, which was entered before 8 o'clock. Entrance was gained through the basement and a door was pried open with a screw driver. Nothing was taken.

The fact that all of the burglaries happened within a very few hours, and that entrances in all cases was similar, leads officers to believe that the same intruders operated in all three cases.

### CITY SCHOOL ENROLLMENT SHOWS SLUMP

#### Registration Today Less Than Year Ago, Due To Early Opening and Fair Weather.

School	Last Year	This Year
Englewood	229	262
Garfield	296	258
Grant	272	256
Highland	237	224
Lincoln	285	295
Park	261	247
Richmond	274	243
Washington	28	34
McKinley Jr.	171	190
Parrish Jr.	793	791
Senior	817	818
Total	3683	3618

With public schools in Salem starting a week earlier than usual, and fair weather beckoning to the youth of the city, the expected increase in public school enrollment did not materialize today. A lower attendance on the opening day than on the corresponding day of last year.

At the senior high school the increase is more than the figures indicate, registration, particularly of new students, going up rapidly this afternoon. In most schools of the city, however, the total was known early in the day.

### WALKER BACKED TO DEFEAT SHADE

New York, Sept. 21.—(AP)—Walt Shade of California, who had a two and one half pound advantage over Mickey Walker of Elizabeth, N. Y., world's welter-weight champion, when they meet in a 15 round, title match at the Yankee stadium, tonight. In the official weigh-in today the challenger sealed 147 and Walker 144 1/2.

Walker is a 7 to 5 favorite to win the 15 round bout. Both boxers are expected to weigh in under the limit of 147 pounds. Shade is taller than the champion by two and one half inches and has a longer reach, about four inches which may count heavily in a close fight.

Exclusion of the knockout by registered fighter Jimmy Slattery of Buffalo, Shade shows only four knockouts in about sixty struggles. On the other hand, Walker has scored twenty knockouts in approximately the same number of contests.

### SHENANDOAH PROBE OPENS IN LAKEHURST

#### Naval Court of Inquiry Into Dirigible Disaster Convened and Goes Into Executive Session.

Lakehurst, N. J., Sept. 21.—(A. P.)—The naval court of inquiry into the Shenandoah disaster convened here today. Rear Admiral Hilary P. Jones presided and the court went into executive session.

Through surveyors, civil witnesses and experts, the naval court will seek to get at the facts as to the cause of the wreck of the airship Shenandoah. While this catastrophe of the air served to speed a general investigation of the whole air service under the direction of the president, the inquiry here will be wholly independent of that started today in Washington before a special board named by President Coolidge.

### JEALOUS HUBBY TAKES LIFE OF BROTHER-IN-LAW

Medford, Or., Sept. 21.—Jesse James Gibbs, 28, a mill worker and Coos county homesteader, is dead and Hyman Huntley, 58, a laborer, is in the county jail, as a result of a stabbing affray here early Sunday morning. Bad blood over the attentions said to have been paid to Mrs. Hattie Huntley by the dead man is given by the authorities as the cause of the fatal quarrel. Huntley surrendered to the police and a coroner's inquest will be held and a formal charge filed against Huntley today.

According to the sheriff's version of the affair, the two men, who are brothers-in-law, and their families have been living in the same home. Gibbs had been employed nights and sleeping days in an adjoining shed. The Huntleys had been quarreling and Gibbs was blamed for the domestic storm.

Saturday night, a Rev. Dewey conducted a prayer meeting at the Huntley home. The prayer meeting concluded about midnight. The domestic trouble of the Huntleys was a subject of discussion and the Rev. Dewey advised Mrs. Huntley to pray alone, for peace with her mate. In accordance with the suggestion, Mrs. Huntley is said to have gone to the shed where Gibbs was sleeping, and slept in prayer.

Huntley, according to the sheriff, called the rest of the family and went to the shed and awakened Gibbs. While this was going on, Mrs. Huntley left and a quarrel started with her husband. In the course of the argument, Huntley is alleged to have struck his wife in the face. Gibbs, awakened by the hubbub, appeared on the scene and took Huntley to task for the attack. A slight scuffle between the two men and Huntley stabbed Gibbs twelve times, it is alleged.

Acting in conformity with a resolution of the last congress giving publicity to the income tax returns throughout the country the Capital Journal today publishes the first of the list of approximately 1400 persons and corporations in Marion and Polk counties that paid income taxes for last year.

The list is compiled from the tax records thrown open for public inspection on September 1 at the office of the internal revenue collector in Portland, and will be published in daily installments until all have been reported.

The list includes only those who actually paid income taxes, and takes no cognizance of persons or corporations filing returns but paying no tax.

Division of the long list into sections has been made according to the postal addresses of the taxpayers. Today's list embraces those persons coming in the "A" and "B" classifications

### 175 TAKE EXAMS FOR ENTRANCE AT WILLAMETTE

Approximately 175 freshmen took the English examination, required at entrance to Willamette university at 2:30 this afternoon. The number ran about 20 less than last year.

A large proportion of the sophomores and upper classmen had appeared on the campus by afternoon, with more coming in on every train. Active registration was expected to begin tomorrow, when prospective freshmen will learn their fate as to the results of the English examination, and most of the other students will be on hand. A total of 30 had completed registration at 1:30 today.

First class will take up at 7:45 o'clock Thursday morning, tomorrow and Wednesday being devoted to registration.

A few green caps were noticed in the city already today, worn by freshmen hastening to conform with the familiar custom. Most of them, however, chose to wait until their formal initiation in the order of the emerald headpiece, which will be arranged by the sophomores within a few days.

### DALLAS HUNTERS LOST OVER NIGHT

Dallas, Or., Sept. 21.—Twelve hours of frantic search of the foothills northwest of Dallas by two searching parties was ended this morning when Walter Craven and Earl Fulgham returned from a hunting trip nearly sixteen hours later than expected. They left town early yesterday saying that they would be back early in the afternoon. When night came and they had not returned friends became alarmed and formed two searching parties to comb the watershed between Hickory and Salt creeks where they were thought to have gone.

Craven and Fulgham say they lost their trail in the dark and were obliged to wait for days to find their bearings. They came back alone and were sent immediately to the searchers. Craven is a clerk in the Dallas City bank and Fulgham is superintendent of the planer at the Willamette Lumber company mill.

### POLICE IN RAID ARREST THREE

Charges of gambling behind locked doors, drunkenness and possession of intoxicating liquor have been filed in police court as a result of a raid by police officers last night on a residence at 647 Center street, where Richard Riddle, Sebroun C. Davenport and Phillip Smith were all arrested and lodged in the city jail.

Riddle, whose home is given as the address of the place raided, is charged with being drunk, possession and gambling behind closed doors.

Davenport and Smith are both accused of being drunk and gambling behind locked doors. Davenport and Smith put up bail of \$20 and \$10, respectively, today and were released to appear tomorrow.

### PROBERS HEAR DAVIS

Washington, Sept. 21.—(AP)—The American people were assured today by Acting Secretary of War Davis that there is "no reason to be panicky about conditions of the army air service."

Testifying as the first witness before the president's air board, Mr. Davis broadly outlined the policy of the army air arm and pointed to the successful world flight by army planes as an achievement which has "proved its right to public confidence."

"The amount of equipment is inadequate," he said, "but this is controlled by funds available while its personnel, although somewhat limited, is unexcelled by any air service in the world."

### PROGRAM EXPLAINED

"In peace, the primary mission of the air service, as of all the other services, is to carry out the injunction of first commander in chief, George Washington: 'In time of peace, prepare for war.' This is accomplished by:

- 1.—Developing its personnel and material to the highest efficiency and assisting in the development of the air service branches of the national guard and the organized reserves.
- 2.—Preparing plans of action for the mobilization of personnel and improvement of material in accordance with mobilization and war plans of the war department.
- 3.—The secondary mission in peace is to promote in every possible way the welfare, progress and prosperity of the nation.

### COLLECTOR FOR DOG TAX NAMED

Claude Lewis of Silverton has been named by Sheriff O. D. Bower as special deputy to collect delinquent dog taxes for the present year. Under the law a penalty will attach to every license tax so collected.

A list prepared by County Clerk Boyer for the sheriff based on returns of delinquents made by deputy county assessors contains between 800 and 1000 names of dog owners who have not paid their tax.

### SALEM CARAVAN OF 600 SOUGHT TO HEAR SUNDAY

Reservations for 600 people have been made at the Daily Sandy Tabernacle in Portland for next Friday evening, for the next Friday evening, for the Salem caravan which is to go to Portland at that time, it was announced today by C. A. Kells, secretary of the local Y. M. C. A., who was in Portland Saturday making arrangements for the caravan. "And we can have more space if we need it," he said.

A special train will leave the Oregon Electric depot at 5:10 Friday afternoon. If 200 or more persons go on the train, a special 11:16 round trip rate will be given. In case there are less than 200, the regular fare will be charged.

Special badges are being prepared for all members of the caravan to wear. "It is necessary for everybody who is going to get one of these badges," Mr. Kells said this morning. "The badges will be the only credential he will have which will let him into the reserved section." The badges will be given out through the Y. M. C. A. and through various church committees.

The majority of those who go to the meeting Friday evening are expected to make the trip by automobile. The train will return immediately following the close of the meeting.

### COOPERATIVE STORE AT UNIVERSITY HERE VETOED BY TRUSTEES

Recommendation that the idea of a students' cooperative book store be definitely abandoned, was made by a special committee to the executive committee of the Willamette university board of trustees here this afternoon. The decision of the committee to make its recommendation was considered to have ended all agitation over the project, which was started by the students last spring.

The campus book store will in future handle only books and a few student supplies, such as pencils, writing paper, etc. It was stated by Paul Wallace, chairman of the special committee.

Feeling has been rife both pro and con, over the question through out the summer, the Silver Business Men's league having appointed a committee to confer with members of the board of trustees on the subject. Local business men voiced their objection to the book store on the grounds of unfair competition, declaring that they could not compete with a store which operated on a non-profit basis and did not pay rent or taxes. G. E. McAfee, secretary of the business men's organization and member of the committee which met with the trustees, has declared that there would be no objection raised if students would go off the campus to establish their store, operating it on an even basis with stores down town.

The business men declare, incidentally, that it is partly through their donations to the Willamette

### SEEK ADMISSION TO WOODBURN SCHOOLS

Petitions have been filed with County Superintendent Fulbezon asking the district boundary board to re-arrange things that children of employees at the new state training school for boys near Woodburn may attend the public schools at Woodburn.

The new school site is within the Hubbard school district but the school is so much nearer to Woodburn than Hubbard it is the desire of the employees to have their children in the Woodburn district. The change would not involve a question of taxes as the state lands are free from taxation.

### WALKER BACKED TO DEFEAT SHADE

### BOARD VOTES TO TRIM MINUTES OVER PROTESTS

Portland, Or., Sept. 21.—(A. P.)—Complete minutes taken by the clerk of the July 13 meeting of the game commission at which A. E. Burgdoff and M. L. Ryckman were removed from the positions of state game warden and superintendent of hatcheries, were ruled out in favor of a more concise account of the proceedings presented today by a committee chosen at the previous meeting to make the revision. The minutes accepted are free from the personalities with which the July 13 meeting was full.

Captain Burgdoff lodged a protest at changing the minutes. "This method of handling the minutes is unprecedented," he declared. "Mr. Averbil insisted that the minutes were not legal until accepted by the commission. If that is so his position as state game warden is not legal nor is any action of his since his appointment legal." He announced that he would take all possible action to prevent the change in the minutes.

Commissioner Bauer of Corvallis told the commission that after a recent inspection trip he was convinced that the state had too many hatcheries and not enough good ones.
