JUST THINK THIS OVER
THIS HAS BEEN THE BIGGEST automobile year in history. One record after another has been smashed and while automobiles have been improving, prices have been coming down and down. Just compare the machine of 1914 with the machine of today, then compare their prices and you will realize what the industry has done.
And as the prices of new cars drop, the prices of our BETTER USED CARS go right down with them. Actually we can sell you a good automobile for so little money that it is expensive to be without one.
JUST THINK THIS OVER:
1923 Chevrolet touring. New paint, five good tires, bumpers, bar cap motometer, spotlight, license and the motor is right. If in the market for a good light car, be sure and see this car. The price is RIGHT.
