## University Women Plan Year

Further support of better drama for Salem, plans for a scholarship loan tea in November, for a concert, and for the next showing of the Yale chronicles, were topics taken up in turn at the first meeting of the new club year of the Salem branch of the American Association of University Women. Covers were laid for forty university women at a luncheon at the Marion hotel on Saturday. Mrs. George H. Alden, president of the Salem organization, presided.

The university women are actively supporting the appearance at the Heilig theater here, on October 7 of the Moroni-Olsen players who will present Bernard Shaw's famous play "Pygmalion." In July this group sponsored the Sheridan play "The Rivals" given by Mrs. Fiske, Chauncey Olcott and other well known actors.

On November 7 the local A. A. U. W. will give a scholarship loan tea at the home of Mrs. Claudine Thayer on north Capitol street. It is planned to make the tea at Mrs. Thayer's home during the Thanksgiving month an annual affair.

Another announcement of interest was that of the concert of Prof. and Mrs. Paul Petri of Corvallis on November 20. Prof. Petri was a prominent Salem musician before going to Corvallis where he is head of the music department. Mrs. Petri is head of the piano department there.

Various committee reports were given by the year's chairmen including Mrs. Roy A. Klein's report of the meeting of the state organization in Corvallis the preceding day. The annual meeting of the state organization will take place sometime during November.

Mrs. L. O. Clement gave an interesting sketch of her recent visit in Vienna and her tour of Holland. Mrs. Clement returned several weeks ago from a three months' visit abroad.

The October meeting of the Salem branch will be a tea meeting.

**Tortured by rash on face**

**Resinol stops itching and makes skin clear and smooth**

Finey Creek, N. C., Jan. 4:—"I had a breaking out on my face that looked like chicken pox. I suffered so from it that at night I would not sleep for hours at a time. I tried various remedies, but nothing did me any good until I tried Resinol Soap and Resinol Ointment. It stopped the itching and burning instantly and after a few applications the skin peeled off and left my face clear and smooth, instead of rough and bumpy. I don't know of anything better than the Resinol products." (Signed) W. R. Mitchell.

Mrs. Walter Hembree, formerly of McMinnville, but more recently of Portland, is the newly elected chairman of the board of trustees of the scholarship loan fund of the Oregon Federation of Women's clubs, and has already assumed her duties and is busily engaged in interviewing the many young women who wish to take advantage of the fund this year.

At a meeting of the board held early this month 30 loans were granted and a large number of additional ones are pending, which will probably make necessary another meeting this month.

You will notice a film on your child's teeth. That's a frequent danger sign—an invitation for tooth and gum troubles. The same stubborn film that you can feel by running your tongue across your own teeth. You must combat it. Ordinary dentifrices don't fight it successfully.

Film is the greatest enemy of tooth health. It clings to teeth, gets into crevices and stays. Germs breed in it and imperil both teeth and gums. The acid that leads to early decay forms. Old type methods failed to combat it. Men of science engaged themselves in discovering an effective combatant.

Now in Pepsodent, two new combatants are embodied—combatants approved by highest dental authority. It curdles the film, gently removes it; then firms the gums. It keeps the teeth whiter, cleaner, more sparkling. It is the modern scientific method for better tooth protection. Insist upon it. Get a tube today. Mail the coupon.
