PLAN TO MERGE TWO CHURCHES OF SILVERTON

Silverton, Or., Sept. 24.—(Special.)—Committees of St. John and Trinity churches are busy at work discussing plans to meet the question of language and consolidation of the two congregations. Both congregations belong to the same synod and both conduct services in the English and Norwegian languages. Many of the members think that one church should be converted into all English and the other into all Norwegian, while others believe that the two congregations should join into one and have both languages at different times during Sunday. A third factor believes that it would be better to leave the two congregations separate as they are at present. A consolidation of the two would make a congregation of 1200 members. If the two congregations do consolidate one pastor would be engaged to handle the entire field at Silverton.

The committees at work will announce no definite plans until the quartely meetings of both congregations during the first week of October. A definite action in some direction will be taken at this time. The Rev. George Henriksen has charge of the Trinity congregation while the Rev. S. Lindseth is pastor at St. Johns. Both congregations belong to the Lutheran synod of America.

Girl Gained 7 Pounds Nine Years an Invalid

That's just what McCoy's Cod Liver Oil Compound Tablets did for the Babcock girl—and is doing as much for tens of thousands of thin, underweight, weak and discouraged people all over America.

These sugar coated, pleasant to take tablets should be given to children instead of the vile stomach upsetting oil itself — they surely do help the frail, delicate little ones and 60 tablets cost but 60 cents at J. C. Perry's, Central Pharmacy, D. J. Fry's or any druggist anywhere in America.

Read this letter if you have a child that needs to gain health and strength.

"My little girl was stricken with infantile paralysis when she was 5 months old and was an invalid for 9 years—when I saw an ad in the paper that McCoy's Cod Liver Oil Compound Tablets would build up wasted tissues, I bought a box and she gained very slowly at first and after taking eight boxes, she gained seven pounds. Thanks to McCoy's Cod Liver Oil Compound Tablets, after trying almost everything else on the market. She is on the road to recovery and goes to school every day." Mrs. L. Babcock, Appleton, Wis.

Imitations of McCoy's may be offered but be sure and ask for McCoy's, the original and genuine and if after thirty days treatment you are not delighted with results—get your money back.—Adv.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, billousness, bad breath, gas, sour stomach, or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel —the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.—Adv.
